### Forest Service

#### Klamath Provincial Advisory Committee (PAC)

**AGENCY:** Forest Service, USDA.

**ACTION:** Notice of meeting.

**SUMMARY:** The Klamath Provincial Advisory Committee will meet on October 11, 2000, at the Northern California Service Center, Training Room 1, 6101 Airport Road, Redding, California. The meeting will start at 9 A.M. and adjourn at 5 P.M. Agenda items for the meeting include: (1) Discussion on topics of general interest to the PAC (Implementation Monitoring Field Trips); (2) the President's Fire and Fuels Report; (3) Socio-Economic Issues; and (4) Public Comment Periods. All Provincial Advisory Committee meetings are open to the public. Interested citizens are encouraged to attend.

**FOR FURTHER INFORMATION CONTACT:** Connie Hendryx, USDA, Klamath National Forest, 11263 N. Hwy 3, Fort Jones, California 96032; telephone 530-468-1281 (voice), TDD 530-468-2783.

Dated: September 27, 2000.

**Constance J. Hendryx,**  
PAC Support Staff.

### Rural Utilities Service

#### Oglethorpe Power Corporation; Notice of Intent

**AGENCY:** Rural Utilities Service, USDA.

**ACTION:** Notice of Intent to Hold a Public Meeting and Prepare an Environmental Assessment.

**SUMMARY:** Notice is hereby given that the Rural Utilities Service (RUS), pursuant to the National Environmental Policy Act of 1969 (42 U.S.C. 4321 *et seq.*), the Council on Environmental Quality (CEQ) Regulations for Implementing NEPA (40 CFR Parts 1500-1508), and RUS Environmental Policies and Procedures (7 CFR Part 1794) proposes to prepare an Environmental Assessment related to possible financing assistance to Oglethorpe Power Corporation to construct a 520 megawatt, combined cycle combustion turbine project in Heard County, Georgia.

**DATES:** RUS will conduct a public scoping meeting in an open house format on Thursday, October 19, 2000, from 4:30 p.m. until 7:30 p.m.

**ADDRESSES:** The scoping meeting will be held at the Heard County Parks and Recreation Department, Riverside Park Gymnasium, 101 Glover Road, Franklin, Georgia. All interested parties are invited to attend the meeting.

**FOR FURTHER INFORMATION CONTACT:** Bob Quigel, Engineering and Environmental Staff, Rural Utilities Service, at (202) 720-0468. Bob's E-mail address is bquigel@rus.usda.gov. You can also contact Greg Jones of Oglethorpe Power Corporation at 1-800-241-5374, extension 7890. Greg's email address is greg.jones@opc.com.

**SUPPLEMENTARY INFORMATION:** Oglethorpe Power Corporation proposes to construct the natural gas fired electric generation plant at the Hal B. Wansley Plant site in northeast Heard County approximately six miles southeast of Roopville, Georgia. The existing Wansley Plant is a 1,730 megawatt, coal fired, electric generation facility owned by Oglethorpe Power Corporation, Georgia Power Company, the Municipal Electricity Authority of Georgia, and the City of Dalton. The proposed plant is one of four blocks of additional electric generation facilities planned for construction at the site. Each block of additional generation is proposed to consist of two combustion turbines and one heat recovery steam generator. The total build-out of the four blocks would total approximately 2,280 megawatts. No new electric transmission lines will need to be constructed to connect this plant to the existing electric transmission grid. No new natural gas pipeline will be constructed to exclusively serve this plant. Georgia

Power Company is proposing to construct a natural gas pipeline that is planned to provide an adequate gas supply to the total build-out at the Wansley Plant site.

The proposed project will be composed of two, nominal 167 megawatt Siemens V84.3A2 connected to a heat recovery steam generator which will power a Siemens steam turbine. Which This will increase the total plant output by 187 megawatts for a total of 520 megawatts. It is the goal of Oglethorpe Power Corporation to have the plant in operation by the spring of 2003.

Alternatives considered by RUS and Oglethorpe Power Corporation to constructing the proposed generation facility proposed include: (a) No action, (b) purchased power, (c) load management, (d) renewable energy, (e) hydroelectric generation, (f) pumped storage hydroelectric generation, and (g) distributed generation.

An alternative evaluation and site selection study for the project was prepared by Oglethorpe Power Corporation. The alternative evaluation and site selection study are available for public review at RUS in Room 2242, 1400 Independence Avenue, SW, Washington, DC, and at the headquarters of Oglethorpe Power Corporation located at 2100 East Exchange Place, Tucker, Georgia. This document will also be available at the West Georgia Regional Library at 710 Rome Street, Carrollton, Georgia, phone (770) 836-6711.; the Heard County Public Library at 564 Main Street, Franklin, Georgia, phone (706) 675-6501; and the Newnan-Coweta Public Library at 25 Hospital Road, Newnan, Georgia, phone (770) 253-3625.

Government agencies, private organizations, and the public are invited to participate in the planning and analysis of the proposed project. Representatives of RUS and Oglethorpe Power Corporation will be available at the scoping meeting to discuss RUS' environmental review process, describe the project and alternatives under consideration, discuss the scope of environmental issues to be considered, answer questions, and accept oral and written comments. Written comments will be accepted for at least 30 days after the public scoping meeting.

From information provided in the alternative evaluation and site selection

study, input that may be provided by government agencies, private organizations, and the public, Oglethorpe Power Corporation will prepare an environmental analysis to be submitted to RUS for review. RUS will use the environmental analysis to determine the significance of the impacts of the project and may adopt it as its environmental assessment of the project. RUS' environmental assessment of the project would be available for review and comment for 30 days.

Should RUS determine, based on the environmental assessment of the project, that the impacts of the construction and operation of the plant would not have a significant environmental impact, it will prepare a finding of no significant impact. Public notification of a finding of no significant impact would be published in the **Federal Register** and in newspapers with a circulation in the project area.

Any final action by RUS related to the proposed project will be subject to, and contingent upon, compliance with environmental review requirements as prescribed by CEQ and RUS environmental policies and procedures.

Dated: September 28, 2000.

**Glendon Deal,**

*Acting Director, Engineering and Environmental Staff.*

## DEPARTMENT OF COMMERCE

### International Trade Administration

[A-475-811]

#### Grain-Oriented Electrical Steel From Italy: Notice of Extension of Time Limit for Final Results of Antidumping Administrative Review

**AGENCY:** Import Administration, International Trade Administration, Department of Commerce.

**ACTION:** Notice of extension of time limit for the final results of antidumping duty administrative review.

**SUMMARY:** The Department of Commerce (the Department) is extending the time limit for the final results of the antidumping duty administrative review of grain-oriented electrical steel (GOES) from Italy. The period of review is August 1, 1998 through July 31, 1999.

**EFFECTIVE DATE:** October 4, 2000.

**FOR FURTHER INFORMATION CONTACT:** Maureen McPhillips or Nancy Decker, Office of AD/CVD Enforcement Group III, Import Administration, International Trade Administration, U.S. Department

of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230; telephone (202) 482-0193 or (202) 482-0196, respectively.

#### The Applicable Statute

Unless otherwise indicated, all citations to the Tariff Act of 1930 (the Act), as amended, are references to the provisions effective January 1, 1995, the effective date of the amendments made to the Act by the Uruguay Round Agreements Act. In addition, all citations to the Department's regulations are to the regulations at 19 CFR Part 351 (1999).

#### Background

On August 31, 1999, AST requested that the Department conduct an administrative review of its exports of grain-oriented electrical steel. The Department initiated this administrative review on October 1, 1999 (64 FR 53318). On September 7, 2000, we published the preliminary results of review in the **Federal Register** (65 FR 54215).

#### Extension of Time Limit for Final Results

During this review complex issues have been raised regarding the classification of AST's sales of GOES to the United States. In order to analyze this issue appropriately, the Department sent an additional supplementary questionnaire after the publication of the Preliminary Results. Due to the time constraints placed on the respondent to answer this questionnaire and petitioners to comment on the response, we require an extension. Therefore, because it is not practicable to complete this review within the time limits mandated by section 751(a)(3)(A) of the Act, the Department is extending the time limit for the final results to be 180 days from the date of the publication of the preliminary results. Therefore, our final results are due no later than March 6, 2001. This extension of the time limit is in accordance with section 751(a)(3)(A) of the Act and 19 CFR 351.213(h)(2).

Dated: September 27, 2000.

**Joseph A. Spetrini,**

*Deputy Assistant Secretary, AD/CVD Enforcement Group III.*

#### Stainless Steel Bar From India: Preliminary Results of New Shipper Antidumping Duty Administrative Review

**AGENCY:** Import Administration, International Trade Administration, Department of Commerce.

**ACTION:** Notice of preliminary results of new shipper antidumping duty administrative review: stainless steel bar from India.

**SUMMARY:** In response to requests from Atlas Stainless Corporation, the Department of Commerce is conducting a new shipper administrative review of the antidumping duty order on stainless steel bar from India. This review covers sales of the subject merchandise to the United States during the period February 1, 1999 through January 31, 2000.

We have preliminarily determined that Atlas Stainless Corporation, has not made sales of subject merchandise below normal value. If these preliminary results are adopted in our final results, we will instruct the Customs Service not to assess antidumping duties.

Interested parties are invited to comment on these preliminary results.

**EFFECTIVE DATE:** October 4, 2000.

**FOR FURTHER INFORMATION CONTACT:** Blanche Ziv or Ryan Langan, Office 1, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington DC 20230; telephone (202) 482-4207 or (202) 482-1279, respectively.

#### Applicable Statute

Unless otherwise indicated, all citations to the Tariff Act of 1930, as amended ("the Act"), are references to the provisions effective January 1, 1995, the effective date of the amendments made to the Act by the Uruguay Round Agreements Act. In addition, all references to the Department of Commerce's ("the Department's") regulations are to 19 CFR Part 351 (April 1999).

#### Background

On February 26, 2000, the Department received a request from Atlas Stainless Corporation ("Atlas") to conduct a new shipper administrative review of the antidumping duty order on stainless steel bar from India. The Department published in the **Federal Register**, on
