AGENCY: Substance Abuse and Mental Health Services Administration, HHS.

ACTION: Notice.

SUMMARY: The Department of Health and Human Services notifies Federal agencies of the laboratories currently certified to meet standards of Subpart C of Mandatory Guidelines for Federal Workplace Drug Testing Programs (59 FR 29916, 29925). A similar notice listing all currently certified laboratories will be published during the first week of each month, and updated to include laboratories which subsequently apply for and complete the certification process. If any listed laboratory's certification is totally suspended or revoked, the laboratory will be omitted from updated lists until such time as it is restored to full certification under the Guidelines.

If any laboratory has withdrawn from the National Laboratory Certification Program during the past month, it will be listed at the end, and will be omitted from the monthly listing thereafter.

SUPPLEMENTARY INFORMATION:

Mandatory Guidelines for Federal Workplace Drug Testing were developed in accordance with Executive Order 12564 and section 503 of Public Law 100-71. Subpart C of the Guidelines, "Certification of Laboratories Engaged in Urine Drug Testing for Federal Agencies," sets strict standards which laboratories must meet in order to conduct urine drug testing for Federal agencies. To become certified an applicant laboratory must undergo three rounds of performance testing plus an on-site inspection. To maintain that

certification a laboratory must participate in a quarterly performance testing program plus periodic, on-site inspections.

Laboratories which claim to be in the applicant stage of certification are not to be considered as meeting the minimum requirements expressed in the HHS Guidelines. A laboratory must have its letter of certification from SAMHSA, HHS (formerly: HHS/NIDA) which attests that it has met minimum standards.

In accordance with Subpart C of the Guidelines, the following laboratories meet the minimum standards set forth in the Guidelines:

* The Standards Council of Canada (SCC) voted to end its Laboratory Accreditation Program for Substance Abuse (LAPSA) effective May 12, 1998. Laboratories certified through that program were accredited to conduct forensic urine drug testing as required by U.S. Department of Transportation (DOT) regulations. As of that date, the certification of those accredited Canadian laboratories will continue under DOT authority. The responsibility for conducting quarterly performance testing plus periodic on-site inspections of those LAPSA-accredited laboratories was transferred to the U.S. DHHS, with the DHHS' National Laboratory Certification Program (NLCP) contractor continuing to have an active role in the performance testing and laboratory inspection processes. Other Canadian laboratories wishing to be considered for the NLCP may apply directly to the NLCP contractor just as U.S. laboratories do. Upon finding a Canadian laboratory to be qualified, the DHHS will recommend that DOT certify the laboratory (**FEDERAL REGISTER**, 16 July 1996) as meeting the minimum standards of the "Mandatory Guidelines for Workplace Drug Testing" (59 **FEDERAL REGISTER**, 9 June 1994, Pages 29908-29931). After receiving the DOT certification, the laboratory will be included in the monthly list of DHHS certified laboratories and participate in the NLCP certification maintenance program.

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of Intent (Revised) to prepare a Comprehensive Conservation Plan (CCP) for Crab Orchard National Wildlife Refuge.

SUMMARY: This revised notice advises the public that the U.S. Fish and Wildlife Service (Service) intends to gather information necessary to prepare a comprehensive conservation plan and an associated environmental document for Crab Orchard National Wildlife Refuge in Williamson, Jackson and Union Counties, Illinois. The Service is furnishing this notice in compliance with Service comprehensive conservation plan policy and the National Environmental Policy Act and implementing regulations to achieve the following:

- (1) Advise other agencies and the public of our intentions, and
- (2) Obtain suggestions and information on the scope of issues, opportunities, and concerns for inclusion in the environmental assessment.

DATES: The Service will solicit information from the public via open houses, workshops, focus groups, and written comments. Special mailings, newspapers articles and radio announcements will inform people of the time and place of open houses. The date, time and place of open houses will also be posed on the Crab Orchard National Wildlife Refuge planning web site: <http://www.fws.gov/r3pao/planning/cotop.htm>

Public Involvement: Public scoping will begin with three open houses in October. The first meeting is scheduled Thursday, October 19, from 4 p.m. to 8 p.m. at Southwestern Illinois College in Red Bud, Illinois. The College is located at 500 West South Fourth Street. The meeting will be in the Dining Room of the New Classroom Building. A second meeting is scheduled Friday, October 20, from 2 p.m. to 8 p.m. at the Marion Hotel and Conference Center in Marion, Illinois. The hotel is located at 2600 West DeYoung Street near the intersection of Interstate 57 (Exit 54B) and Illinois New Route 13. A third open house is scheduled from 8 a.m. to 12 p.m. at Crab Orchard National Wildlife

Refuge Visitor Center. The Visitor Center is located on the east side of Route 148 about 1³/₄ miles south of the intersection of Route 148 and New Route 13.

ADDRESSES: Address comments and requests from more information to: Refuge Manager, Crab Orchard National Wildlife Refuge, 8588 Route 148, Marion, IL 62959; or E-mail: conwr-ccp@fws.gov

Snelling, MN 55111, telephone 612-713-5476.

SUPPLEMENTARY INFORMATION: It is Service policy to have all lands within the National Wildlife Refuge System managed in accordance with an approved comprehensive conservation plan. The plan guides management decisions and identifies Refuge goals, objectives, and strategies for achieving Refuge purposes. Public input into this planning process is encouraged. The plan will provide other agencies and the public with a clear understanding of the desired future conditions of the Refuge and how the Service will implement management strategies. Some of the issues to be addressed in the plan include the following:

- (a) Habitat management;
 - (b) Public use management;
 - (c) Wildlife population management;
 - (d) Wilderness management;
 - (e) Industrial facilities management;
- and
- (f) Cultural resource identification and protection.

After the public scoping of issues, a decision will be made whether to prepare an environmental assessment or an environmental impact statement. If we decide to prepare an environmental impact statement, another notice of intent will be published announcing that decision. The environmental assessment or environmental impact statement will include several alternatives that address the issues and management strategies associated with these topics.

Crab Orchard National Wildlife Refuge was established on August 5, 1947, by Public law 80-361. This Act of Congress transferred certain Federal lands acquired in connection with the Crab Orchard Creek project and the Illinois Ordnance Plant to the Secretary of the Interior. This legislation
