Circular Welded Non-Alloy Steel Pipe From the Republic of Korea: Notice of Extension of Time Limit for Preliminary Results of Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of extension of time limit for preliminary results of antidumping duty administrative review.

EFFECTIVE DATE: October 6, 2000.

FOR FURTHER INFORMATION CONTACT:

Jarrod Goldfeder or Greg Campbell at (202) 482-0189 and (202) 482-2239, respectively, Office of AD/CVD Enforcement I, Group I, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Ave, NW, Washington, DC 20230.

Time Limits

Statutory Time Limits

Section 751(a)(3)(A) of the Tariff Act of 1930, as amended (the Act), requires the Department to make a preliminary determination within 245 days after the last day of the anniversary month of an order/finding for which a review is requested and a final determination within 120 days after the date on which the preliminary determination is published. However, if it is not practicable to complete the review within the time period, section 751(a)(3)(A) of the Act allows the Department to extend these deadlines to a maximum of 365 days and 180 days, respectively.

Background

On December 28, 1999, the Department published a notice of initiation of administrative review of the antidumping duty order on circular welded non-alloy steel pipe from the Republic of Korea, covering the period November 1, 1998, through October 31, 1999 (64 FR 72644). On July 18, 2000, the Department extended the time limit for completion of the preliminary results by 66 days, or until no later than October 6, 2000. *See Circular Welded Non-Alloy Steel Pipe From the Republic of Korea; Notice of Extension of Time Limit for Preliminary Results and Partial Rescission of Antidumping Administrative Review*, (65 FR 44521).

Extension of Preliminary Results of Review

We determine that due to limited administrative resources and complex issues present in this review (e.g., date of sale, level of trade, and CEP offset), it is not practicable to complete the preliminary results of this review within the previously extended time limit. Therefore, the Department is further extending the time limits for completion of the preliminary results by an additional 28 days, or until no later than November 3, 2000.

This extension is in accordance with section 751(a)(3)(A) of the Act.

Dated: October 2, 2000.

Richard W. Moreland,

Deputy Assistant Secretary, Import Administration, Group I.

Heavy Forged Hand Tools From the People's Republic of China: Initiation of New Shipper Antidumping Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of initiation of New Shipper Antidumping Administrative Review.

SUMMARY: The Department of Commerce ("the Department") has received a request from Shandong Jinma Industrial Group Co., Ltd. ("Jinma") to conduct a new shipper administrative review of the antidumping duty order on hammers/sledges, one of the four classes or kinds of subject merchandise covered by the antidumping duty orders on heavy forged hand tools ("HFHTs") from the People's Republic of China ("PRC"). In accordance with 19 CFR 351.214(d) of the Department's regulations, we are initiating this administrative review.

EFFECTIVE DATE: October 6, 2000.

FOR FURTHER INFORMATION CONTACT:

Frank Thomson or Howard Smith, AD/CVD Enforcement, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; telephone: (202) 482-4793 or (202) 482-5193 respectively.

The Applicable Statute and Regulations

Unless otherwise indicated, all citations to the statute are references to the provisions effective January 1, 1995, the effective date of the amendments made to the Tariff Act of 1930 ("the Act") by the Uruguay Round Agreements Act. In addition, unless otherwise indicated, all citations to the Department's regulations are to the current regulations, codified at 19 CFR Part 351 (1999).

Background

On July 20, 2000, the Department received a timely request, in accordance

with section 751(a)(2)(B) of the Act and 19 CFR 351.214(c), for a new shipper review of the antidumping duty order on hammers/sledges. The antidumping duty orders on HFHTs from the PRC have a February anniversary month and an August semiannual anniversary month. *See Antidumping Duty Orders: Heavy Forged Hand Tools, Finished or Unfinished, With or Without Handles From the People's Republic of China*, 56 FR 6622 (February 19, 1991).

Pursuant to 19 CFR 351.214(b)(2)(i) and 19 CFR 351.214(b)(2)(iii)(A), Jinma's July 20, 2000 request for review certified that it did not export the subject merchandise to the United States during the period of investigation ("POI") and that it is not affiliated with any company which exported subject merchandise to the United States during the POI. Pursuant to 19 CFR 351.214(b)(2)(iii)(B), Jinma's request certified that its export activities are not controlled by the central government of the PRC.

In addition, pursuant to 19 CFR 351.214(b)(2)(iv), Jinma's request contained documentation establishing: the date after the POI on which Jinma first shipped the subject merchandise for export to the United States, the volume of that shipment, and the date of the first sale to an unaffiliated customer in the United States.

It is the Department's usual practice in cases involving non-market economies to require that a company seeking to establish eligibility for an antidumping duty rate separate from the country-wide rate provide *de jure* and *de facto* evidence of an absence of government control over the company's export activities. *See Certain Preserved Mushrooms from the People's Republic of China: Initiation of New Shipper Antidumping Duty Review*, 65 FR 17257 (March 31, 2000). Accordingly, we will issue a separate rates questionnaire to the above-named respondent. If respondent Jinma provides sufficient evidence that it is not subject to either *de jure* or *de facto* government control with respect to its exports of HFHTs, this review will proceed. If, on the other hand, Jinma does not meet its burden to demonstrate its eligibility for a separate rate, then Jinma will be deemed to be affiliated with other companies that exported during the POI and that did not establish entitlement to a separate rate. This review will then be terminated due to failure of the exporter or producer to meet the requirements of section 751(a)(2)(B)(i)(II) of the Act and 19 CFR 351.214(iii)(B).
