ABSTRACT: Public Law 105-203 authorizes the National Underground Railroad Network to Freedom Program (NURNFP) to develop and administer the Network to Freedom, a nationwide collection of governmental and nongovernmental properties facilities, and programs associated with the historic Underground Railroad movement. The NURNFP is developing an application process through which associated elements can be included in the Network to Freedom. The information collection will (a) verify associations to the Underground Railroad, (b) measure minimum levels of standards for inclusion in the Network, and (c) identify general element activities.

SUMMARY: Under the provisions of the Paperwork Reduction Act of 1995 and 5 CFR parts 1320, Reporting and Record Keeping Requirements, the NPS invites public comment on the proposed information collection request (ICR). Comments are invited on: (1) The need

for the information including whether the information has practical utility, (2) the accuracy of the reporting burden estimate; (3) ways to enhance the quality, utility, and clarity of the information to be collected, and (4) ways to minimize the burden of the information collection on respondents, including the use of automated collection techniques or other forms of information technology. The purpose of the proposed ICR is to evaluate sites, facilities, and programs that are applying for inclusion in the Underground Railroad Network to Freedom. The information will be used by the National Park Service to determine if sites, facilities, and programs seeking inclusion in the Network to Freedom meet the minimum elements criteria.

There were no public comments received as a result of publishing in the **Federal Register** a 60 day notice of intention to request clearance of information collection for this survey.

Public comments, including names and addresses of respondents, may be made available for public review. Individual respondents may request that their address be withheld from the public comment record. This will be honored to the extent allowable by law. There also may be circumstances in which a respondent's identity would be withheld from the public comment record, as allowable by law. If you wish to withhold your name and/or address, you must stat this prominently at the beginning of your comment. Anonymous comments will not be considered. Comments from organizations or businesses, and from individuals or businesses may be made available for public inspection in their entirety.

Copies of the proposed ICR requirements can be obtained from Diane Miller, National Coordinator, Underground Railroad Network to Freedom Program, National Park Service, Midwest Regional Office, 1709 Jackson St., Omaha, Nebraska 68102.

The OMB has up to 60 days to approve or disapprove the information collection but may respond after 30 days. Therefore, to ensure maximum consideration, OMB should receive comments 30 days from the date of publication in the **Federal Register**.
