BILLING CODE 3510-22-S

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

National Estuarine Research Reserve System

AGENCY: Estuarine Reserves Division, Office of Ocean and Coastal Resource Management, National Ocean Service, National Oceanic and Atmospheric Administration, U.S. Department of Commerce.

ACTION: Notice of approval and availability of revision to the Final Revised Management Plan for the Old Woman Creek National Estuarine Research Reserve, 2000-2005.

SUMMARY: Notice is hereby given that the Estuarine Reserves Division, Office of Ocean and Coastal Resource Management, has approved the revised Management Plan for the Old Woman Creek National Estuarine Research Reserve (OWCNERR). The OWCNERR was designated in 1980 and has been operating under a Management Plan approved in 1983. Pursuant to section 315 of the Coastal Zone Management Act, 16 U.S.C. 1461, and section 921.33(c) of the implementing regulations, a state must revise its management plan at least every five years, or more often if necessary. This revision is Ohio's effort to comply with this requirement.

FOR FURTHER INFORMATION CONTACT: Nathalie Peter, OCRM, Estuarine Reserves Division, 1305 East-West Highway, 11th Floor (N/ORM5), Silver Spring, Maryland 20910. (301) 713-3155, Extension 119.

SUPPLEMENTARY INFORMATION: The Management Plan contains the program mission, goals and objectives of the OWCNERR and State Natural Preserve, and establishes policies that will protect the natural resources and ecological integrity of the reserve. It provides guidance for administration of the reserve's operation, management, research, education and public outreach for the next five years.

The Management Plan also describes the necessary elements of site ecological

management: (1) To identify key natural resources; (2) to determine the appropriate level of human use for the sites and these resources; and (3) to foster their long-term protection.

The chief areas of concentration for the OWCNERR in the next five years are as follows:

1. Refining the OWCNERR Program, particularly in the areas of research and monitoring.
2. Encouraging community stewardship of the estuary, watershed and near-shore Lake Erie coast through an expanded outreach program.
3. Protecting the core estuaries area, through buffer land acquisition, conservation easements or cooperative agreements.
4. Improving the transfer of estuarine information between reserve programs (*i.e.* research, monitoring, education, and resource management) and external groups (*e.g.* local neighbors, regional decision-makers in the scientific, governmental and educational communities).

Copies of the document can be obtained from the Old Woman Creek National Estuarine Research Reserve, Department of Natural Resources, 2514 Cleveland Road, Huron, Ohio 44839. (419) 433-4601.

Dated: October 4, 2000.

Captain Ted Lillestolen,

Deputy Assistant Administrator for Ocean Services and Coastal Zone Management.

RIN 0648

NOAA Climate and Global Change Program, Program Announcement

AGENCY: Office of Global Programs (OGP), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Revisions to the Notice from NOAA Climate and Global Change Program, CLIVAR Element, FOR FY 2001; invitation to submit proposals.

SUMMARY: NOAA amends the notice published in the **Federal Register** on August 25, 2000, regarding the NOAA Climate and Global Change Program to change the dates for receipt of Letters of Intent and Full Proposals (see **DATES**). NOAA also invites the submission of proposals.

DATES: Letters of Intent must be received no later than November 13, 2000, with full proposals postmarked on or before January 26, 2001.

ADDRESSES: Proposals should be sent to Office of Global Programs, National Oceanic and Atmospheric Administration, 1100 Wayne Avenue, Suite 1201, Silver Spring, MD 20910-5603.

FOR FURTHER INFORMATION CONTACT: Irma duPree at the above address or at phone: (301) 427-2089 ext 107, Internet: irma.dupree@noaa.gov.

SUPPLEMENTARY INFORMATION: The NOAA Office of Global Programs published a notice describing the Climate and Global Change Program, and funding area descriptions on August 25, 2000. (65 FR 51799.) The program description, evaluation criteria, selection process, background and requirements, as well as guidelines for applications are in that notice and are not repeated here. The Office hereby revises the dates for the submission of the LOI and full proposals (See **DATES**). The office invites the submission of proposals for CLIVAR.

Program authority: 49 U.S.C. 44720 (b); 33 U.S.C. 883D; 15 U.S.C. 2904; 15 U.S.C. 2931 *et seq.*; (CFDA No. 11.431)—Climate and Atmospheric Research.

Dated: October 10, 2000.

David L. Evans,

Assistant Administrator, OAR.

Taking and Importing of Marine Mammals

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of embargo for Spain.

SUMMARY: The Assistant Administrator for Fisheries, NMFS, (Assistant Administrator) issued an embargo for the Government of Spain under the Marine Mammal Protection Act (MMPA) on October 6, 2000. This embargoes the importation into the United States of yellowfin tuna and yellowfin tuna products harvested in the eastern tropical Pacific Ocean (ETP) after March 3, 1999, by Spanish-flag purse seine vessels or vessels operating
