SUPPLEMENTARY INFORMATION: The San Francisco Bay/Sacramento-San Joaquin Delta Estuary (Bay-Delta system) is a critically important part of California's natural environment and economy. In recognition of the serious problems facing the region and the complex resource management decisions that must be made, the state of California and the Federal government are working together to stabilize, protect, restore, and enhance the Bay-Delta system. The State and Federal agencies with management and regulatory responsibilities in the Bay-Delta system are working together as CALFED to provide policy direction and oversight for the process.

One area of Bay-Delta management includes the establishment of a joint State-Federal process to develop long-term solutions to problems in the Bay-Delta system related to fish and wildlife, water supply reliability, natural disasters, and water quality. The intent is to develop a comprehensive and balanced plan that addresses all of the resource problems. This effort, the CALFED Bay-Delta Program (Program), is being carried out under the policy direction of CALFED. The Program is exploring and developing a long-term solution for a cooperative planning process that will determine the most appropriate strategy and actions necessary to improve water quality, restore health to the Bay-Delta ecosystem, provide for a variety of beneficial uses, and minimize Bay-Delta system vulnerability. A group of citizen advisors representing California's agricultural, environmental, urban, business, fishing, and other interests who have a stake in finding long-term solutions for the problems affecting the Bay-Delta system has been chartered under the Federal Advisory Committee Act (FACA). The BDAC provides advice to CALFED on the program mission, problems to be addressed, and objectives for the Program. BDAC provides a forum to help ensure public participation, and will review reports and other materials prepared by

CALFED staff. BDAC has established a subcommittee called the Ecosystem Roundtable to provide input on annual workplans to implement ecosystem restoration projects and programs.

Minutes of the meeting will be maintained by the Program, Suite 1155, 1416 Ninth Street, Sacramento, CA 95814, and will be available for public inspection during regular business hours, Monday through Friday within 30 days following the meeting.

INTERNATIONAL TRADE COMMISSION

[Investigation No. 337-TA-334]

Certain Condensers, Parts Thereof and Products Containing Same, Including Air Conditioners for Automobiles; Notice of Rescission of Limited Exclusion Order

AGENCY: U.S. International Trade Commission.

ACTION: Notice.

SUMMARY: Notice is hereby given that the U.S. International Trade Commission has rescinded the limited exclusion order previously issued in the above-captioned investigation.

FOR FURTHER INFORMATION CONTACT: Donnette Rimmer, Office of the General Counsel, U.S. International Trade Commission, 500 E Street, SW., Washington, DC 20436, telephone (202) 205-0663.

SUPPLEMENTAL INFORMATION: The authority for the Commission's action is contained in section 337 of the Tariff Act of 1930, as amended (19 U.S.C. 1337), and in section 210.76 of the Commission's rules of Practice and Procedure (19 CFR 210.76).

On August 20, 1997, the Commission issued a limited exclusion order in the investigation based upon a finding that respondents Showa Aluminum Corporation and Showa Aluminum Corporation of America (collectively "Showa") had violated section 337 of the Tariff Act of 1930, as amended (19 U.S.C. 1337), by importing certain condensers that infringed claims 9 and 10 of U.S. Letters Patent assigned to Modine.

On September 7, 2000, Showa and complainant Modine Manufacturing Company ("Modine") filed a joint petition to rescind the remedial order

under Commission rule 210.76 on the basis of a settlement agreement they had reached. Showa and Modine asserted that their settlement agreement constituted "changed conditions of fact or law" sufficient to justify rescission of the order under Commission rule 210.76(a), 19 CFR 210.76(a).

Having reviewed the parties' submissions, the Commission determined that the petition and settlement agreement satisfy the requirements of rule 210.76(a). The Commission therefore issued an order rescinding the limited exclusion order previously issued in the investigation.

Copies of the Commission's order and all other nonconfidential documents filed in connection with this investigation are or will be available for inspection during official business hours (8:45 a.m. to 5:15 p.m.) in the Office of the Secretary, U.S. International Trade Commission, 500 E Street, SW., DC 20436, telephone (202) 205-2000. Public documents are available for downloading from the Commission's internet server (<http://www.usitc.gov>). Hearing impaired persons are advised that information on this matter can be obtained by contacting the Commission's TDD terminal at (202) 205-1810.

Issued: October 10, 2000.

By Order of the Commission.

Donna R. Koehnke,

Secretary.
