

## 2. Annual Earning Test—Direct Mail Follow-Up Program Notices—0960-0369

In 1997, as part of the initiative to reinvent government, SSA began to use the information reported on W-2's and self-employment tax returns to adjust benefits under the earnings test rather than have beneficiaries make a separate report, which often showed the same information. As a result, Beneficiaries under full retirement age (FRA) complete forms SSA-L9778-SM-SUP, SSA-L9779-SM-SUP and SSA-L9781-SM under this information collection.

With the passage of the "Senior Citizen Freedom to Work Act of 2000," the annual earnings test (AET) at FRA was eliminated. As a result SSA designed 2 new Midyear Mailer Forms, SSA-L9784-SM and SSA-L9785-SM, to request an earnings estimate (in the year of FRA) for the period prior to the month of FRA. Social Security benefits may be adjusted based on the information provided and this information is needed to comply with the law. Consequently, the Midyear Mailer program has become an even more important tool in helping SSA to ensure that Social Security payments are correct. Respondents are beneficiaries who must update their current year estimate of earnings, give SSA an estimate of earnings for the following year and an earnings estimate (in the year of FRA) for the period prior to the month of FRA.

## 3. Student Statement Regarding School Attendance—0960-0105
