

In addition, the Board's meeting was widely publicized throughout the walnut industry and all interested persons were invited to attend and participate in Board deliberations on all issues. Like all Board meetings, the September 8, 2000, meeting was a public meeting and all entities, both large and small, were able to express views on this issue. Finally, all interested persons are invited to submit information on the regulatory and information impact of this action on small businesses.

This rule would impose no additional reporting or recordkeeping requirements on either small or large California walnut handlers. As with all Federal marketing order programs, reports and forms are periodically reviewed to reduce information requirements and duplication by industry and public sectors agencies. Finally, the Department has not identified any relevant Federal rules that duplicate, overlap, or conflict with this rule.

A small business guide on complying with fruit, vegetable, and specialty crop marketing agreements and orders may be viewed at: <http://www.ams.usda.gov/fv/foab.html>. Any questions about the compliance guide should be sent to Jay Guerber at the previously mentioned address in the **FOR FURTHER INFORMATION CONTACT** section.

A 30-day comment period is provided to allow interested persons to respond to this proposed rule. Thirty days is deemed appropriate because: (1) The 2000-01 marketing year began on August 1, 2000, and the order requires that the rate of assessment for each marketing year apply to all merchantable walnuts handled during the year; (2) the Board needs to have sufficient funds to pay its expenses which are incurred on a continuous basis; and (3) handlers are aware of this action which was unanimously recommended at a public meeting and is similar to other assessment rate actions issued in past years.

#### **Supplemental Security Income; Disclosure of Information to Consumer Reporting Agencies and Overpayment Recovery Through Administrative Offset Against Federal Payments**

**AGENCY:** Social Security Administration.

**ACTION:** Proposed rules.

**SUMMARY:** We propose to modify the regulations dealing with the recovery of supplemental security income (SSI) overpayments made under title XVI of the Social Security Act (the Act). The modifications reflect statutory authority for the Social Security Administration (SSA) to selectively refer information about SSI overpayments to consumer reporting agencies and to recover SSI overpayments through administrative offset by the Department of the Treasury against other Federal payments to which the overpaid individual may be entitled. These collection practices would be limited to overpayments made to a person after he or she attained age 18 that are determined to be otherwise unrecoverable under section 1631(b) of the Act after the individual ceases to be a beneficiary under title XVI of the Act.

**DATES:** To be sure your comments are considered, we must receive them no later than December 22, 2000.
