[Docket No. RP01-49-000]

Algonquin LNG, Inc., Notice of Request for Exemption

October 18, 2000.

Take notice that on October 13, 2000, Algonquin LNG, Inc. (ALNG) submitted its filing in compliance with Order No. 587-L, Final Rule, issued on June 30, 2000, in Docket No. RM96-1-014, and the Commission's subsequent order granting clarification issued on September 28, 2000 in Docket No. RM96-1-016. The order granting clarification stated that "pipelines seeking an exemption from the imbalance trading requirement are required to file within 15 days of the order to show why they should not be required to implement imbalance trading."

ALNG states that copies of the filing were mailed to all affected customers of ALNG and interested state commissions.

Any person desiring to be heard or to protest said filing should file a motion to intervene or a protest with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, in accordance with Sections 385.214 or 385.211 of the Commission's Rules and Regulations. All such motions or protests must be filed on or before October 25, 2000. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference Room. [Docket No. CP01-11-000]

Columbia Gas Transmission Corporation; Notice of Application

October 18, 2000.

Take notice that on October 13, 2000, Columbia Gas Transmission Corporation (Columbia), P.O. Box 1273, Charleston, West Virginia, filed an application in Docket No. CP01-11-000, pursuant to Section 7(b) of the Natural Gas Act (NGA) for permission and approval to abandon a storage injection/withdrawal well and an associated well line located in the Benton Storage Field, Vinton County, Ohio, all as more fully set forth in the application which is on file with the Commission and open to public inspection. This filing may be viewed on the web at <http://www.ferc.us/online/rims.htm> (call 202-208-2222).

Columbia proposes to abandon its storage injection/withdrawal Well No. 10238 and its associated Well Line No. SR-W10238, consisting of 0.27 mile of 2-inch pipeline. Columbia states that the physical condition of the storage well has deteriorated to the extent that an expensive repair or abandonment is required. Columbia also submits that the repairs would be uneconomic due to the poor performance of the well. Columbia also states that recent evidence of leakage from the well supports proposal for immediate abandonment.

Columbia indicates that the well line will no longer be needed after the well is abandoned. Columbia also states that no customers will be impacted by the proposed abandonment.

Any questions concerning this application may be directed to Fredric J. George at (304) 357-2359.

Any person desiring to be heard or to make protest with reference to said application should on or before October 30, 2000, file with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, a motion to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.211 or 385.214) and the regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. The Commission's rules require that protestors provide copies of their protests to the party or parties directly involved. Any person wishing to become a party to a
