

Apply for NAFTA-Transitional Adjustment Assistance applicable to workers of the subject firm. The denial notice was signed on August 15, 2000, and published in the **Federal Register** on September 12, 2000 (65 FR 55050).

The petitioner presents evidence that the Department's survey of the company's customers was incomplete.

### Conclusion

After careful review of the application, I conclude that the claim is of sufficient weight to justify reconsideration of the Department of Labor's prior decision. The application is, therefore, granted.

Signed at Washington, D.C. this 17th day of October 2000.

#### SUPPLEMENTARY INFORMATION:

##### I. Background

Section 423 of the Black Lung Benefits Act, as amended, specifies that a responsible coal mine operator must be insured for payment of black lung benefits and outlines the items each contract of insurance must contain. It enumerates the civil penalties to which a responsible coal mine operator is subject, should these procedures not be followed. Further, 20 CFR Ch. VI subpart C, 726.208-213 requires that each insurance carrier report to the Division of Coal Mine Workers' Compensation (DCMWC) each policy and endorsement issued, cancelled, or reviewed with respect to responsible operators, on such a form as DCMWC may require. The CM-921 is the form

completed by the insurance carrier and forwarded to DCMWC for review.

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
