

SSA on questionable QCs information. The Personal Responsibility and Work Opportunity Reconciliation Act states that aliens admitted for lawful residence who have worked and earned 40 qualifying QCs for Social Security purposes can generally receive State benefits. Form SSA-513 is used by States to request QC information for an alien's spouse or child in cases where the alien does not sign a consent form giving permission to access his/her Social Security records. QCs can also be allocated to a spouse and/or to a child under age 18, if needed, to obtain 40 qualifying QCs for the alien. The respondents are State agencies, which require QC information in order to determine eligibility for benefits.

2. On May 31, 2000, SSA announced its intention to competitively award cooperative agreements to establish community-based benefits planning, assistance and outreach (BPAO) projects. The overall goal of the projects is to disseminate accurate information to beneficiaries with disabilities (including transition-to-work aged youth) about work incentives programs and issues related to such programs, to

enable them to make informed choices about work.

The BPAO project managers will collect data from Social Security Disability Insurance (SSDI) and Supplemental Security Income (SSI) beneficiaries who request BPAO services. The BPAO project managers and SSA will use the data to manage the projects and to determine what additional resources or other approaches may be needed to improve the process. The data is needed to determine the efficacy of the program and to ensure that those dollars appropriated for BPAO services are actually being used for SSA beneficiaries. The data will also be valuable to SSA in its analysis of and future planning for the SSDI and SSI programs.

BPAO projects will collect data on:

- Beneficiary background information;
- Beneficiary employment information;
- Beneficiary training information;
- Beneficiary benefits information;
- Beneficiary work incentives information;
- Services to which BPAO projects refer beneficiaries; and
