SUPPLEMENTARY INFORMATION: Title V of Public Law 105-383 provides authority to the Secretary of Transportation to administratively waive the U.S.-build requirements of the Jones Act, and other statutes, for small commercial passenger vessels (no more than 12 passengers). This authority has been delegated to the Maritime Administration per 49 CFR § 1.66, Delegations to the Maritime Administrator, as amended. By this notice, MARAD is publishing information on a vessel for which a request for a U.S.-build waiver has been received, and for which MARAD requests comments from interested parties. Comments should refer to the docket number of this notice and the vessel name in order for MARAD to properly consider the comments. Comments should also state the commenter's interest in the waiver application, and address the waiver criteria given in § 388.4 of MARAD'S regulations at 46 CFR Part 388.

Vessel Proposed for Waiver of the U.S.-Build Requirement

- (1) Name of vessel and owner for which waiver is requested. Name of vessel: Maccoboy III. Owner: Don A. Slater.
- (2) Size, capacity and tonnage of vessel. According to the applicant: "gross tonnage = 51, net tonnage = 41,

registered length = 51.2ft, registered beam = 16.1ft, and registered depth = 7.6ft."

(3) Intended use for vessel, including geographic region of intended operation and trade. According to the applicant: "I would like to be able to charter the vessel to carry six passengers and a captain for coastwise cruises, also bare boat charters if charterers are qualified." "I would like the ability to cruise from California, Oregon to Alaska. Via Canada."

(4) Date and Place of construction and (if applicable) rebuilding. Date of construction: 1967. Place of construction: Ditzum, Germany.

(5) A statement on the impact this waiver will have on other commercial passenger vessel operators. According to the applicant: "The fact that the Maccoboy III is a old, slow, wooden boat with an abundance of character and sea keeping ability of north sea heritage is very unique. In studying the applicable charter listings I don't find any true comparable. Therefore I don't believe that the "Maccoboy III" will have more than a negligible affect on the present market, but might in fact establish a new market for this type vessel."

(6) A statement on the impact this waiver will have on U.S. shipyards. According to the applicant: "The vessel will continue to be maintained in U.S. Shipyards."

Dated: October 26, 2000.
