

be at least as favorable to the Plan as those obtainable in an arm's length transaction with an unrelated third party; (b) the Sale would be a one-time cash transaction allowing the Plan to divest itself of the Property and reinvest the proceeds of the Sale in assets that will yield a higher rate of return; (c) the Plan would receive an amount equal to the greater of \$450,000, which represents the appraised fair market value of the Property, as appraised by Mr. Leach in September 2000, or the fair market value of the Property at the time of the Sale, based on an updated appraisal of the Property by Mr. Leach or another independent, qualified appraisal; and (d) the Plan would not be required to pay any commissions, costs or other expenses in connection with the Plan.

Notice to Interested Parties: Because Mr. Gillespie is the sole shareholder of the Employer and he and his wife, Ann Gillespie, are the only participants in the Plan, it has been determined that there is no need to distribute the notice of proposed exemption (the Notice) to interested persons. Comments and requests for a hearing are due thirty (30) days after publication of the Notice in the **Federal Register**.

FOR FURTHER INFORMATION CONTACT: Khalif Ford of the Department, telephone (202) 219-8883 (this is not a toll-free number).

General Information

The attention of interested persons is directed to the following:

(1) The fact that a transaction is the subject of an exemption under section 408(a) of the Act and/or section 4975(c)(2) of the Code does not relieve a fiduciary or other party in interest or disqualified person from certain other provisions of the Act and/or the Code, including any prohibited transaction provisions to which the exemption does not apply and the general fiduciary responsibility provisions of section 404 of the Act, which, among other things, require a fiduciary to discharge his duties respecting the plan solely in the interest of the participants and beneficiaries of the plan and in a prudent fashion in accordance with section 404(a)(1)(b) of the Act; nor does it affect the requirement of section 401(a) of the Code that the plan must operate for the exclusive benefit of the employees of the employer maintaining the plan and their beneficiaries;

(2) Before an exemption may be granted under section 408(a) of the Act and/or section 4975(c)(2) of the Code, the Department must find that the exemption is administratively feasible, in the interests of the plan and of its

participants and beneficiaries, and protective of the rights of participants and beneficiaries of the plan;

(3) The proposed exemptions, if granted, will be supplemental to, and not in derogation of, any other provisions of the Act and/or the Code, including statutory or administrative exemptions and transitional rules. Furthermore, the fact that a transaction is subject to an administrative or statutory exemption is not dispositive of whether the transaction is in fact a prohibited transaction; and

(4) The proposed exemptions, if granted, will be subject to the express condition that the material facts and representations contained in each application are true and complete, and that each application accurately describes all material terms of the transaction which is the subject of the exemption.

Signed at Washington, DC, this 25th day of October 2000.

Ivan Strasfeld,

*Director of Exemption Determinations,
Pension and Welfare Benefits Administration,
U.S. Department of Labor.*

SUPPLEMENTARY INFORMATION:

Background

On August 11, 2000, President Clinton issued Executive Order 13166, entitled "Improving Access to Services for Persons With Limited English Proficiency." 65 FR 50119 (August 16, 2000). The Executive Order directs each Federal agency to examine the services it provides to persons who, as a result of national origin, are limited in their English proficiency. Agencies must then develop a plan and implement measures that will enable persons with LEP to have meaningful access to the agency's programs and activities, consistent with the fundamental mission of the agency. NARA will submit its LEP plan to the Department of Justice for review and approval by December 11, 2000.

As part of this process, NARA is consulting its stakeholders for input on the needs of persons with LEP. NARA is requesting comment from persons with LEP, their representative organizations, as well as grant applicants and recipients, and any other individuals or entities that make use of NARA programs, facilities, activities and financial opportunities.

NARA's Programs and Activities

NARA establishes policies and procedures for managing U.S. Government records and assists Federal agencies in documenting their activities and administering records management programs. NARA preserves and provides access to the essential documentation of the three branches of Government through a nationwide system of archival facilities, records storage facilities, and Presidential Libraries. NARA operates research rooms, answers written and oral requests for information on its holdings, provides copies of records, offers public programs and exhibits, and makes information available on its web site at <http://www.nara.gov>. The National Historical Publications and Records Commission (NHPRC), a statutory body affiliated with NARA, makes grants nationwide to help nonprofit and educational organizations identify, preserve, and provide access to materials that document American history. NARA also publishes Federal laws and regulations, and Presidential and other public documents. It also

manages Federal classification and declassification policies.

Ensuring Meaningful Access to Persons With Limited English Proficiency

NARA will use the information gathered from this notice and other outreach activities to evaluate its services and develop a plan to ensure that eligible persons with LEP have meaningful access to NARA's programs and activities, including NHPRC grants. NARA will assess the language needs of its customers, develop a comprehensive written policy on language access, increase awareness of language needs in staff training and customer service, and regularly monitor and assess the language needs of customers and the effectiveness of NARA's language assistance program. NARA will provide its LEP customers with access to NARA's programs and activities in a way that is practical, effective, fiscally responsible, and capable of being readily implemented.
