DEPARTMENT OF DEFENSE

[OMB Control Number 0704-0229]

Information Collection Requirement; Defense Federal Acquisition Regulation Supplement; Foreign Acquisition

AGENCY: Department of Defense (DoD).

ACTION: Correction to notice.

SUMMARY: DoD is issuing a correction to the notice published at 65 FR 63844 on October 25, 2000, that requested comments regarding a proposed extension of an approved information collection requirement. The notice inadvertently omitted recordkeeping hours from the estimate of annual burden hours shown for the information collection requirement.

FOR FURTHER INFORMATION CONTACT: Ms. Amy Williams, Defense Acquisition Regulations Council, OUSD (AT&L)DP(DAR), IMD 3C132, 3062 Defense Pentagon, Washington, DC 20301-3062. Telephone (703) 602-0288; telefax (703) 602-0350.

Correction

In the issue of Wednesday, October 25, 2000, on page 63844, in the third column, in the **SUPPLEMENTARY INFORMATION** section, the entry "*Annual Burden Hours*" is corrected to read as follows:

Annual Burden Hours: 374,268 (74,173 reporting hours; 300,095 recordkeeping hours).

Submission for OMB Review; Comment Request

ACTION: Notice.

The Department of Defense has submitted to OMB for clearance, the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

Title and OMB Number: Survey of Army Applicants Who Were Qualified Not Enlisted (QNE) or Those Who Entered the Delayed Entry Program (DEP) But Chose Not to Enlist: OMB Number 0702-[To Be Determined].

Type of Request: New Collection.

Number of Respondents: 8,000.

Responses Per Respondent: 1.

Annual Responses: 2,240.

Average Burden Per Response: 21 minutes.

Annual Burden Hours: 784.

Needs and Uses: This survey effort will collect expectation metrics concerning the value of Army enlistment incentives, training, and job/occupational choices. A very large number of individuals make a decision to enlist in the Army and, although qualified, do not complete the enlistment process. Another group of individuals actually enlist, and become members of the Delayed Entry Program, then later change their mind prior to actual ship date and become a loss. Understanding the reasons for these losses may place the Army Recruiting Command in a better position to provide the necessary number of recruits to maintain end strength.

Affected Public: Individuals and Households.

Frequency: Annually.

Respondent's Obligation: Voluntary.

OMB Desk Officer: Mr. Edward C. Springer.

Written comments and recommendations on the proposed information collection should be sent to Mr. Springer at the Office of Management and Budget, Desk Officer for DoD, Room 10236, New Executive Office Building, Washington, DC 20503.

DOD Clearance Officer: Mr. Robert Cushing.

Written requests for copies of the information collection proposal should be sent to Mr. Cushing WHS/DIOR, 1215 Jefferson Davis Highway, Suite 1204, Arlington, VA 22202-4302.

Dated: October 25, 2000.

Patricia L. Toppings,

Alternate, OSD Federal Register Liaison Officer, Department of Defense.

Draft Integrated Total Army Personnel Data Base (ITAPDB) Data Element Standard Version 1.0 (VI.0)

AGENCY: Deputy Chief of Staff for Personnel, U.S. Army, DoD.

ACTION: Notice (Request for comments).

SUMMARY: The Department of the Army, Office of the Deputy Chief of Staff for Personnel, in coordination with the U.S. Army Reserves and the Army National Guard, announce the final revision of the Integrated Total Army Personnel Data Base (ITAPDB) Data Element Standard Version 1.0 (VI.0), dated 10 October 2000. Comments are invited on ways to: (a) enhance the quality and clarity of the information contained therein; and (b) continue the establishment of a common set of data element standard that will enable the Army to eliminate redundant data, ensure commonality of information, reduce data conversion cost, and align with DoD development initiatives.

DATES: Consideration will be given to all comments received by December 1, 2000. All comments received within 30 days of publication of this notice will be considered for inclusion into ITAPDB Data Element Standard V2.0.

ADDRESSES: Written comments and recommendations on the proposed information collection should be sent to Director, Information Systems, Office of the Deputy Chief of Staff for Personnel, Attn: DAPE-ZXI (Ms. Golden Giddings/Ms. Angela McCoy), 300 Army Pentagon, Washington, DC 20310. Consideration will be given to all comments received within 30 days of the date of publication of this notice. E-mail address for Ms. Giddings is giddigl@hqda.army.mil and for Ms. McCoy is mccoymak@hqda.army.mil

FOR FURTHER INFORMATION CONTACT: Mr. Paul Oestreich, (703) 325-8877, oestreib@hoffman.army.mil

SUPPLEMENTARY INFORMATION: The ITAPDB establishes data element standard that will be shared among Army information systems horizontally between Army communities and vertically between field level and DA human resource information systems. Establishing a common set of data element standards enables the Army to eliminate redundant data, ensure commonality of information, reduce data conversion costs, and align with DoD development initiatives. As ITAPDB Data Element Standard evolves, it will apply to intelligence, operations, fire support, logistics, safety, transportation, human resource, military police, medical, dental, finance, chaplain, legal, post operation, civilian personnel, moral and welfare, recreation, force management, education center, inspector general and contractor support mission areas as it pertains to people related exchange of information or data.

This standard is essential to achieve effective and efficient system interoperability among systems that support all Army human resources—soldier, civilian, or contractor in active or retired status.

Individuals desiring a copy of the finalized ITAPDB Data Element Standard Version 1.0 should e-mail or write to Ms. Giddings or Mr. Oestreich at the above addresses.

Gregory D. Showalter,

Army Federal Register Liaison Officer.

[Docket No. CP01-12-000]

El Paso Natural Gas Company; Notice of Application

October 26, 2000.

Take notice that on October 16, 2000, El Paso Natural Gas Company (El Paso), Post Office Box 1492, El Paso, Texas 79978, filed in Docket No. CP01-12-000 an application pursuant to Sections 7(c) and (b) of the Natural Gas Act for a certificate of public convenience and necessity to relocate and replace 6.88 miles of 16-inch diameter pipe on Line No. 2039 with 24-inch pipe, and to relocate the existing Southern Avenue Meter Station located in Maricopa County, Arizona. In addition, El Paso requests permission and approval to abandon the replaced 16-inch diameter Line No. 2039 facilities and four miscellaneous tap facilities currently located on Line No. 2039, all as more fully set forth in the application which is on file with the Commission and open to public inspection. This filing may be viewed on the web at <http://www.ferc.fed.us/online/rims.htm> (call (202) 208-2222 for assistance).

El Paso states that tremendous residential and commercial growth in the West Phoenix area and its environs has raised serious issues relating to right-of-way encroachment and Department of Transportation (DOT) compliance. In response to these issues, El Paso states that it will relocate 6.88 miles of Line No. 2039 currently located at Elliot Road and 43rd Avenue in Maricopa County, Arizona, to a location that is east of the existing route. El Paso states that the increase in residential and commercial growth in the West Phoenix area has also prompted an increased need for the delivery of natural gas from Line No. 2039. It is stated that Arizona Public Service Company (APS) has requested El Paso to deliver an additional 95 MMcf per day of natural gas to its West Phoenix Power Plant located in Maricopa County, Arizona. It is stated that in order to accommodate APS' load growth requirement, the relocated Line No. 2039 will consist of 24-inch diameter

pipe instead of 16-inch diameter pipe. In addition, it is stated that El Paso will relocate the existing Southern Avenue meter Station currently located on the existing 16-inch diameter Line No. 2039 to a new location along the proposed 24-inch alignment. El Paso states that once Line No. 2039 has been relocated, replaced and in service, El Paso will abandon in place and by removal, the replaced 16-inch Line No. 2039 pipeline facilities and four miscellaneous tap facilities currently located on Line No. 2039.

El Paso states that the estimated cost of the proposed project is \$6,579,988. El Paso states that the project will be financed with the use of internally generated funds and that APS has agreed to reimburse El Paso 50 percent of the cost of pipe relocation and replacement of the 6.88 miles of Line No. 2039. El Paso states that it will continue to charge its existing Part 284 rates for transportation. El Paso further states that the transportation rates to existing customers currently being served through Line No. 2039 will not change as a result of this project.

Any questions regarding the application should be directed to A.W. Clark, Vice President, El Paso Natural Gas Company at (915) 496-2600, Post Office Box 1492, El Paso, Texas 79978.

Any person desiring to be heard or to make any protest with reference to said application should on or before November 16, 2000, file with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426, a motion to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to take but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a motion to intervene in accordance with the Commission's Rules. Beginning November 1, 2000, comments and protests may be filed electronically via the internet in lieu of paper. See, 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's web site at <http://www.ferc.fed.us/efi/doorbell.htm>.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Energy Regulatory Commission by Sections 7 and 15 of the Natural Gas Act and the Commission's Rules of Practice and Procedure, a hearing will
