

DATES: Comments must arrive by December 4, 2000.

ADDRESSES: Mail comments to: Andrew Steckel, Chief, Rulemaking Office (AIR-4), Air Division, U.S. Environmental Protection Agency, Region IX, 75 Hawthorne Street, San Francisco, CA 94105-3901.

You can inspect copies of the submitted SIP revisions and EPA's technical support documents (TSDs) at our Region IX office during normal

business hours. You may also see copies of the submitted SIP revisions at the following locations:

California Air Resources Board, Stationary Source Division, Rule Evaluation Section, 2020 "L" Street, Sacramento, CA 95812.

Antelope Valley Air Pollution Control District, 43301 Division Street, Suite 206, Lancaster, CA 93539-4409.

FOR FURTHER INFORMATION CONTACT: Julie A. Rose, Rulemaking Office, AIR-4, Air

Division, U.S. Environmental Protection Agency, Region 9, 75 Hawthorne Street, San Francisco, CA 94105-3901, telephone: (415) 744-1184.

SUPPLEMENTARY INFORMATION: The rules being approved for rescission and the negative declarations being approved for the Antelope Valley Air Pollution Control District (AVAPCD) portion of the California SIP are listed in the following Table:

SUBMITTED RECISSIONS AND NEGATIVE DECLARATIONS

| Rule No. and title | Adoption date | Submittal date | Type of revision |
|---|---------------|----------------|--------------------------------------|
| 1103, Pharmaceuticals and Cosmetic Manufacturing Operations | 01-18-00 | 03-28-00 | Rescission and Negative Declaration. |
| 1159, Nitric Acid Units—Oxides of Nitrogen | 01-18-00 | 03-28-00 | Rescission and Negative Declaration. |

In the Final Rules section of this **Federal Register**, the EPA is approving the state's SIP submittal as a direct final rule without prior proposal because the Agency views this as a noncontroversial revision and anticipates no adverse comments.

A detailed rationale for this approval is set forth in the direct final rule. If no adverse comments are received, no further activity is contemplated. If EPA receives adverse comments, the direct final rule will be withdrawn and all public comments received will be addressed in a subsequent final rule based on this proposed rule. The EPA will not institute a second comment period. Any parties interested in commenting should do so at this time.

Authority: 42 U.S.C. 7401 *et seq.*

Dated: October 4, 2000.

Felicia Marcus,

Regional Administrator, Region IX.

BILLING CODE 6560-50-U

FEDERAL EMERGENCY MANAGEMENT AGENCY

44 CFR Part 67

[Docket No. FEMA-B-7401]

Proposed Flood Elevation Determinations

AGENCY: Federal Emergency Management Agency (FEMA).

ACTION: Proposed rule.

SUMMARY: Technical information or comments are requested on the proposed base (1-percent-annual-chance) flood elevations and proposed base flood elevation modifications for the communities listed below. The base

flood elevations and modified base flood elevations are the basis for the floodplain management measures that the community is required either to adopt or to show evidence of being already in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP).

DATES: The comment period is ninety (90) days following the second publication of this proposed rule in a newspaper of local circulation in each community.

ADDRESSES: The proposed base flood elevations for each community are available for inspection at the office of the Chief Executive Officer of each community. The respective addresses are listed in the table below.

FOR FURTHER INFORMATION CONTACT: Matthew B. Miller, P.E., Chief, Hazards Study Branch, Mitigation Directorate, 500 C Street SW., Washington, DC 20472, (202) 646-3461, or (e-mail) matt.miller@fema.gov.

SUPPLEMENTARY INFORMATION: The Federal Emergency Management Agency proposes to make determinations of base flood elevations and modified base flood elevations for each community listed below, in accordance with Section 110 of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4104, and 44 CFR 67.4(a).

These proposed base flood and modified base flood elevations, together with the floodplain management criteria required by 44 CFR 60.3, are the minimum that are required. They should not be construed to mean that the community must change any existing ordinances that are more stringent in their floodplain management requirements. The community may at any time enact

stricter requirements of its own, or pursuant to policies established by other Federal, State, or regional entities. These proposed elevations are used to meet the floodplain management requirements of the NFIP and are also used to calculate the appropriate flood insurance premium rates for new buildings built after these elevations are made final, and for the contents in these buildings.

National Environmental Policy Act. This proposed rule is categorically excluded from the requirements of 44 CFR Part 10, Environmental Consideration. No environmental impact assessment has been prepared.

Regulatory Flexibility Act. The Associate Director for Mitigation certifies that this proposed rule is exempt from the requirements of the Regulatory Flexibility Act because proposed or modified Base Flood Elevations are required by the Flood Disaster Protection Act of 1973, 42 U.S.C. 4104, and are required to establish and maintain community eligibility in the NFIP. No regulatory flexibility analysis has been prepared.

Regulatory Classification. This proposed rule is not a significant regulatory action under the criteria of Section 3(f) of Executive Order 12866 of September 30, 1993, Regulatory Planning and Review, 58 FR 51735.

Executive Order 12612, Federalism. This proposed rule involves no policies that have federalism implications under Executive Order 12612, Federalism, dated October 26, 1987.

Executive Order 12778, Civil Justice Reform. This proposed rule meets the applicable standards of Section 2(b)(2) of Executive Order 12778.

List of Subjects in 44 CFR Part 67

Administrative practice and procedure, Flood insurance, Reporting and recordkeeping requirements.

Accordingly, 44 CFR Part 67 is proposed to be amended as follows:

PART 67—[AMENDED]

1. The authority citation for Part 67 continues to read as follows:

Authority: 42 U.S.C. 4001 *et seq.*; Reorganization Plan No. 3 of 1978, 3 CFR,

1978 Comp., p. 329; E.O. 12127, 44 FR 19367, 3 CFR, 1979 Comp., p. 376.

§ 67.4 [Amended]

2. The tables published under the authority of § 67.4 are proposed to be amended as follows:

| State | City/town/country | Source of flooding | Location | # Depth in feet above ground. * Elevation in feet. (NGVD) | |
|------------------|---------------------------------------|---|--|---|----------|
| | | | | Existing | Modified |
| California | Solano County (Unincorporated Areas). | Gibson Canyon Creek | Approximately 2,250 feet downstream of Byrnes Road. | None | *69 |
| | | | Approximately 100 feet upstream of Browns Valley Road. | None | *143 |
| | | South Branch Gibson Canyon Creek. | Just downstream of Crocker Drive | *103 | *102 |
| | | Horse Creek | Just upstream of Browns Valley Road | *137 | *142 |
| | | | Approximately 500 feet downstream of Willow Avenue. | None | *77 |
| | | Approximately 1,500 feet upstream of Willow Avenue. | None | *79 | |

Maps are available for inspection at the Solano County Department of Environmental Management, 601 W. Texas Street, Fairfield, California. Send comments to The Honorable Michael Johnson, County Manger, 580 W. Texas Street, Fairfield California, 94533.

| | | | | | |
|-------------------------------|--|-----------------------------------|---|------|------|
| California | Vacaville (City) Solano County. | Gibson Canyon Creek | Approximately 2,100 feet downstream of Interstate Highway 80 (Eastbound). | *76 | *78 |
| | | | Approximately 1,200 feet upstream of Eubanks Road. | None | *113 |
| | | South Branch Gibson Canyon Creek. | At confluence with Gibson Canyon Creek | *98 | *98 |
| | | | At intersection with Interstate Highway 505. | *104 | *103 |
| | | | Approximately 500 feet upstream of Eubanks Road. | *117 | *121 |
| | | Horse Creek | Approximately 800 feet downstream of Leisure Town Road. | *80 | *82 |

BILLING CODE 6718-04-P

FEDERAL COMMUNICATIONS COMMISSION

47 CFR Parts 20, 42, 61, 63, and 64

[IB Docket No. 00-202, FCC 00-367]

Policy and Rules Concerning the International Interexchange Marketplace and 2000 Biennial Regulatory Review

AGENCY: Federal Communications Commission.

ACTION: Notice of proposed rule making.

SUMMARY: This document solicits comments on whether the Commission should continue to require U.S. non-dominant interexchange carriers to file tariffs for international services pursuant to the requirements of the Communications Act. The Commission initiated this proceeding to determine whether to extend the complete detariffing regime that it adopted for domestic, interexchange services to the international services of non-dominant interexchange carriers, including U.S. carriers classified as dominant due to foreign affiliations. The Commission believes that these proposals will foster competition in the U.S. international services market and bring lower rates to U.S. consumers.

DATES: Comments are due on or before November 17, 2000, and reply comments are due on or before December 4, 2000.

ADDRESSES: Federal Communications Commission, Secretary, 445 12th Street, SW., Room TW-B204F, Washington, DC 20554.

FOR FURTHER INFORMATION CONTACT: Lisa Choi, Policy and Facilities Branch, Telecommunications Division, International Bureau, (202) 418-1460.

SUPPLEMENTARY INFORMATION: This is a summary of the Commission's Notice of Proposed Rule Making, FCC 00-367, adopted on October 12, 2000, and released on October 18, 2000. The full text of this document is available for inspection and copying during normal business hours in the Office of Media

Relations, Reference Operations Division, (Room CY-A257) of the Federal Communications Commission, 445 12th Street, SW., Washington, DC 20554. The document is also available for download over the Internet at <http://www.fcc.gov/Bureaus/International/Notices/2000/fcc00367.doc>. The complete text of this document also may be purchased from the Commission's copy contractor, International Transcription Service, Inc., 1231 20th Street, NW., Washington, DC 20036, (202) 857-3800.

This NPRM contains proposed information collections subject to the Paperwork Reduction Act of 1995 (PRA). It will be submitted to the Office of Management and Budget (OMB) for review under the PRA. OMB, the general public, and other Federal agencies will be invited to comment on the proposed information collections contained in this proceeding.

Summary of Notice of Proposed Rulemaking

1. In 1996, the Commission adopted policies and rules regarding the detariffing of domestic interexchange services (Domestic Detariffing Order) (61 FR 59340, November 22, 1996). In the Domestic Detariffing Order, the Commission concluded that complete detariffing with limited exceptions for permissive detariffing, satisfies the criteria set forth in section 10(a) of the Communications Act. The Commission made no determination as to whether detariffing international, interexchange services satisfied the requirements of section 10, as competitive conditions in the international marketplace may vary from those in the domestic interexchange marketplace.

2. On October 12, 2000, the Commission adopted a Notice of Proposed Rulemaking (NPRM) to determine whether competitive conditions in the international interexchange marketplace support detariffing non-dominant carriers' provision of international services in accordance with the criteria in section 10 of the Communications Act of 1996. The Commission initiated this proceeding in response to the Communications Act of 1996, which requires the Commission to review all regulations that apply to operations or activities of any provider of telecommunications service and to repeal or modify any regulation it determines to be no longer necessary in the public interest. Since adopting the

Domestic Detariffing Order, there have been dramatic changes in the market for international interexchange services resulting in increased competition. Thus, the Commission commenced this proceeding to examine whether to continue to require U.S. non-dominant interexchange carriers to file tariffs for international services pursuant to the requirements of section 203 of the Act. The Commission solicits comments on all of the proposals and tentative conclusions contained in the NPRM.

3. The NPRM seeks comment on the Commission's tentative conclusion that the Communications Act requires it to forbear from applying section 203 of the Act and to adopt a policy of complete detariffing for international interexchange services with limited exceptions for permissive detariffing. The NPRM seeks comment on the Commission's determination that its proposals meet the statutory forbearance criteria of section 10 of the Communications Act.

4. The NPRM solicits comment on the Commission's tentative conclusion that tariff filing requirements are not necessary to ensure that the rates, practices, classifications or regulations for the international interexchange services of non-dominant interexchange carriers are just and reasonable, and are not unjustly or unreasonably discriminatory. The NPRM also solicits comment on whether there remains a justification to retain tariffs on certain routes on which sufficient competition may not exist. The Commission tentatively concludes that its policies and enforcement authority, in conjunction with market forces will generally ensure that the rates, practices, and classifications of non-dominant interexchange carriers for international interexchange services will be just and reasonable and not unjustly or unreasonably discriminatory.

5. Comments are requested on the Commission's tentative conclusion that tariffs are not necessary for the protection of consumers of interexchange services. The Commission tentatively concludes that tariffs are not necessary for the protection of consumers. Rather, the Commission believes that tariff filing requirements may harm consumers by undermining the development of competition and possibly leading to higher rates by stifling price reductions
