

carried out, including the availability of appropriately trained audiology personnel;

(E) A description of the data and tracking system for infants suspected to have or identified with significant hearing loss, including a description of relationships to other databases within the States that focus on infants and children, particularly the relationship of the newborn hearing screening data to the newborn metabolic screening data and tracking system and CDC's Early Hearing, Detection and Intervention (EHDI) reporting system; and

(F) A plan for professional and public education about the state newborn hearing screening program.

(3) The extent to which the estimated cost to the Government of the project is reasonable, considering the anticipated results;

(4) The extent to which the project personnel are well qualified by training and/or experience for their roles in the project and the applicant organization has adequate facilities and personnel;

(5) The extent to which the project will be integrated with the administration of MCH Block Grant programs and other related programs in the State.

(6) The inclusion of a well developed plan for evaluation, which documents, with data support, the successes (or failures) at each stage of the screening and intervention program. Funded programs will be required to report annually throughout the life of the grant. Data reporting will include the number of infants screened, number referred for audiologic diagnosis, number and age of infants receiving audiologic diagnosis, number of infants with a medical home, referral to family-to-family support and number and age at which identified infants are enrolled in early intervention services. OMB approval for the data reporting will be sought, as required under the Paperwork Reduction Act of 1995.

Applicants should pay strict attention to addressing the above criteria as they are the basis upon which their applications will be judged.

Executive Order 12372

This program has been determined to be a program which is subject to the provisions of Executive Order 12372 concerning intergovernmental review of Federal programs by appropriate health planning agencies, as implemented by 45 CFR Part 100. Executive Order 12372 allows States the option of setting up a system for reviewing applications from within their States for assistance under certain Federal programs. The application packages to be made

available under this notice will contain a listing of States which have chosen to set up such a review system and will provide a single point of contact (SPOC) in the States for review. Applicants (other than federally-recognized Indian tribal governments) should contact their State SPOCs as early as possible to alert them to the prospective applications and receive any necessary instructions on the State process. For proposed projects serving more than one State, the applicant is advised to contact the SPOC of each affected State. The due date for State process recommendations is 60 days after the application deadline for new and competing awards. The granting agency does not guarantee to "accommodate or explain" for State process recommendations it receives after that date. (See Part 148, Intergovernmental Review of PHS Programs under Executive Order 12372 and 45 CFR Part 100 for a description of the review process and requirements).

Dated: November 2, 2000.

Claude Earl Fox,
Administrator.

BILLING CODE 4160-15-M

DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

[Docket No. FR-4565-N-27]

Notice of Proposed Information Collection For the Federal National Mortgage Association and the Federal Home Loan Mortgage Corporation; Comment Request

AGENCY: Office of the Assistant Secretary for Housing, HUD.

ACTION: Notice.

SUMMARY: The proposed information collection requirement described below will be submitted to the Office of Management and Budget (OMB) for review, as required by the Paperwork Reduction Act. The Department is soliciting public comments on the subject proposal.

DATES: January 8, 2001.

ADDRESSES: Interested persons are invited to submit comments regarding this proposal. Comments should refer to the proposal by name and/or OMB Control Number and should be sent to: Wayne Eddins, Reports Management Officer, Department of Housing and Urban Development, 451 7th Street, SW., L'Enfant Plaza Building, Room 8001, Washington, DC 20410.

FOR FURTHER INFORMATION CONTACT: Allen Fishbein, Senior Advisor for

Government Sponsored Enterprises Oversight, Department of Housing and Urban Development, 451 7th Street, SW., Washington, DC 20410, telephone (202) 708-3600, extension 2117, or Sandra Fostek, Office of Government Sponsored Enterprises Oversight, at (202) 708-2224, extension 2233 (these are not toll-free numbers) for copies of available information.

SUPPLEMENTARY INFORMATION: The Department is submitting the proposed information collection to OMB for review, as required by the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35, as amended).

This Notice is soliciting comments from members of the public and affected agencies concerning the proposed collection of information to: (1) Evaluate whether the proposed collection is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (2) Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information; (3) Enhance the quality, utility, and clarity of the information to be collected; and (4) Minimize the burden of the collection of information on those who are to respond; including the use of appropriate automated collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

This Notice also lists the following information:

Title of Proposal: Regulation of the Federal National Mortgage Association (Fannie Mae) and the Federal Home Loan Mortgage Corporation (Freddie Mac).

OMB Control Number, if applicable: 2502-0514.

Description of the need for the information and proposed use: This notice requests a revision of a currently approved collection to accommodate additional data requirements necessitated by HUD's recent publication of a new implementing regulation to the Federal Housing Enterprises Financial Safety and Soundness Act of 1992 (FHEFSSA). On October 31, 2000, HUD published a rule at 24 CFR Part 81, to become effective January 1, 2001, which increased the levels of required affordable housing goal performance for Fannie Mae and Freddie Mac (the GSEs). The rule also implemented certain changes to HUD's counting rules relative to how mortgages will be credited towards the housing goals and provided special incentives whereby the GSEs could earn additional housing goals credit for certain loan purchase activities. HUD's collection of

information on the GSEs' business activities is needed to measure and monitor their compliance with statutorily mandated housing goals; to ensure the GSEs' compliance with counting rules, including the exclusion of high cost, predatory loans, from eligibility for goals credit; to foster a continuing dialogue between HUD, the GSEs, Congress, and the public on the activities of the GSEs with respect to affordable housing and underserved mortgage market issues; and to improve the operating of the housing finance market.

In accordance with HUD's regulation issued in 1995, the GSEs submit Quarterly Mortgage Reports, Annual Housing Activities Reports, Periodic Reports, and Other Information Analyses. This reporting remains unchanged in HUD's recently published regulation.

The mid-year second quarter Mortgage Report and the year-end Annual Mortgage Activities Report also must include year-to-date computerized loan level data. In order to accommodate the counting rule changes in HUD's new regulation, HUD proposes to increase its mid-year and year-end computerized loan level data collection requirement by about 36 percent over requirements imposed during the reporting period 1996-1999. The 36 percent increase includes data fields that are counted twice because the same data is collected from both single family and multifamily data sources. This action represents the first increase in HUD's data collection requirements since publication of the 1995 final rule. These new data collection requirements will enable HUD to monitor GSEs' compliance with new goals and counting conventions and will also permit HUD to make determinations relative to the effectiveness of certain incentives in promoting conventional mortgage lending activity to traditionally underserved borrowers and communities.

Agency Form Numbers, if applicable: None.

Estimation of the total number of hours needed to prepare the information collection including number of respondents, frequency of response, and hours of responses: The estimated number of respondents is 2, the total annual responses are approximately 87 reports, and the total annual hours of all responses, including reports and data collection, are estimated at 5,697 hours.

Status of the proposed information collection: Revision of a currently approved collection.

Authority: The Paperwork Reduction Act of 1995, 44 U.S.C., Chapter 35, as amended.

Dated: October 31, 2000.

William C. Appgar,

Assistant Secretary for Housing-Federal Housing Commissioner.
