DEPARTMENT OF ENERGY

Office of Energy Efficiency and Renewable Energy

State Energy Program Special Projects Financial Assistance

AGENCY: Department of Energy, Office of Energy Efficiency and Renewable Energy.

ACTION: Notice for 2001 State Energy Program Special Projects.

SUMMARY: As options offered under the State Energy Program (SEP) for fiscal year 2001, the Office of Energy Efficiency and Renewable Energy is announcing the availability of financial assistance to States for a group of special project activities. Funding is

being provided by a number of end-use sector programs in the Office of Energy Efficiency and Renewable Energy. States may apply to undertake any of the projects being offered by these programs. Financial assistance will be awarded to the States separately for each special project, with the activities to be carried out in conjunction with their efforts under SEP. The special projects funding and activities are tracked separately so that the end-use sector programs may follow the progress of their projects.

The projects must meet the relevant requirements of the program providing the funding, as well as of SEP, as specified in the 2001 Special Projects Announcement. Among the goals of the special projects activities are to assist States to: accelerate deployment of energy efficiency and renewable energy technologies; facilitate the acceptance of emerging and underutilized energy efficiency and renewable energy technologies; and increase the responsiveness of Federally funded technology development efforts to private sector needs.

DATES: The program announcement will be available on November 6, 2000. Applications must be received by February 23, 2001.

ADDRESSES: Complete information about this program, including phone numbers for the State SEP offices and a question and answer forum, is available at the following website: http://www.eren.doe.gov/buildings/state_energy/fy01/sepsp01-forum. Otherwise, for referral to the appropriate DOE Regional Office or State Office, you may contact Mr. Thomas Stapp at the U.S. Department of Energy Headquarters, 1000 Independence Avenue, S.W., Washington, D.C. 20585, (202) 586-2096.

SUPPLEMENTARY INFORMATION: Fiscal year 2001 is the sixth year special project activities have been funded in conjunction with the State Energy Program (10 CFR part 420). Most of these State-oriented special projects are related to or based on similar efforts that have been funded separately by the various DOE end-use sector programs that are now providing funding for these optional SEP activities.

Availability of Fiscal Year 2001 Funds

With this publication, DOE is announcing the availability of an estimated \$14.8 million in financial assistance funds for fiscal year 2001. The awards will be made through a competitive process. The end-use sector programs that are participating in the SEP Special Projects for fiscal year 2001,
