

Companies, Inc. ("American Tool") of Hoffman Estates, Illinois, and Peterson Manufacturing Co., Inc. ("Peterson") of DeWitt, Nebraska (collectively "complainants"). 65 FR 13307.

On September 6, 2000, complainants filed a motion to amend the complaint and notice of investigation asserting that respondents no longer ship infringing product to the United States and do not intend to do so in the future. On September 18, 2000, respondents, Wolfcraft GmbH of Germany and Wolfcraft, Inc. of Itasca, Illinois, filed an opposition to complainants' motion stating that they in fact intend to resume importation of the product in question to the United States. On September 18, 2000, the Commission investigative attorney (IA) filed a response in support of the motion, but argued that it should be construed as a motion for partial termination based on the withdrawal of certain allegations. On September 20, 2000, complainants filed a reply agreeing with IA's suggestion that their motion be construed as one for partial termination. On October 2, 2000, the presiding ALJ issued an ID (Order No. 5) granting complainants' motion for partial withdrawal of the complaint. No petitions for review of the ID were filed.

This action is taken under the authority of section 337 of the Tariff Act of 1930, 19 U.S.C. 1337, and Commission rule 210.42(h)(3), 19 CFR 210.42(h)(3).

Copies of the public version of the ID, and all other nonconfidential documents filed in connection with this investigation, are or will be available for inspection during official business hours (8:45 a.m. to 5:15 p.m.) in the Office of the Secretary, U.S. International Trade Commission, 500 E Street SW, Washington, DC 20436, telephone 202-205-2000. Hearing-impaired persons are advised that information on the matter can be obtained by contacting the Commission's TDD terminal on 202-205-1810. General information concerning the Commission may also be obtained by accessing its Internet server (<http://www.usitc.gov>).

Issued: November 3, 2000.

By order of the Commission.

Donna R. Koehnke,

Secretary.

BILLING CODE 7020-02-M

DEPARTMENT OF JUSTICE

Office of Justice Programs

Agency Information Collection Activities: Proposed Collection; Comment Request

ACTION: Notice of information collection under review; New Collection.

National Business Survey on White Collar Crime

The Department of Justice, Office of Justice Programs, Bureau of Justice Assistance, National White Collar Crime (NWCCC), has submitted the following information collection request for review and clearance in accordance with the Paperwork Reduction Act of 1995. Office of Management and Budget approval is being sought for the information collection listed below. This proposed information collection was previously published in the **Federal Register** on July 18, 2000 (Volume 65, 44546), allowing for a 60-day public comment period.

The purpose of this notice is to allow an additional 30 days for public comment until December 13, 2000. This process is conducted in accordance with 5 CFR 1320.10.

Written comments and/or suggestions regarding the item(s) contained in this notice, especially regarding the estimated public burden and associated response time, should be directed to the Office of Management and Budget, Office of Information and Regulatory Affairs, Attention: Department of Justice Desk Officer, Washington, DC 20530. Additionally, comments may be submitted to OMB via facsimile to (202) 395-7285. Comments may also be submitted to the Department of Justice (DOJ), Justice Management Division, Information Management and Security Staff, Attention: Department Deputy Clearance Officer, Suite 1220, National Place Building, 1331 Pennsylvania Avenue, NW, Washington, DC 20530.

Written comments and/or suggestions from the public and affected agencies concerning the proposed collection of information should address one or more of the following four points:

(1) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(2) Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

(3) Enhance the quality, utility, and clarity of the information to be collected; and

(4) Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical or other technology collection techniques or other forms of information technology (e.g. permitting electronic submission of responses).

Overview of This Information Collection

(1) *Type of Information Collection:* New Collection.

(2) *Title of the Form/Collection:* National Business Survey on White Collar Crime.

(3) *Agency form number, if any, and the applicable component of the Department of Justice sponsoring the collection:* Form = None. National White Collar Crime Center (NWCCC), Bureau of Justice Assistance, Office of Justice Programs, U.S. Department of Justice.

(4) *Affected public who will be asked or required to respond, as well as a brief*

abstract: Primary: United States businesses. Other: None. The NWCCC Training and Research Institute anticipates conducting a national survey of professional business persons and their perceptions of white collar crime. Particular areas of interest include victimization, perpetration, prevention measures, cyber-crime, and general demographics.

(5) *An estimate of the total number of respondents and the amount of time estimated for an average respondent to respond*: 1070 respondents at 25 minutes per mail survey.

(6) *An estimate of the total public burden (in hours) associated with the collection*: 450 annual burden hours.

If you have additional comments, suggestions, or need copies of the proposed information collection instruments with instructions, or additional information, please contact: Mrs. Brenda Dyer, Deputy Clearance Officer, United States Department of Justice, Information Management and Security Staff, Justice Management Division, Suite 1220, National Place Building, 1331 Pennsylvania Avenue, NW, Washington.

Dated: November 2, 2000.

Brenda Dyer,

Department Deputy Clearance Officer, United States Department of Justice.

BILLING CODE 4410-18-M

DEPARTMENT OF LABOR

Employment and Training Administration

Proposed Collection; Comment Request

ACTION: Notice.

SUMMARY: The Department of Labor, as part of its continuing effort to reduce paperwork and respondent burden conducts a preclearance consultation program to provide the general public and Federal agencies with an opportunity to comment on proposed and/or continuing collections of information in accordance with the Paperwork Reduction Act of 1995 (PRA95) [44 U.S.C. 3506(c)(2)(A)]. This program helps to ensure that requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements on respondents can be properly assessed. Currently, the Employment and Training Administration is soliciting comments

concerning the proposed revision of the Center for Employment and Training (CET) Follow-Up Survey. A copy of the proposed information collection request (ICR) can be obtained by contacting the office listed below in the addressee section of this notice.

DATES: Written comments must be submitted to the office listed in the addressee's section below on or before January 12, 2001.

ADDRESSES: Tom NaSell, U.S. Department of Labor, Employment and Training Administration/Office of Policy Research, 200 Constitution Ave., NW., Room N-5629, Washington, DC 20210, (202) 693-3615 (this is not a toll-free number), TNASELL@doleta.gov.

SUPPLEMENTARY INFORMATION:

I. Background

The Center for Employment Training (CET) model of employment and training programs for out-of-school youth has gained national attention as a result of its strong employment impacts relative to comparable programs. Building on this success, the Department of Labor (DOL) began funding the CET Replication Project in December 1992, providing a grant for CET-San Jose, CA to assist other programs in implementing CET-like training. In 1994 DOL competitively awarded grants to select six of these programs in order to evaluate the effects of the CET model on participating youth. Six additional sites have also been selected from among CET programs in California and Nevada. The purpose of this study, A Random Assignment Evaluation of the CET Replication Sites, is to evaluate the CET model in the selected sites to assess whether it can be replicated outside of San Jose, and whether the replication sites have similarly positive employment impacts on out-of-school youth.

In order to assess the success of CET outside of San Jose, DOL has contracted with the Manpower Demonstration Research Corporation (MDRC) to evaluate the CET Replication Project. As part of this evaluation, follow-up information is currently being collected through a long-term follow-up telephone survey conducted approximately 30 months after the random assignment of youth. This information collection was approved under OMB No. 1205-0391, which is due to expire on May 31, 2001. This information collection request would revise the information collection to provide for a second wave of the survey to be completed approximately 54

months after random assignment of all youth.

The 30-Month and 54-Month Follow-Up Surveys will be used to examine the effects of this employment and training program on participants' outcomes two years after beginning the CET training. They will also assess the subsequent outcomes of comparable youth randomly assigned to a control group.

II. Review Focus

The Department of Labor is particularly interested in comments which:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.

III. Current Actions

This is a request for OMB approval of a revision of an existing information collection for the CET Replication Project funded by the Department of Labor (DOL). Information in the form of a follow-up phone or in-person survey will be collected from randomly assigned participants at each of the CET Replication Project sites at two points, approximately 30 months following their initial assignment to the program or control groups and again at 54 months after random assignment. The survey data will be utilized to analyze the impact of the CET program on participants' outcomes including education and training, employment, earnings, public assistance participation, childbearing, and other behaviors and activities. The findings will be directly relevant for the future development of employment and training policy for youth.

Type of Review: Revision.

Agency: Employment and Training Administration.

Title: CET Follow-Up Survey.

OMB Number: 1205-0391.
