Approval and Promulgation of State Plans for Designated Facilities and Pollutants; Control of Landfill Emissions From Municipal Solid Waste Landfills; State of Missouri

AGENCY: Environmental Protection
Agency (EPA).

ACTION: Proposed rule.

SUMMARY: EPA proposes to approve a
revision to the state of Missouri's
section 111(d) plan for controlling
emissions from existing municipal solid
waste (MSW) landfills. The plan was
submitted to fulfill the requirements of
sections 111 and 129 of the Clean Air
Act. The revised state plan incorporates
revisions to the Emissions Guideline for
MSW landfills promulgated by EPA in
1998 and 1999.

In the final rules section of the
Federal Register, EPA is approving the
state's submittal as a direct final rule
without prior proposal because the
Agency views this as a noncontroversial

action and anticipates no relevant
adverse comments. A detailed rationale
for the approval is set forth in the direct
final rule. If no relevant adverse
comments are received in response to
this action, no further activity is
contemplated in relation to this action.
If EPA receives relevant adverse
comments, the direct final rule will be
withdrawn, and all public comments
received will be addressed in a
subsequent final rule based on this
proposed action. Any parties interested
in commenting on this document
should do so at this time.

DATES: Comments on this proposed rule
must be received in writing by
December 15, 2000.

Massachusetts: Interim Authorization of State Hazardous Waste Management Program Revision

AGENCY: Environmental Protection
Agency (EPA).

ACTION: Proposed rule.

SUMMARY: The EPA proposes to grant
interim authorization to The
Commonwealth of Massachusetts for
certain changes to its hazardous waste
program under the Resource
Conservation and Recovery Act (RCRA).
In the "Rules and Regulations" section
of this **Federal Register**, EPA is
authorizing the changes by an
immediate final rule. EPA did not make
a proposal prior to the immediate final
rule because we believe this action is
not controversial and do not expect
comments that oppose it. We have
explained the reasons for this
authorization in the preamble to the
immediate final rule. Unless we get
written comments which oppose this

authorization during the comment
period, the immediate final rule will
become effective on the date it
establishes, and we will not take further
action on this proposal. If we get
comments that oppose this action, we
will withdraw the immediate final rule
and it will not take effect. We will then
respond to public comments in a later
final rule based on this proposal. You
may not have another opportunity for
comment. If you want to comment on
this action, you must do so at this time.

DATES: Send your written comments by
December 15, 2000.
