Purpose of the meeting: At this meeting, the Committee will consider for approval the report of the Natural Attenuation Research Subcommittee. The Subcommittee reviewed the present and proposed natural attenuation research program of EPA's Office of Research and Development (ORD) so that ORD can refine its plans and programs on this topic. This activity began with a conference call meeting on January 26th conference call meeting, included a face-to-face meeting August 14-15, 2000; the most recent meeting was October 25, 2000. Background, including the availability of review materials, will be found in previous notices. (The most important of these is 65 FR 1866-1867, January 12, 2000).

The Committee will also consider potential FY2001 activities. The Agency has requested a review of the Surface Impoundments Study for the Office of Solid Waste and a consultation on sustainability research for the Office of Research and Development. The Committee will consider whether to use the draft report of the Science Advisory Board's Risk Reduction Options Subcommittee as an input to a potential initiative on risk reduction.

The Committee has also requested briefings on various Agency topics. The exact briefings depend upon the availability of the speakers, but may include: contaminated sediments, the environmental impacts of natural hazards, industrial ecology, and the information needs of risk managers.

Availability of materials: A copy of the Natural Attenuation draft and a draft meeting agenda will be available on the SAB website (www.epa.gov/sab) approximately two weeks prior to the meeting.

Chlorpyrifos; Receipt of Requests For End-Use Product Amendments and Cancellations

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: Companies that hold the pesticide registrations of enduse pesticide products containing chlorpyrifos [O,O-diethyl O-(3,5,6-trichloro-2-pyridinyl)phosphorothioate] have asked EPA to cancel or amend their registrations. Pursuant to section 6(f)(1) of the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), EPA is announcing the Agency's receipt of these requests from the registrants. These requests for voluntary cancellation and amendment are the result of a memorandum of agreement signed by EPA and the basic manufacturers of the active ingredient chlorpyrifos on June 7, 2000. Registrants identified in this notice requesting voluntary cancellation and amendments are in large part the customer of these basic manufacturers. Given the potential risks, both dietary and nondietary, that chlorpyrifos use poses, especially to children, EPA intends to grant the requested cancellations and amendments to delete uses. EPA also plans to issue a cancellation order for the deleted uses and the canceled registrations at the close of the comment period for this announcement. Upon the issuance of the cancellation order, any distribution, sale, or use of chlorpyrifos products will only be permitted if such distribution, sale, or use is consistent with the terms of that order.

DATE: Comments must be received on or before December 18, 2000. Comments on the requested amendments to delete uses and the requested registration cancellations must be submitted to the address provided in **ADDRESSES** and identified by docket control number OPP-34203E.

ADDRESSES: Comments may be submitted by mail, electronically, or in person. Please follow the detailed instructions for each method as provided in Unit I. of the

SUPPLEMENTARY INFORMATION. To ensure

proper receipt by EPA, it is imperative that you identify docket control number OPP-34203E in the subject line on the first page of your response.

FOR FURTHER INFORMATION CONTACT: Tom Myers, Special Review and Reregistration Division (7508C), Office of Pesticide Programs, Environmental Protection Agency, 1200 Pennsylvania Ave., NW., Washington, DC 20460; telephone number: (703) 308-8589; fax number: (703) 308-8041; e-mail address: myers.tom@epa.gov.

SUPPLEMENTARY INFORMATION: This announcement consists of three parts. The first part contains general information. The second part addresses the registrants' requests for registration cancellations and amendments to delete uses. And the third part proposes existing stock provisions that will be set forth in the cancellation order that the Agency intends to issue at the close of the comment period for this announcement.
