

and maintained. This option may also include a monument or sculpture.

A variation on Option B would also incorporate a 3-hole youth golf facility in the extreme northern portion of the island. The environmental impacts of this option will be assessed both with and without the golf development.

Access to the islands would be permitted both from the footbridges and, because of the need for service deliveries, from the Benning Road access drive. Security would be maintained by closing the gates to the Island at dusk and providing an Urban Ranger to help patrol the islands. Security must be provided when campers are on the islands.

### Option C—Active Use for Recreational Purposes

Option C focuses on the reuse of the Islands as a 9-hole, par 3 youth golf facility. This use would develop the upper portion of Kingman Island as a putting green and golf holes. The facility will be accessible from Langston Golf Course via an underpass under Benning Road on the east side of the Island. The development would also include a riverwalk along the edge of the golf course and extending down the length of the islands. A boat-tie up and bird observation towers will also be provided in this development plan. In addition, monuments and public art, camping facilities, and a playground could also be incorporated.

Security will be maintained by regular use and activity on the islands. In addition, the golf course will be well lit with the possibility of extending lighting along the major trails. It is anticipated that some form of private security might also be employed in conjunction with regular police patrols.

The EA will identify and analyze environmental impacts and mitigation options of the alternative plans including the No Action alternative. Topics for environmental analysis include short-term construction-related impacts; long-term changes in traffic, parking, socio-economic impacts, land use and physical/biological conditions within the project area; cultural (historic and archeological) in accordance with the Section 106 of the National Historic Preservation Act, and visual resource protection, site operation, and maintenance.

**SUPPLEMENTARY INFORMATION:** The environmental scoping process will include all written comments and one (1) public meeting for the purpose of determining significant issues related to the alternatives and to the potential impacts associated with the proposed

development of Kingman and Heritage Islands. The public meeting will be held: Tuesday, December 12, 2000, 6 PM–9 PM at the St. Benedict the Moor Church, 320 21st Street, NE (21st & C Streets), Washington, D.C. 20002.

This public meeting will be advertised locally by the District of Columbia Department of Parks and Recreation and notice will appear in the District of Columbia Register. National Capital Planning Commission, District of Columbia Department of Parks and Recreation, and District of Columbia Office of Planning representatives will be available at this meeting to receive comments from the public regarding issues of concern. It is important that federal, regional and local agencies, and interested individuals and groups take this opportunity to identify environmental concerns that should be addressed during the preparation of the EA.

An Informational Packet will be available for review at the offices of the National Capital Planning Commission at 401 Ninth Street, NW, 5th Floor, Suite 500, North Lobby, and at the District of Columbia Office of Planning. Contact Karina Ricks, D.C. Office of Planning, 801 N. Capitol Street, NE, Washington, D.C. 20002, Phone: (202) 442-7600, fax: (202) 442-7637, email: karina.ricks@dc.gov. Agencies and the general public are invited and are encouraged to provide written comments on the scoping issues in addition to, or in lieu of, oral comments at the public meeting. To be most helpful, environmental scoping comments should clearly describe specific issues or topics that the community believes the EA should address.

**DATES:** All written statements regarding environmental review of the Proposed Kingman and Heritage Island development must be postmarked no later than January 12, 2001, to the following address: National Capital Planning Commission, 401 Ninth Street, NW, 5th Floor, Suite 500, North Lobby, Washington, D.C. 20576, Attention: Mr. Eugene Keller, Environmental Review Officer.

### FOR FURTHER INFORMATION PLEASE

**CONTACT:** National Capital Planning Commission, Mr. Eugene Keller, Environmental Review Officer, 401 Ninth Street, NW, 5th Floor, Suite 500, North Lobby, Washington, D.C. 20576, Phone: (202) 482-7270 or Karina Ricks, DC Office of Planning, 801 N. Capitol Street, NE, Washington, D.C. 20002, Phone: (202) 442-7600.

Dated: November 8, 2000.

## NATIONAL COUNCIL ON DISABILITY

### Advisory Committee Meeting/ Conference Call

**AGENCY:** National Council on Disability (NCD).

**SUMMARY:** This notice sets forth the schedule of the forthcoming meeting/conference call for NCD's advisory committee—International Watch. Notice of this meeting is required under Section 10 (a)(1)(2) of the Federal Advisory Committee Act (P.L. 92-463).

*International Watch:* The purpose of NCD's International Watch is to share information on international disability issues and to advise NCD's Foreign Policy Team on developing policy proposals that will advocate for a foreign policy that is consistent with the values and goals of the Americans with Disabilities Act.

**DATE:** December 13, 2000, 12 p.m.–1 p.m. EST

*For International Watch Information, Contact:* Kathleen A. Blank, Attorney/Program Specialist, NCD, 1331 F Street NW., Suite 1050, Washington, DC 20004; 202-272-2004 (Voice), 202-272-2074 (TTY), 202-272-2022 (Fax), kblank@ncd.gov (e-mail).

*Agency Mission:* NCD is an independent federal agency composed of 15 members appointed by the President of the United States and confirmed by the U.S. Senate. Its overall purpose is to promote policies, programs, practices, and procedures that guarantee equal opportunity for all people with disabilities, regardless of the nature of severity of the disability; and to empower people with disabilities to achieve economic self-sufficiency, independent living, and inclusion and integration into all aspects of society.

This committee is necessary to provide advice and recommendations to NCD on international disability issues.

We currently have balanced membership representing a variety of disabling conditions from across the United States.

*Open Meeting/Conference Call:* This advisory committee meeting/conference call of NCD will be open to the public. However, due to fiscal constraints and staff limitations, a limited number of additional lines will be available. Individuals can also participate in the

conference call at the NCD office. Those interested in joining this conference call should contact the appropriate staff member listed above. Records will be kept of all International Watch meetings/conference calls and will be available after the meeting for public inspection at NCD.

Signed in Washington, DC, on November 14, 2000.

**Ethel D. Briggs,**

*Executive Director.*

## NUCLEAR REGULATORY COMMISSION

### Agency Information Collection Activities: Submission for OMB Review; Comment Request

**AGENCY:** U.S. Nuclear Regulatory Commission (NRC).

**ACTION:** Notice of the OMB review of information collection and solicitation of public comment.

**SUMMARY:** The NRC recently submitted to OMB for review the following proposal for the collection of information under the provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35). The NRC hereby informs potential respondents that an agency may not conduct or sponsor, and that a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

1. *Type of submission, new, revision, or extension:* New.

2. *The title of the information collection:* General Licensee Registration.

3. *The form number, if applicable:* NRC Form 664.

4. *How often the collection is required:* Annually.

5. *Who will be required or asked to report:* General Licensees of the NRC who possess devices subject to registration under 10 CFR 31.5.

6. *An estimate of the number of annual respondents:* 4,300.

7. *An estimate of the total number of hours needed annually to complete the requirement or request:* 1,433 hours annually (4,300 respondents x 20 minutes per form).

8. *An indication of whether Section 3504(h), Pub. L. 96-511 applies:* Applicable.

9. *Abstract:* NRC Form 664 would be used by NRC general licensees to make reports regarding certain generally licensed devices subject to registration. The registration program is intended to

allow NRC to better track general licensees, so that they can be contacted or inspected as necessary, and to make sure that generally licensed devices can be identified even if lost or damaged, and to further ensure that general licensees are aware of and understand the requirements for the possession of devices containing byproduct material. Greater awareness helps to ensure that general licensees will comply with the requirements for proper handling and disposal of generally licensed devices and would reduce the potential for incidents that could result in unnecessary radiation exposure to the public and contamination of property.

A copy of NRC Form 664 and the final OMB supporting statement may be viewed free of charge at the NRC Public Document Room, One White Flint North, 11555 Rockville Pike, Room 1F23, Rockville, MD 20852. OMB clearance requests are also available at the NRC Worldwide web site: <http://www.nrc.gov/NRC/PUBLIC/OMB/index.html>. The OMB supporting statement, and NRC Form 664 will be available on the NRC home page for 60 days after the signature date of this notice.

Comments and questions should be directed to the OMB reviewer by December 18, 2000. Comments received after this date will be considered if it is practical to do so, but assurance of consideration cannot be given to comments received after this date.

Amy Farrell, Office of Information and Regulatory Affairs (3150- ), NEOB-10202, Office of Management and Budget, Washington, DC 20503, (202) 395-7318.

The NRC Clearance Officer is Brenda Jo. Shelton, 301-415-7233.

Dated at Rockville, MD, on this 13th day of November, 2000.

For the Nuclear Regulatory Commission.

**Beth C. St. Mary,**

*Acting NRC Clearance Officer, Office of the Chief Information Officer.*

## NUCLEAR REGULATORY COMMISSION

### Advisory Committee on Reactor Safeguards; Meeting Notice

In accordance with the purposes of Sections 29 and 182b. of the Atomic Energy Act (42 U.S.C. 2039, 2232b), the Advisory Committee on Reactor Safeguards will hold a meeting on December 6-9, 2000, in Conference Room T-2B3, 11545 Rockville Pike,

Rockville, Maryland. The date of this meeting was previously published in the **Federal Register** on Thursday, October 14, 1999 (64 FR 55787).

### Wednesday, December 6, 2000

1 p.m.-1:05 p.m.: *Opening Statement by the ACRS Chairman* (Open)—The ACRS Chairman will make opening remarks regarding the conduct of the meeting.

1:05 p.m.-3 p.m.: *Issues Associated with Core Power Uprates* (Open)—The Committee will hear presentations by and hold discussions with representatives of the NRC staff regarding issues associated with core power uprates, including: Staff plans for developing a Standard Review Plan Section for power uprate reviews; staff position regarding the need for applying risk-informed decisionmaking in the review of significant power uprate applications; and other related matters.

3:15 p.m.-4:45 p.m.: *Differing Professional Opinion (DPO) on Steam Generator Tube Integrity* (Open)—The Committee will hear a report by the Chairman of the Ad Hoc Subcommittee on DPO regarding conclusions and recommendations of the Ad Hoc Subcommittee on the technical merits of the DPO issues, and will meet with representatives of the NRC staff and the DPO author, as needed.

4:45 p.m.-5 p.m.: *Subcommittee Report* (Open)—The Committee will hear a report by the Chairman of the Thermal-Hydraulic Phenomena Subcommittee regarding the status of review of the GE Nuclear Energy TRACG best-estimate thermal-hydraulic code.

5 p.m.-5:15 p.m.: *Subcommittee Report* (Open)—The Committee will hear a report by the Chairman of the Plant Systems Subcommittee regarding ABB/CE and Siemens digital I&C applications and insights gained from a meeting with the RSK on digital I&C in Germany during November 2000.

5:30 p.m.-7 p.m.: *Discussion of Proposed ACRS Reports* (Open)—The Committee will discuss proposed ACRS reports. In addition, it will prepare a response to the Commission request that the ACRS provide a detailed discussion on how the perceived weaknesses with industry-developed thermal-hydraulic codes may adversely affect the NRC's regulatory role and provide more specific recommendations on how those weaknesses should be addressed.

### Thursday, December 7, 2000

8:30 a.m.-8:35 a.m.: *Opening Statement by the ACRS Chairman* (Open)—The ACRS Chairman will make opening remarks regarding the conduct of the meeting.

8:35 a.m.-9:30 a.m.: *Meeting with NRC Commissioner Diaz* (Open)—The Committee will meet with NRC Commissioner Diaz to discuss the NRC Safety Research Program and other items of mutual interest.

9:45 a.m.-11:45 a.m.: *South Texas Project Exemption Request* (Open)—The Committee will hear presentations by and hold discussions with representatives of the NRC staff and South Texas Project
