Petitioners are requested to provide further information to establish that Litchfield Beach and Olanta are communities for allotment purposes. They are also asked to provide information on any public interest benefit other than provision of a first local transmission service which would justify the grant of the reallocation of Channel 286A from Johnsonville to Olanta, as it would result in the removal of the sole local transmission service at Johnsonville.

Provisions of the Regulatory Flexibility Act of 1980 do not apply to this proceeding. Members of the public should note that from the time a Notice of Proposed Rule Making is issued until the matter is no longer subject to Commission consideration or court review, all *ex parte* contacts are prohibited in Commission proceedings, such as this one, which involve channel allotments. See 47 CFR 1.1204(b) for rules governing permissible *ex parte* contact.
