ENVIRONMENTAL PROTECTION AGENCY
40 CFR Part 372
[OEI-100004A; FRL-6722-5]
AGENCY: Environmental Protection Agency (EPA).
ACTION: Proposed rule; extension of comment period.
SUMMARY: On September 5, 2000, EPA issued a proposed rule, in response to a petition filed under section 313(e)(1) of the Emergency Planning and Community Right-to-Know Act (EPCRA), to add a diisononyl phthalate (DINP) category to the list of toxic chemicals subject to the reporting requirements under EPCRA section 313 and section 6607 of the Pollution Prevention Act (PPA). EPA proposed to add this chemical category to the EPCRA section 313 list pursuant to its authority to add chemicals and chemical categories because EPA believes this category meets the EPCRA section 313(d)(2)(B) toxicity criterion. The purpose of today’s action is to inform interested parties that, in an effort to ensure adequate opportunities for input from all affected parties, EPA is extending the comment period by 60 days until February 2, 2001. The comment period for the proposed rule was initially scheduled to close on December 4, 2000.
DATES: Comments, identified by the docket control number OEI-100004, must be received by EPA on or before February 2, 2001.

II. Background Information

A. What Does this Notice Do and What Action Does this Notice Affect?

This document extends the comment period for EPA’s September 5, 2000 proposed rule (65 FR 53681) to add a DINP category to the list of toxic chemicals subject to the reporting requirements under EPCRA section 313 and section 6607 of the PPA.

B. Why and for How Long is EPA Extending the Comment Period?

EPA has received several requests to extend the comment period for the September 5, 2000 proposed rule. In order to ensure adequate opportunities for input from all affected parties, EPA has determined that extending the comment period is an appropriate action and will not cause significant delay in the evaluation of the proposed rule. Therefore, EPA is extending the comment period on the September 5, 2000 proposed rule by 60 days. All comments must be received by February 2, 2001.

III. Do Any of the Regulatory Assessment Requirements Apply to this Action?

No. As indicated previously, this action merely announces the extension of the comment period for the proposed rule. This action does not impose any new requirements. As such, this action does not require review by the Office of Management and Budget (OMB) under Executive Order 12866, entitled Regulatory Planning and Review (58 FR 51735, October 4, 1993), the Paperwork Reduction Act (PRA), 44 U.S.C. 3501 et seq., or Executive Order 13045, entitled Protection of Children from Environmental Health Risks and Safety Risks (62 FR 19885, April 23, 1997). This action does not impose any enforceable duty, contain any unfunded mandate, or impose any significant or unique impact on small governments as described in the Unfunded Mandates Reform Act of 1995 (Public Law 104-4). Nor does it require prior consultation with State, local, and Tribal government officials as specified by Executive Order 13132, entitled Federalism (64 FR 43255, August 10, 1999) and Executive Order 13084, entitled Consultation and Coordination with Indian Tribal Governments (63 FR 27655, May 19, 1998), or special consideration of environmental justice related issues under Executive Order 12898, entitled Federal Actions to Address Environmental Justice in Minority Populations and Low-Income Populations (59 FR 7629, February 16, 1994) or require OMB review in accordance with Executive Order 13045, entitled Protection of Children from Environmental Health Risks and Safety Risks (62 FR 19885, April 23, 1997). The Agency has determined that this action will not have a substantial direct effect on States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government, as specified in Executive Order 12612, entitled Federalism (52 FR 41685, October 30, 1987). This action does not involve any technical standards that would require Agency consideration of voluntary consensus standards pursuant to section 12(d) of the National Technology Transfer and Advancement Act of 1995 (NTTAA), Public Law 104-113, section 12(d) (15 U.S.C. 272 note). In addition, since this action is not subject to notice-and-comment requirements under the Administrative Procedure Act or any other statute, it is not subject to the regulatory flexibility provisions of the Regulatory Flexibility Act (RFA) (5 U.S.C. 601 et seq.). EPA’s compliance with these statutes and Executive Orders for the underlying proposed rule, is discussed in the preamble to the proposed rule (65 FR 53681).
