Availability of NPRMs

Any person may obtain a copy of this Notice of Proposed Rulemaking (NPRM) by submitting a request to the Office of the Regional Counsel, AEA-7, F.A.A. Eastern Region, 1 Aviation Plaza, Jamaica NY, 11434-4809. Communications must identify the notice number of this NPRM. Persons interested in being placed on a mailing list for future NPRMs should also request a copy of Advisory Circular No. 11-2A, which describes the application procedure.

The Proposal

The FAA is considering an amendment to Part 71 of the Federal Aviation Regulations (14 CFR Part 71) to establish Class E airspace area at Culpepper, VA. A RNAV Point in Space Approach has been developed for Culpepper Memorial Hospital Heliport Culpepper, VA. Controlled airspace extending upward from 700 feet AGL is needed to accommodate the approach. Class E airspace designations for airspace areas extending upward from 700 feet or more above the surface are published in Paragraph 6005 of FAA Order 7400.9H, dated September 1, 2000, and effective September 16, 2000, which is incorporated by reference in 14 CFR 71.1. The Class E airspace designation listed in this document would be published subsequently in the Order.

The FAA has determined that this proposed regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. Therefore, this proposed regulation—(1) is not a “significant regulatory action” under Executive Order 12866; (2) is not a “significant rule” under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979) and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that would only affect air traffic procedures and air navigation, it is certified that this proposed rule would not have significant economic impact on a substantial number of small

entities under the criteria of the Regulatory Flexibility Act.

Amendment to Class E Airspace; Charlottesville, VA

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice of proposed rulemaking.

SUMMARY: This document proposes to establish Class E airspace at Charlottesville, VA. A helicopter Point in Space approach, has been developed for University of Virginia Medical Center, Charlottesville, VA. Controlled

airspace extending upward from 700 feet to 1200 feet Above Ground Level (AGL) is needed to contain aircraft executing the approach. This action proposes to establish Class E airspace to include the Point in Space approach to University of Virginia Medical Center Heliport. The area would be depicted on aeronautical charts for pilot reference.

DATES: Comments must be received on or before December 22, 2000.

ADDRESSES: Send comments on the proposal in triplicate to: Manager, Airspace Branch, AEA-520, Docket No. 00-AEA-11, F.A.A. Eastern Region, 1 Aviation Plaza, Jamaica, NY 11434-4809.

Comments Invited

Interested parties are invited to participate in this proposed rulemaking by submitting such written data, views, or arguments as they may desire. Comments that provide the factual basis supporting the views and suggestions presented are particularly helpful in developing reasoned regulatory decisions on the proposal. Comments are specifically invited on the overall regulatory, economic, environmental, and energy-related aspects of the proposal. Communications should identify the airspace docket number and be submitted in triplicate to the address listed above. Commenters wishing the FAA to acknowledge receipt of their comments on this notice must submit with those comments a self-addressed, stamped postcard on which the following statement is made: “Comments to Airspace Docket No. 00-AEA-11.” The postcard will be date/time stamped and returned to the commenter. All communications received on or before the closing date for comments will be considered before taking action on the proposed rule. The proposal contained in this notice may be changed in light of comments received. All comments submitted will be available for examination in the

Rules Docket both before and after the closing date for comments. A report summarizing each substantive public contact with the FAA personnel concerned with this rulemaking will be filed in the docket.

SUPPLEMENTARY INFORMATION:

Background

In part, as a result of three large vessel groundings within an 18-day period in the fall of 1989 on the coral reef tract of the Florida Keys, Congress passed the Florida Keys National Marine Sanctuary and Protection Act (FKNMSPA), designating the area as the Florida Keys National Marine Sanctuary (FKNMS). The primary goal of this legislation is to protect the health of the fragile ecosystem of the Florida Keys. Among other things, to accomplish this goal, Congress established four ATBAs where tank vessels and vessels larger than 50 meters are prohibited from entering. Under the FKNMSPA, NOAA and the USCG have the authority to amend the ATBAs.

On April 21, 1998, pursuant to input from the shipping industry, the FKNMS Sanctuary Advisory Council (SAC) recommended a revision to the boundary of the northernmost ATBA to eliminate a small portion of the boundary near “the Elbow” which juts
