Four HWGs—Powerplant Installation, Mechanical Systems, Loads & Dynamics, and Flight Control—plan to request ARAC approval of technical reports drafted under the Fast Track Process. The EHWG plans to seek approval to forward to the FAA for economic and legal reviews a notice of proposed rulemaking (NPRM) and advisory circular (AC) addressing electrical and electronic engine control systems. The Airworthiness Assurance Working Group plans to seek approval to forward to the FAA an NPRM and AC addressing widespread fatigue damage.

Attendance is open to the public, but will be limited to the availability of meeting room space and telephone lines. Details for participating in the teleconference will be available after November 27 by contacting the person listed in the **FOR FURTHER INFORMATION CONTACT** section. Callers outside the Washington metropolitan area will be responsible for paying long distance charges.

The public must make arrangements by December 1 to present oral statements at the meeting. Written statements may be presented to the committee at any time by providing 25 copies to the Assistant Executive Director for Transport Airplane and Engine issues or by providing copies at the meeting. Copies of the documents to be presented to ARAC for decision or as recommendations to the FAA may be made available by contacting the person listed under the heading **FOR FURTHER INFORMATION CONTACT**.

If you are in need of assistance or require a reasonable accommodation for the meeting or meeting documents, please contact the person listed under the heading **FOR FURTHER INFORMATION CONTACT**. Sign and oral interpretation, as well as a listening device, can be made available if requested 10 calendar days before the meeting.

Issued in Washington, DC, on November 15, 2000.
