[CFDA No.: 84.293C]

Foreign Language Assistance Grants
(State Educational Agencies); Notice
Inviting Applications for New Awards
for Fiscal Year (FY) 2001

Note to Applicants: This notice is a complete application package. Together with the statute authorizing the program and applicable regulations governing the program, including the Education Department General Administrative Regulations (EDGAR), this notice contains all of the information, application forms, and instructions needed to apply for an award under this competition.

Purpose of Program: This program provides grants to pay for the Federal share of the cost of innovative model programs providing for the establishment, improvement, or expansion of foreign language study for elementary and secondary school students.

In awarding grants under this program, the Secretary supports projects that promote systemic approaches to improving foreign language learning in the State.

Eligible Applicants: State educational agencies.

Available Funds: $800,000.

The Administration has requested $800,000 for new grants under this program for FY 2001. The actual level of funding, if any, depends on final congressional action. However, we are inviting applications to allow enough time to complete the grant process before the end of the fiscal year, if Congress appropriates funds for this program.

Estimated Range of Awards: $30,000–$70,000.

Estimated Average Size of Awards: $50,000.

Estimated Number of Awards: 16.

Note: The Department is not bound by any estimates in this notice.

Project Period: 36 months.

Applicable Regulations: (a) The Education Department General Administrative Regulations (EDGAR) in 34 CFR parts 75, 77, 79, 80, 81, 82, 85, 86, 97, 98, and 99.

(b) 34 CFR part 299.

Description of Program

Part B of Title VII of the Elementary and Secondary Education Act of 1965, as amended (the Act), authorizes the Foreign Language Assistance Grants program. Appropriations for this program are authorized by section 7206 of the Act.

Applicants should note that section 7203(c)(1) provides that the Federal share of the cost of activities assisted under this part for each fiscal year shall be 50 percent. Section 7203(c)(3) of the Act provides that at least 75 percent of the funds appropriated under section 7206 shall be used for the expansion of foreign language learning in elementary grades. The Secretary does not fund projects that propose Native American languages.

Priority

Under 34 CFR 75.105(b)(2)(iv) and (c)(2)(i) and section 7204(b) of the Act (20 U.S.C. 7514(b)), the Secretary gives preference to applications that meet the following competitive priority by awarding three additional points to applications that propose to carry out one or more of the activities specified in a particularly effective way. These points would be in addition to any points the application earns under the selection criteria for the program:

Competitive Preference Priority—Special Considerations (3 points)

Priority: Projects that propose to carry out one or more of the following activities: (1) Intensive summer foreign language programs for professional development; (2) linking non-native English speakers in the community with the schools in order to promote two-way language learning; or (3) promoting the sequential study of a foreign language, beginning in elementary schools.

Selection Criteria

(a)(1) The Secretary uses the following selection criteria in 34 CFR 75.210 and section 7203 of the Act to evaluate applications for the new grants under this competition.

(2) The maximum score for all of these criteria is 100 points.

(3) The maximum score for each criterion is indicated in parentheses.

(b) The criteria.

(1) Need for the project. (10 points)

The Secretary considers the need for the project. In determining the need for the proposed project, the Secretary considers the following factors:

(i) The magnitude of the need for services to be provided or the activities to be carried out by the proposed project.

(ii) The extent to which specific gaps or weaknesses in services, infrastructure, or opportunities have been identified and will be addressed by the proposed project, including the nature and magnitude of those gaps or weaknesses.

(Authority: 34 CFR 75.210 (a)(iii) and (v)

(2) Significance. (20 points)

The Secretary reviews each application to determine how well the proposed project will implement foreign language instructional programs that promote systemic approaches to improving foreign language learning in the State.

(Authority: 20 U.S.C. 7513 (b)(1))

(3) Quality of project design. (25 points)

The Secretary considers the quality of the design of the proposed project. In determining the quality of the design of the proposed project, the Secretary considers the following factors:

(i) The extent to which the goals, objectives, and outcomes to be achieved by the proposed project are clearly specified and measurable.

(ii) The extent to which the design of the proposed project reflects up-to-date knowledge from research and effective practice.

(iii) The extent to which the proposed project is part of a comprehensive effort to improve teaching and learning and support rigorous academic standards for students.

(Authority: 34 CFR 75.210 (c)(i), (xiii) and (xviii))

(4) Quality of project services. (20 points)

(i) The Secretary considers the quality of services to be provided by the proposed project.

(ii) In determining the quality of the services to be provided by the proposed project, the Secretary considers the quality and sufficiency of strategies for ensuring equal access and treatment for eligible project participants who are members of groups that have traditionally been underrepresented based on race, color, national origin, gender, age, or disability.

(iii) In addition, the Secretary considers the following factors:

(A) The extent to which the services to be provided by the proposed project are appropriate to the needs of the intended recipients or the beneficiaries of those services.

(B) The extent to which the services to be provided by the proposed project reflect up-to-date knowledge from research and effective practice.

(C) The likelihood that the services to be provided by the proposed project will lead to improvements in the achievement of students as measured against rigorous academic standards.
The Secretary considers the quality of the evaluation to be conducted of the proposed project. In determining the quality of the evaluation, the Secretary considers the following factors:
(i) The extent to which the methods of evaluation are thorough, feasible, and appropriate to the goals, objectives, and outcomes of the proposed project.
(ii) The extent to which the methods of evaluation will provide performance feedback and permit periodic assessment of progress toward achieving intended outcomes.
(iii) The extent to which the evaluation will provide guidance about effective strategies suitable for replication or testing in other settings.

Authority: 34 CFR 75.210(h)(i) and (vi–(vii))

Intergovernmental Review of Federal Programs

This program is subject to the requirements of Executive Order 12372 (Intergovernmental Review of Federal Programs) and the regulations in 34 CFR part 79.

One of the objectives of the Executive order is to foster an intergovernmental partnership and to strengthen federalism by relying on State and local processes for State and local government coordination and review of proposed Federal financial assistance.

Applicants must contact the appropriate State Single Point of Contact to find out about, and to comply with, the State’s process under Executive Order 12372. Applicants proposing to perform activities in more than one State should immediately contact the Single Point of Contact for each of those States and follow the procedure established in each State under the Executive order. If you want to know the name and address of any State Single Point of Contact (SPOC), see the list published in the Federal Register on April 28, 1999 (64 FR 22963); or you may view the latest SPOC list on the OMB Web site at the following address: http://www.whitehouse.gov/omb/grants.

In States that have not established a process or chosen a program for review, State, area-wide, regional, and local entities may submit comments directly to the Department.

Any State Process Recommendation and other comments submitted by a State Single Point of Contact and any comments from State, area-wide, regional, and local entities must be mailed or hand-delivered by the date indicated in this notice to the following address: The Secretary, E.O. 12372—CFDA# 84.293C, U.S. Department of Education, Room 6213, 400 Maryland Avenue, SW., Washington, DC 20202–0124.

Proof of mailing will be determined on the same basis as applications (see 34 CFR 75.102). Recommendations or comments may be hand-delivered until 4:30 p.m. (Eastern time) on the date indicated in this notice.

Please note that the above address is not the same address as the one to which the applicant submits its completed application. Do not send applications to the above address.

Instructions for Transmittal of Applications: (a) If an applicant wants to apply for a grant, the applicant must—

(1) Mail the original and two copies of the application on or before the deadline date to: U.S. Department of Education, Application Control Center, Attention: (CFDA# 84.293C), Washington, DC 20202–4725; or

(1) A private metered postmark.

(2) A mail receipt that is not dated by the U.S. Postal Service.

Notes: (1) The U.S. Postal Service does not uniformly provide a dated postmark. Before relying on this method, an applicant should check with its local post office.

(2) The Application Control Center will mail a Grant Application Receipt Acknowledgment to each applicant. If an applicant fails to receive the notification of application receipt within 15 days from the date of mailing the application, the applicant should call the U.S. Department of Education Application Control Center at (202) 708–9495.

1. Legal Name and Address. Enter the legal name of applicant and the name of the primary organizational unit which will undertake the assistance activity.

2. D-U-N-S Number. Enter the applicant’s D-U-N-S Number. If your organization does not have a D-U-N-S Number, you can obtain the number by calling 1-800-333-0505 or by completing a D-U-N-S Number Request Form. The form can be obtained via the Internet at the following URL: http://www.dnb.com/dbis/aboutdnb/intlduns.htm.

3. Tax Identification Number. Enter the tax identification number as assigned by the Internal Revenue Service.

4. Catalog of Federal Domestic Assistance (CFDA) Number. Enter the CFDA number and title of the program under which assistance is requested.

5. Project Director. Name, address, telephone and fax numbers, and e-mail address of the person to be contacted on matters involving this application.

6. Federal Debt Delinquency. Check “Yes” if the applicant’s organization is delinquent on any Federal debt. (This question refers to the applicant’s organization and not to the person who signs as the authorized representative. Categories of debt include delinquent audit disallowances, loans and taxes.) Otherwise, check “No.”

7. Type of Applicant. Enter the appropriate letter in the box provided.

8. Novice Applicant. Check “Yes” only if assistance is being requested under a program that gives special consideration to novice applicants and you meet the program requirements for novice applicants. By checking “Yes” the applicant certifies that it meets the novice applicant requirements specified by ED. Otherwise, check “No.”

10. Executive Order 12372. Check “Yes” if the application is subject to review by Executive Order 12372. Also, please enter the month, date, and four (4) digit year (e.g., 12/12/2000). Applicants should contact the State Single Point of Contact (SPOC) for Federal Executive Order 12372 to determine whether the application is subject to the State intergovernmental review process. Otherwise, check “No.”

11. Proposed Project Dates. Please enter the month, date, and four (4) digit year (e.g., 12/12/2000).

12. Human Subjects. Check “Yes” gg “No”. If research activities involving human subjects are not planned at any time during the proposed project period, check “No.” The remaining parts of Item 12 are then not applicable.

If research activities involving human subjects, whether or not exempt from Federal regulations for the protection of human subjects, are planned at any time during the proposed project period, either at the applicant organization or at any other performance site or collaborating institution, check “Yes.” If all the research activities are designated to be exempt under the regulations, enter, in item 12a, the exemption number(s) corresponding to one or more of the six exemption categories listed in “Protection of Human Subjects in Research” attached to this form. Provide sufficient information in the application to allow a determination that the designated exemptions in item 12a, are appropriate. Provide this narrative information in an “Item 12/Protection of Human Subjects Attachment” and insert this attachment immediately following the ED 424 face page. Skip the remaining parts of item 12.

If some or all of the planned research activities involving human subjects are covered (nonexempt), skip item 12a and continue with the remaining parts of item 12, as noted below. In addition, follow the instructions in “Protection of Human Subjects in Research” attached to this form to prepare the six-point narrative about the nonexempt activities. Provide this six-point narrative in an “Item 12/Protection of Human Subjects Attachment” and insert this attachment immediately following the ED 424 face page.

If the applicant organization has an approved Multiple Project Assurance of Compliance on file with the Grants Policy and Oversight Staff (GPOS), U.S. Department of Education, or with the Office for Protection from Research Risks (OPRR), National Institutes of Health, U.S. Department of Health and Human Services, that covers the specific activity, enter the Assurance number in item 12b and the date of approval by the Institutional Review Board (IRB) of the proposed activities in item 12c. This date must be no earlier than one year before the receipt date for which the application is submitted and must include the four (4) digit year (e.g., 2000). Check the type of IRB review in the appropriate box. An IRB may use the expedited review procedure if it complies with the requirements of 34 CFR 97.110. If the IRB review is delayed beyond the submission of the application, enter “Pending” in item 12c. If your application is recommended/selected for funding, a follow-up certification of IRB approval from an official signing for the applicant organization must be sent to and received by the designated ED official within 30 days after a specific formal request from the designated ED official. If the applicant organization does not have on file with GPOS or OPRR an approved Assurance of Compliance that covers the proposed research activity, enter “None” in item 12b and skip 12c. In this case, the applicant organization, by the signature on the application, is declaring that it will comply with 34 CFR 97 within 30 days after a specific formal request from the designated ED official for the Assurance(s) and IRB certifications.

13. Project Title. Enter a brief descriptive title of the project. If more than one program is involved, you should append an explanation on a separate sheet. If appropriate (e.g., construction or real property projects), attach a map showing project location. For preapplications, use a separate sheet to provide a summary description of this project.

14. Estimated Funding. Amount requested or to be contributed during the first funding/budget period by each contributor. Value of in-kind contributions should be included on appropriate lines as applicable. If the action will result in a dollar change to an existing award, indicate only the amount of the change. For decreases, enclose the amounts in parentheses. If both basic and supplemental amounts are included, show breakdown on an attached sheet. For multiple program funding, use totals and show breakdown using same categories as item 14.

15. Certification. To be signed by the authorized representative of the applicant. A copy of the governing body’s authorization for you to sign this application as official representative must be on file in the applicant’s office.

Be sure to enter the telephone and fax number and e-mail address of the authorized representative. Also, in item 15c, please enter the month, date, and four (4) digit year (e.g., 12/12/2000) in the date signed field.

PROTECTION OF HUMAN SUBJECTS IN RESEARCH
(Attachment to ED 424)

I. Instructions to Applicants about the Narrative Information that Must be Provided if Research Activities Involving Human Subjects are Planned

If you marked item 12 on the application “Yes” and designated exemptions in 12a, (all research activities are exempt), provide sufficient information in the application to allow a determination that the designated exemptions are appropriate. Research involving human subjects that is exempt from the regulations is discussed under II.B. “Exemptions,” below. The Narrative must be succinct. **Provide this information in an “Item 12/Protection of Human Subjects Attachment” and insert this attachment immediately following the ED 424 face page.**

If you marked “Yes” to item 12 on the face page, and designated no exemptions from the regulations (some or all of the research activities are nonexempt), address the following six points for each nonexempt activity. In addition, if research involving human subjects will take place at collaborating site(s) or other performance site(s), provide this information before discussing the six points. Although no specific page limitation applies to this section of the application, be succinct. **Provide the six-point narrative and discussion of other performance sites in an “Item 12/Protection of Human Subjects Attachment” and insert this attachment immediately following the ED 424 face page.**

(1) Provide a detailed description of the proposed involvement of human subjects. Describe the characteristics of the subject population, including their anticipated number, age range, and health status. Identify the criteria for inclusion or exclusion of any subpopulation. Explain the rationale for the involvement of special classes of subjects, such as children, children with disabilities, adults with disabilities, persons with mental disabilities, pregnant women, prisoners, institutionalized individuals, or others who are likely to be vulnerable.

(2) Identify the sources of research material obtained from individually identifiable living human subjects in the form of specimens, records, or data. Indicate whether the material or data will be obtained specifically for research purposes or whether use will be made of existing specimens, records, or data.

(3) Describe plans for the recruitment of subjects and the consent procedures to be followed. Include the circumstances under which consent will be sought and obtained, who will seek it, the nature of the information to be provided to prospective subjects, and the method of documenting consent. State if the Institutional Review Board (IRB) has authorized a modification or waiver of the elements of consent or the requirement for documentation of consent.

(4) Describe potential risks (physical, psychological, social, legal, or other) and assess their likelihood and seriousness. Where appropriate, describe alternative treatments and procedures that might be advantageous to the subjects.

(5) Describe the procedures for protecting against or minimizing potential risks, including risks to confidentiality, and assess their likely effectiveness. Where appropriate, discuss provisions for ensuring necessary medical or professional intervention in the event of adverse effects to the subjects. Also, where appropriate, describe the provisions for monitoring the data collected to ensure the safety of the subjects.

(6) Discuss why the risks to subjects are reasonable in relation to the anticipated benefits to subjects and in relation to the importance of the knowledge that may reasonably be expected to result.

II. Information on Research Activities Involving Human Subjects

A. Definitions.

A research activity involves human subjects if the activity is research, as defined in the Department’s regulations, and the research activity will involve use of human subjects, as defined in the regulations.

—Is it a research activity?

The ED Regulations for the Protection of Human Subjects, Title 34, Code of Federal Regulations, Part 97, define research as “a systematic investigation, including research development, testing and evaluation, designed to develop or contribute to generalizable knowledge.” **If an activity follows a deliberate plan whose purpose is to develop or contribute to generalizable knowledge, such as an exploratory study or the collection of data to test a hypothesis, it is research.** Activities which meet this definition constitute research whether or not they are conducted or supported under a program which is considered research for other purposes. For example, some demonstration and service programs may include research activities.
—Is it a human subject?

The regulations define human subject as “a living individual about whom an investigator (whether professional or student) conducting research obtains (1) data through intervention or interaction with the individual, or (2) identifiable private information.” (1) If an activity involves obtaining information about a living person by manipulating that person or that person’s environment, as might occur when a new instructional technique is tested, or by communicating or interacting with the individual, as occurs with surveys and interviews, the definition of human subject is met. (2) If an activity involves obtaining private information about a living person in such a way that the information can be linked to that individual (the identity of the subject is or may be readily determined by the investigator or associated with the information), the definition of human subject is met. [Private information includes information about behavior that occurs in a context in which an individual can reasonably expect that no observation or recording is taking place, and information which has been provided for specific purposes by an individual and which the individual can reasonably expect will not be made public (for example, a school health record).]

B. Exemptions.

Research activities in which the only involvement of human subjects will be in one or more of the following six categories of exceptions are not covered by the regulations:

1. Research conducted in established or commonly accepted educational settings, involving normal educational practices, such as (a) research on regular and special education instructional strategies, or (b) research on the effectiveness of or the comparison among instructional techniques, curricula, or classroom management methods.

2. Research involving the use of educational tests (cognitive, diagnostic, aptitude, achievement), survey procedures, interview procedures or observation of public behavior, unless: (a) information obtained is recorded in such a manner that human subjects can be identified, directly or through identifiers linked to the subjects; and (b) any disclosure of the human subjects’ responses outside the research could reasonably place the subjects at risk of criminal or civil liability or be damaging to the subjects’ financial standing, employability, or reputation. If the subjects are children, this exemption applies only to research involving educational tests or observations of public behavior when the investigator(s) do not participate in the activities being observed. [Children are defined as persons who have not attained the legal age for consent to treatments or procedures involved in the research, under the applicable law or jurisdiction in which the research will be conducted.]

3. Research involving the use of educational tests (cognitive, diagnostic, aptitude, achievement), survey procedures, interview procedures or observation of public behavior that is not exempt under section (2) above, if the human subjects are elected or appointed public officials or candidates for public office; or federal statute(s) require(s) without exception that the confidentiality of the personally identifiable information will be maintained throughout the research and thereafter.

4. Research involving the collection or study of existing data, documents, records, pathological specimens, or diagnostic specimens, if these sources are publicly available or if the information is recorded by the investigator in a manner that subjects cannot be identified, directly or through identifiers linked to the subjects.

5. Research and demonstration projects which are conducted by or subject to the approval of department or agency heads, and which are designed to study, evaluate, or otherwise examine: (a) public benefit or service programs; (b) procedures for obtaining benefits or services under those programs; (c) possible changes in or alternatives to those programs or procedures; or (d) possible changes in methods or levels of payment for benefits or services under those programs.

6. Taste and food quality evaluation and consumer acceptance studies, (a) if wholesome foods without additives are consumed or (b) if a food is consumed that contains a food ingredient at or below the level and for use found to be safe, or agricultural chemical or environmental contaminant at or below the level found to be safe, by the Food and Drug Administration or approved by the Environmental Protection Agency or the Food Safety and Inspection Service of the U.S. Department of Agriculture.

Part III—Application Narrative

Application Narrative Instructions

Mandatory Page Limit for the Application Narrative

The narrative is the section of the application where you address the selection criteria used by reviewers in evaluating the application. You must limit the narrative to the equivalent of no more than 35 pages, using the following standards:

1. A page is 8.5” x 11”, on one side only with 1” margins at the top, bottom, and both sides
2. You must double space (no more than three lines per vertical inch) all text in the application narrative, including titles, headings, footnotes, quotations, references, and captions, as well as all text in charts, tables, figures, and graphs.

If you use a proportional computer font, you may not use a font smaller than a 12-point font. If you use a non-proportional font or a typewriter, you may not use more than 12 characters per inch.

The page limit does not apply to:

- The Application for Federal Education Assistance Form (ED 424);
- The Budget Information Form (ED 524) and attached itemization of costs; the other application forms and attachments to those forms; the assurances and certifications; or the one-page abstract and table of contents described below.

If, in order to meet the page limit, you use print size, spacing, or margins smaller than the standards specified in this notice, your application will not be considered for funding.

Additional Guidance

Abstract

The narrative section should be preceded by a one-page abstract that includes a short description of the population to be served by the project, project objectives, and planned project activities.

Table of Contents

The application should include a table of contents listing the various parts of the narrative in the order of the selection criteria. The table should include the page numbers where the parts of the narrative are found.

Budget

A separate budget summary and cost itemization must be provided on the Budget Information Form (ED 524) and in the itemized budget for each project year. Budget line items should be directly related to the activities proposed to achieve the goals and objectives of the project.

Selection Criteria

The narrative should address fully all aspects of the selection criteria in the order listed and should give detailed information regarding each criterion. Do not simply paraphrase the criteria. Do not include resumes or curriculum vitae for project personnel; provide position descriptions instead. Do not include bibliographies, letters of support, or appendices in your application.

Final Application Preparation

Submit three copies of the application, including one copy with an original signature on each form that requires the signature of the authorized representative. Do not use elaborate bindings, notebooks, or covers. The application must be mailed or hand-delivered to the U.S. Department of Education Application Control Center (ACC). If mailed, the application must be postmarked by the deadline date.

Additional Materials

Estimated Burden Statement

The valid OMB control number for this information collection is OMB No. 1885-0544 (Exp. 12/31/2001). The time required to complete this information collection is estimated to average 80 hours per response, including the time to review instructions, search existing data resources, gather the data needed, and complete and review the information collection.

If you have any comments concerning the accuracy of the time estimate or suggestions for improving this form, please write to: U.S. Department of Education, Washington, DC 20202-4651.

Q. How does an applicant for the Foreign Language Assistance Program address the requirements set forth by the Government Performance and Results Act (GPRA)?

A. Each applicant should align program goals and objectives with the following GPRA indicators for the Foreign Language Assistance Program:

Goal: Help students reach the national education objective of mastering one or more foreign languages.

Objective 1: Improve foreign language proficiency of students served by the Foreign Language Assistance Program (FLAP).

Indicator 1.1: Increased student achievement: The percentage of students participating in Foreign Language Assistance Program-supported instruction who demonstrate educationally significant progress toward achieving communicative language proficiency will increase annually.

Objective 2: Build capacity of schools in FLAP to teach foreign languages.

Indicator 2.1: Percentage of grantees who use national standards for determining student performance gains will increase annually.

Q. How does an applicant comply with Executive Order 12372, the Intergovernmental Review of Federal Programs, item #10 of the Application for Federal Education Assistance (ED 424)?

A. Applicants must first review the State Single Point of Contact (SPOC) list available at http://www.whitehouse.gov/omb/grants/spsc.html. If a State contact is included in the list, the applicant must contact the SPOC to inquire about the State’s process under Executive Order 12372. If the State requests the application for review, a copy of the cover letter sent to the State contact must be submitted with the application package and Item #10 checked. Yes with the date included. If the program is not covered by the Executive order, or the State has not selected the program for review, Item #10 must be checked No and the reason checked.

Q. How can State educational agencies support programs that promote systemic approaches to improving foreign language learning in the States?

A. Activities may include staff development, curriculum development, development of State standards and appropriate assessment strategies, and use of instructional technology to improve foreign language learning in the States.

Q. How will the Secretary comply with the statutory requirement, set out in section 7204(b) of the Elementary and Secondary Education Act, to give special consideration to applications that describe programs that:

1. Include intensive summer foreign language programs for professional development; 2. Link non-native English speakers in the community; or 3. Promote the sequential study of a foreign language for students, beginning in elementary schools?

A. The Secretary has established a competitive priority to comply with this statutory requirement. Under that priority, the Secretary awards three additional points to applications that propose to carry out one or more of the activities specified in section 7204(b) of the Act in a particularly effective way. These points would be in addition to any points the application earns under the Selection Criteria. This priority is set out in full in the Application Notice.

Q. How can an applicant promote two-way language learning?

A. Two-way language learning is promoted through encouraging interaction between non-native English speakers and foreign language learners in an instructional setting for purposes of facilitating foreign language acquisition. Although improvement of the English language skills of non-native English speakers is a desirable ancillary benefit of a project that utilizes two-way language learning, the primary focus of projects funded under the Foreign Language Assistance program must be on foreign language learning. As a consequence, funds received under the Foreign Language Assistance Program may not be used to fund an activity that is solely or primarily concerned with English language instruction.

Q. What is the definition of “elementary school” or “secondary school”?

A. The definitions of these two terms are set out in section 14101 of the Elementary and Secondary Education Act. The term “elementary school” means a non-profit institutional day or residential school that provides elementary education, as determined under State law. The term “secondary school” means a non-profit...
institutional day or residential school that provides secondary education as determined under State law, except that such term does not include any education beyond the twelfth grade.

Q. What is the State’s or LEA’s share of costs for the Foreign Language Assistance Program for each fiscal year?
A. The State’s or LEA’s share is 50 percent. However, a waiver may be granted for an LEA if the Secretary determines that the LEA does not have adequate resources to pay the non-Federal share of the cost of the activities. (Section 7203(c), 20 U.S.C. 7513(c)). The Education Department General Administrative Regulations, at 34 CFR 80.24, also addresses Federal Cost sharing requirements.

Q. What is the ultimate goal of effective foreign language education programs?
A. The ultimate goal of effective foreign language education programs is to develop communicative competency in a foreign language. The Secretary interprets “communicative competency” to mean the ability to communicate in meaningful and effective ways in a foreign language.

NOTICE TO ALL APPLICANTS

The purpose of this enclosure is to inform you about a new provision in the Department of Education's General Education Provisions Act (GEPA) that applies to applicants for new grant awards under Department programs. This provision is Section 427 of GEPA, enacted as part of the Improving America's Schools Act of 1994 (Pub. L. 103-382).

To Whom Does This Provision Apply?

Section 427 of GEPA affects applicants for new grant awards under this program. ALL APPLICANTS FOR NEW AWARDS MUST INCLUDE INFORMATION IN THEIR APPLICATIONS TO ADDRESS THIS NEW PROVISION IN ORDER TO RECEIVE FUNDING UNDER THIS PROGRAM.

(If this program is a State-formula grant program, a State needs to provide this description only for projects or activities that it carries out with funds reserved for State-level uses. In addition, local school districts or other eligible applicants that apply to the State for funding need to provide this description in their applications to the State for funding. The State would be responsible for ensuring that the school district or other local entity has submitted a sufficient section 427 statement as described below.)

What Does This Provision Require?

Section 427 requires each applicant for funds (other than an individual person) to include in its application a description of the steps the applicant proposes to take to ensure equitable access to, and participation in, its Federally-assisted program for students, teachers, and other program beneficiaries with special needs. This provision allows applicants discretion in developing the required description. The statute highlights six types of barriers that can impede equitable access or participation: gender, race, national origin, color, disability, or age. Based on local circumstances, you should determine whether these or other barriers may prevent your students, teachers, etc. from such access or participation in the, the Federally-funded project or activity. The description in your application of steps to be taken to overcome these barriers need not be lengthy; you may provide a clear and succinct description of how you plan to address those barriers that are applicable to your circumstances. In addition, the information may be provided in a single narrative, or, if appropriate, may be discussed in connection with related topics in the application.

Section 427 is not intended to duplicate the requirements of civil rights statutes, but rather to ensure that, in designing their projects, applicants for Federal funds address equity concerns that may affect the ability of certain potential beneficiaries to fully participate in the project and to achieve to high standards. Consistent with program requirements and its approved application, an applicant may use the Federal funds awarded to it to eliminate barriers it identifies.

What are Examples of How an Applicant Might Satisfy the Requirement of This Provision?

The following examples may help illustrate how an applicant may comply with Section 427.

(1) An applicant that proposes to carry out an adult literacy project serving, among others, adults with limited English proficiency, might describe in its application how it intends to distribute a brochure about the proposed project to such potential participants in their native language.

(2) An applicant that proposes to develop instructional materials for classroom use might describe how it will make the materials available on audio tape or in braille for students who are blind.

(3) An applicant that proposes to carry out a model science program for secondary students and is concerned that girls may be less likely than boys to enroll in the course, might indicate how it intends to conduct "outreach" efforts to girls, to encourage their enrollment.

We recognize that many applicants may already be implementing effective steps to ensure equity of access and participation in their grant programs, and we appreciate your cooperation in responding to the requirements of this provision.

Estimated Burden Statement for GEPA Requirements

The time required to complete this information collection is estimated to vary from 1 to 3 hours per response, with an average of 1.5 hours, including the time to review instructions, search existing data resources, gather and maintain the data needed, and complete and review the information collection. If you have any comments concerning the accuracy of the time estimate(s) or suggestions for improving this form, please write to: U.S. Department of Education, Washington, DC 20202-4651.
