BILLING CODE 1650-01-P

NUCLEAR REGULATORY COMMISSION

[Docket Nos. 50-277 and 50-278]

PECO Energy Company and PSEG Nuclear LLC et al.; Notice of Consideration of Approval of Transfer of Facility Operating Licenses and Conforming Amendments, and Opportunity for a Hearing

The U.S. Nuclear Regulatory Commission (the Commission) is considering the issuance of an order under 10 CFR 50.80 approving the transfer of Facility Operating License No. DPR-44 for the Peach Bottom Atomic Power Station (PBAPS), Unit 2, and Facility Operating License No. DPR-56 for PBAPS, Unit 3, to the extent currently held by the Delmarva Power & Light Company (DP&L) and the Atlantic City Electric Company (ACE) in connection with each of their 7.51 percent undivided ownership interests in each of the two Peach Bottom units. The transfer would be to PSEG Nuclear LLC, and to either the PECO Energy Company (PECO) as a subsidiary of Exelon Corporation, or to Exelon Generation Company, LLC (EGC) as an indirect subsidiary of Exelon Corporation, depending on the timing of the transfers. The Commission is also considering amending the licenses for administrative purposes to reflect the proposed transfer.

The Commission previously issued an order on April 21, 2000, approving the transfer of half of the ownership interests of DP&L and ACE in PBAPS Units 2 and 3 to PSEG Nuclear LLC and the other half to PECO. One of the bases of that order was that the interests of

DP&L and ACE would be transferred collectively and simultaneously. On the other hand, it was not necessarily assumed that PECO would be a subsidiary of Exelon Corporation. PECO became a subsidiary of Exelon Corporation on October 20, 2000.

According to an application for approval dated October 10, 2000, filed by PECO on behalf of itself, PSEG Nuclear LLC, DP&L, and ACE, the transfer of each of the half-interests of DP&L and ACE may not occur at the same time; the transfer of the ACE interests may be delayed until after the transfer of the DP&L interests. If the DP&L and ACE interests are not transferred simultaneously and collectively, decommissioning funding arrangements would be changed from what had been previously approved by the April 21, 2000 order. In particular, a contractual guarantee by ACE would be utilized to provide, in part, decommissioning funding assurance with respect to any DP&L transfer occurring first. Furthermore, those DP&L and ACE interests originally proposed and approved to be transferred to PECO are now explicitly being proposed to be transferred directly from DP&L and ACE, or ultimately and indirectly through PECO, to EGC. Although the transfer of PECO's current 42.49 percent ownership interest in PBAPS, Units 2 and 3, to EGC has been approved by an order dated August 3, 2000, approving certain license transfers, the transfer of half of the current DP&L and ACE ownership interests to EGC has not been expressly approved by the NRC. By the October 10, 2000, application filed, PECO is seeking all NRC approvals that would be necessary to permit the implementation of any of the foregoing scenarios. PECO is also requesting that the effectiveness of the April 21, 2000 NRC order be extended for one additional year.

PECO is the licensed operator of PBAPS, and would continue to be responsible for the operation, maintenance, and eventual decommissioning of PBAPS until all PECO interests in PBAPS are transferred to EGC. No physical changes to PBAPS or operational changes are being proposed in the application.

The proposed conforming amendments would remove references in the licenses to ACE and DP&L as appropriate to the timing of the requisite license transfers, and reflect the appropriate transferees.

Pursuant to 10 CFR 50.80, no license, or any right thereunder, shall be transferred, directly or indirectly, through transfer of control of the license, unless the Commission shall
