

project and balances that against the non-environmental benefits to be provided by the project. Therefore, if a person has comments on community and landowner impacts from this proposal, it is important either to file comments or to intervene as early in the process as possible.

Comments and protests may be filed electronically via the internet in lieu of paper. See, 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's web site at <http://www.ferc.fed.us/efi/doorbell.htm>.

If the Commission decides to set the application for a formal hearing before an Administrative Law Judge, the Commission will issue another notice describing that process. At the end of the Commission's review process, a final Commission order approving or denying a certificate will be issued.

### Federal Energy Regulatory Commission

[Docket Nos. RP96-312-043 and GT01-5-000]

#### Tennessee Gas Pipeline Company; Notice of Negotiated Rate

November 22, 2000.

Take notice that on November 15, 2000, Tennessee Gas Pipeline Company (Tennessee), tendered for filing Original Sheet No. 30G for inclusion in Tennessee's FERC Gas Tariff, Fifth Revised Volume No. 1. The filed tariff sheet reflects negotiated rate agreements between Tennessee and its Eastern Express Project 2000 shippers. Tennessee requests that the Commission approve the filed tariff sheet to be effective December 15, 2000.

Tennessee notes that in its October 29, 1999 "Order Issuing Certificate" in Tennessee Docket No. CP99-262-000, the Commission approved the negotiated rates for the Eastern Express Project 2000 shippers. *Tennessee Gas Pipeline Company*, 89 FERC ¶ 61,362 (1999). In accordance with the Commission's October 29, 1999 Order and consistent with the Commission's decisions in *Noram Gas Transmission Company*, FERC ¶ 61,091 (1996) and *Tennessee Gas Pipeline Company* 76 FERC ¶ 61,224 (1996), Tennessee is filing Original Sheet No. 30G.

Tennessee also requests that the Commission make a determination whether the Gas Transportation Agreement between Tennessee and Milford Power Company ("Milford Agreement") constitutes a non-conforming service agreement. In that regard, the Milford Agreement contains two provisions (Article VII and Section 12.3) on which Tennessee seeks a determination because they vary from the corresponding provisions in Tennessee's *pro forma* FT-A Gas Transportation Agreement. First, Article VII provides that any payments (*i.e.*, refunds) due to Milford Power Company from Tennessee will be paid directly to the lender that is financing the Milford Power Plant. Section 12.3 provides that Tennessee will provide written notice to the lender and Milford Power Company in the event of any default that could lead to termination of the Milford Agreement. In the event the Commission determines that the Milford Agreement "deviates in any material aspect" from Tennessee's *pro forma* FT-A Gas Transportation Agreement, Tennessee will, in a compliance filing, revise its FERC Gas Tariff to identify the
