[Docket No. CP01-36-000]

Zia Natural Gas Company, An Operating Division of Natural Gas Processing Company, Complainant, v. Raton Gas Transmission Company, Respondent; Notice of Complaint

November 28, 2000.

Take notice that on November 22, 2000, pursuant to Rule 206 of the Commission's Rules of Practice and Procedure (18 CFR 385.206), Zia Natural Gas Company, an Operating Division of Natural Gas Processing Company (Zia), filed a Section 5 complaint against Raton Gas Transmission Company (RGT), requesting the Commission to find that certain actions taken by RGT, as well as certain aspects of RGT's tariff, violate the Natural Gas Act. To redress these violations, Zia requests that the Commission direct RGT to convert its current Part 157 certificate to a Part 284 blanket certificate, and to implement other appropriate revisions to the RGT tariff.

Specifically, Zia asserts that RGT has commenced providing service that is not authorized pursuant to RGT's case-specific, Section 7(c) certificate and that threatens to degrade the certificated service received from RGT by Zia. In addition, Zia maintains that changing competitive circumstances have rendered RGT's tariff unjust and unreasonable in a number of respects. Zia requests that the Commission order RGT to (1) convert RGT's current Part 157 transportation service to Part 284, open access transportation service, (2) afford Zia its rights as a converting Part 157 shipper, including the right to acquire upstream transportation and storage capacity currently held by RGT, (3) modify RGT's tariff rate structure to remove the automatic passthrough of costs associated with upstream capacity held by RGT on the Colorado Interstate Gas Company Docket No. CP01-36-000 (CIG) system, and (4) modify RGT's tariff, which currently lists no receipt points, to explicitly designate the Trinidad, Colorado interconnection between RGT and CIG as a receipt point on the RGT system.

Any person desiring to be heard or to protest this filing should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street, NE, Washington, DC 20426, in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214). All such motions or protests

must be filed on or before December 8, 2000. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference room. This filing may also be viewed on the Internet at <http://www.ferc.fed.us/online/rims.htm> (call 202-208-2222) for assistance. Answers to the complaint shall also be due on or before December 8, 2000.

David P. Boergers,*Secretary.*

BILLING CODE 6717-01-M

DEPARTMENT OF ENERGY**Federal Energy Regulatory Commission**

[Docket No. EG01-31-000, et al.]

CIC Luxembourg SARL, et al.; Electric Rate and Corporate Regulation Filings

November 27, 2000.

Take notice that the following filings have been made with the Commission:

1. CIC Luxembourg SARL

[Docket No. EG01-31-000]

Take notice that on November 17, 2000, CIC Luxembourg SARL filed with the Federal Energy Regulatory Commission an application for determination of exempt wholesale generator status pursuant to Part 365 of the Commission's regulations.

Comment date: December 18, 2000, in accordance with Standard Paragraph E at the end of this notice. The Commission will limit its consideration of comments to those that concern the adequacy or accuracy of the application.

2. Mobile Energy LLC

[Docket No. EG01-32-000]

Take notice that on November 20, 2000, Mobile Energy LLC (Applicant) with its principal office c/o SkyGen Energy LLC, Edens Corporate Center, 650 Dundee Road, Suite 350, Northbrook, Illinois 60062, filed with the Federal Energy Regulatory Commission (Commission) an application for determination of "exempt wholesale generator" status pursuant to Part 365 of the Commission's regulations.

Applicant states that it will be engaged in owning and operating the Mobile Energy Center (the Facility)

consisting of one combustion turbine generating unit, one separately-fired heat recovery boiler, and up to four condensing steam turbine generating units having a maximum electrical output of approximately 345 MW. The Facility will be constructed in the City of Mobile, Alabama and commercial operation is anticipated to be approximately the second quarter of 2001. The Applicant also states that it will sell electric energy exclusively at wholesale to meet electricity needs in the region.

Comment date: December 18, 2000, in accordance with Standard Paragraph E at the end of this notice. The Commission will limit its consideration of comments to those that concern the adequacy or accuracy of the application.

3. Magnolia Energy LP

[Docket No. EG01-33-000]

Take notice that on November 21, 2000, Magnolia Energy LP (Magnolia), a limited partnership with its principal place of business at 909 Fannin, Suite 2222, Houston, Texas 77010, filed with the Federal Energy Regulatory Commission (Commission) an application for determination of exempt wholesale generator status pursuant to Part 365 of the Commission's regulations.

Magnolia will construct a 900 MW natural gas fired, combined cycle electric generating facility and related assets to be located near the town of Ashland, Mississippi. Magnolia will sell its capacity exclusively at wholesale.

Comment date: December 18, 2000, in accordance with Standard Paragraph E at the end of this notice. The Commission will limit its consideration of comments to those that concern the adequacy or accuracy of the application.

4. Midwest Independent Transmission System Operator, Inc.

[Docket No. ER98-1438-007]

Take notice that on November 20, 2000, the Midwest Independent Transmission System Operator, Inc. (the Midwest ISO), tendered for filing its Open Access Transmission Tariff (OATT), FERC Electric Tariff, Original Volume No. 1, and Agreement of Transmission Facilities Owners to Organize the Midwest ISO (Owners Agreement), Rate Schedule FERC No. 1, both of which were previously accepted for filing in Docket No. ER98-1438-000, and both of which have been reformatted to conform to the requirements of Order No. 614, FERC Stats. & Regs. ¶ 31,096 (2000).

The Midwest ISO seeks an effective date of November 20, 2000 (the same
