FEDERAL EMERGENCY MANAGEMENT AGENCY

Agency Information Collection Activities: Proposed Collection; Comment Request

ACTION: Notice and request for comments.

SUMMARY: The Federal Emergency Management Agency (FEMA), as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to take this opportunity to comment on proposed revised information collections. In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. 3506(c)(2)(A)), this notice seeks comments concerning FEMA's use of surveys to collect disaster related information. FEMA will use various modes of data collection including: mailed questionnaires, phone surveys, and computerized surveys. The survey respondents will include individual disaster applicants, state and local government officials, voluntary agency officials, and officials from other Federal agencies involved in delivering disaster assistance.

SUPPLEMENTARY INFORMATION: These surveys are conducted in response to

Executive Order 12862 which requires that "all executive departments and agencies that provide significant services directly to the public" meet established customer service standards and to "survey customers to determine the kind and quality of services they want and their level of satisfaction with existing services."

Collection of Information

Title: FEMA Disaster Assistance and Operations Customer Satisfaction Surveys.

Type of Information Collection: Revision of a currently approved collection.

OMB Number: 3067-0256.

Abstract. The surveys provide FEMA with information about customer satisfaction and program effectiveness. The surveys help interpret the effects of disaster-related policy changes or innovations. The survey is also used to measure trends and patterns in customer satisfaction and program effectiveness over time. FEMA will use various modes of data collection including: mailed questionnaires, phone surveys, and computerized surveys. Phone surveys of individual applicants may be conducted daily and written surveys will be conducted after every presidentially declared disaster for individual assistance (the average number of declared disasters per year is 50). The survey respondents will include individual disaster applicants, state and local government officials, voluntary agency officials, and officials from other Federal agencies involved in delivering disaster assistance. FEMA will randomly sample individual disaster applicants and will survey the entire universe of state and local government officials, voluntary agency officials. Officials from other Federal agencies involved in delivering disaster assistance also will be surveyed.

Affected Public: Individuals or households, business or other for-profit institutions, not-for-profit institutions, Federal Government, state, local, or tribal government. It is important to note that FEMA does not solicit survey responses from businesses or other for-profit institutions, but it is possible that an individual applicant sampled will respond as a business owner.

Estimated Total Annual Burden Hours. 23,480. See calculations in table below.

Respondent group	Survey	Desired respondents per administrations (A)	Number of administration per year (B)	Burden hours per respondent (C)	Total annual burden hours (AXBXC)
Individual assistance applicants.	Disaster Assistance Customer Satisfaction Survey.	400	50	.25	5,000
	Inspection Services Survey	400	50	.25	5,000
	Teleregistration Survey (Proposed)	400	50	.25	5,000
	Helpline Survey (Proposed)	400	50	.25	5,000
	Preferences & Best Practices in the Delivery of Customer Service/Disaster Recovery Center Survey (Proposed).	400	10	.25	1,000
	Community Relations Survey (Proposed)	400	4	.25	400
Officials	Public Assistance Survey—30 per disaster, 2 responses per year.	60	60	.25	900
	Other Federal Agency Officials Survey (Proposed)—15 per disaster, 2 responses per year.	30	60	.25	450
	Voluntary Agencies Survey (Proposed)—10 per disaster, 4 responses per year.	40	60	.25	600
	Community Relations Survey (Proposed)	30	4	.25	30
Total				23,380	

Estimated Annual Cost To Respondents. We have estimated that it will cost each respondent \$4.00 to complete each survey. The estimate is based on the respondent making \$16.00 per hour (median household income of \$34,076/2,080 hours per year). The estimated total annualized cost is \$93,520.00 (23,380 respondents x \$16.00 per hour x .25 hour).

Comments

Written comments are solicited to (a) evaluate whether the proposed data collection is necessary for the proper performance of the agency, including whether the information shall have practical utility; (b) evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (c) enhance the quality, utility, and clarity of the information to be collected; and (d) minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses. Comments should be received on or before February 5, 2001.

ADDRESSES: Interested persons should submit written comments to Muriel B. Anderson, Chief, Records Management Branch, Program Services Division, Operations Support Directorate, Federal Emergency Management Agency, 500 C Street, SW., Room 316, Washington, DC 20472. Telephone number (202) 646-2625. FAX number (202) 646-3347. E-

mail address: muriel.anderson@fema.gov.

FOR FURTHER INFORMATION CONTACT: Kedra Mitchell, Program Specialist, Federal Emergency Management Agency, Response and Recovery Directorate, Readiness Coordination Division, Strategic Planning & Evaluation Team, (202) 646-3381 for additional information. Contact Ms. Anderson at (202) 646-2625 for copies of the proposed collection of information.

Dated: November 28, 2000.

Reginald Trujillo,
 Director, Program Services Division,
 Operations Support Directorate.

FEDERAL RESERVE SYSTEM

Agency Information Collection Activities: Proposed Collection; Comment Request

AGENCY: Board of Governors of the Federal Reserve System

Background

On June 15, 1984, the Office of Management and Budget (OMB) delegated to the Board of Governors of the Federal Reserve System (Board) its approval authority under the Paperwork Reduction Act, as per 5 CFR 1320.16, to approve of and assign OMB control numbers to collection of information requests and requirements conducted or sponsored by the Board under conditions set forth in 5 CFR 1320 Appendix A.1. Board-approved collections of information are

incorporated into the official OMB inventory of currently approved collections of information. Copies of the OMB 83-Is and supporting statements and approved collection of information instruments are placed into OMB's public docket files. The Federal Reserve may not conduct or sponsor, and the respondent is not required to respond to, an information collection that has been extended, revised, or implemented on or after October 1, 1995, unless it displays a currently valid OMB control number.

Request for Comment on Information Collection Proposal

The following information collection, which is being handled under this delegated authority, has received initial Board approval and is hereby published for comment. At the end of the comment period, the proposed information collection, along with an analysis of comments and recommendations received, will be submitted to the Board for final approval under OMB delegated authority. Comments are invited on the following:

- a. Whether the proposed collection of information is necessary for the proper performance of the Federal Reserve's functions; including whether the information has practical utility;
- b. The accuracy of the Federal Reserve's estimate of the burden of the proposed information collection, including the validity of the methodology and assumptions used;
- c. Ways to enhance the quality, utility, and clarity of the information to be collected; and
- d. Ways to minimize the burden of information collection on respondents, including through the use of automated
