## POSTAL SERVICE

### 39 CFR Part 20

#### Global Express Guaranteed

**AGENCY:** Postal Service.

**ACTION:** Final rule.

**SUMMARY:** On April 19, 1999, the Postal Service published an interim rule introducing Priority Mail Global Guaranteed service on a test basis. The Postal Service has since amended that interim rule on four occasions, with the last amendment being announced on September 29, 2000, and amending the interim rule to rename the service Global Express Guaranteed service (GXG), establishing it as a permanent international service and expanding the service to include a new classification for Non-Document (merchandise) shipments. That amendment to the interim rule also established and published separate rates for the Non-Document service. The Postal Service hereby gives notice that it is implementing the interim rule as amended on a permanent basis.

**EFFECTIVE DATE:** November 30, 2000.

**FOR FURTHER INFORMATION CONTACT:** Malcolm E. Hunt, (770) 360-1104.

**SUPPLEMENTARY INFORMATION:** On April 19, 1999, the Postal Service announced in the **Federal Register** (64 FR 19039-19042) the introduction of Priority Mail Global Guaranteed (PMGG) service on an interim basis. With PMGG, the USPS provided customers with a fully featured premium international service for documents with full track and trace capability. This service was initially available from 3,000 retail locations for delivery to a total of 19 countries.

On November 4, 1999, the Postal Service announced in the **Federal Register** (64 FR 60106-60109) the expansion of PMGG service to permit acceptance at a total of 10,000 retail locations, with destination locations expanded to 65 countries and territories.

On May 26, 2000, the Postal Service announced in the **Federal Register** (65 FR 34096-34101) the further expansion of PMGG service to a total of 202 destination countries and territories. A revised rate structure was also introduced.

On August 28, 2000, the Postal Service announced in the **Federal**

**Register** (65 FR 52023-52028) a further expansion of PMGG service. The number of retail locations was increased to a total of 20,000. Document service rates were adjusted, optional document reconstruction insurance was increased to \$2499, and delivery service was extended to China. An incorrect listing of three-digit ZIP Codes was included in the list of participating post offices in this rule. The correct list of participating post offices by three-digit ZIP Code is incorporated in the final rule.

On September 29, 2000, the Postal Service announced in the **Federal Register** (65 FR 58350-58359) a further expansion of PMGG service based on the successive and successful expansions of PMGG service. The Postal Service established it as a permanent international mail service. To effectuate this change, the Postal Service changed the name of the service to Global Express Guaranteed (GXG) and completed the expansion to include a new classification for merchandise shipments. GXG now consists of two mail classifications:

- a. GXG Document service
- b. GXG Non-Document service

The GXG Document service mail classification is for shipments that contain only documents and general correspondence for which no duty is assessed by the customs authority of the destination country. This mail classification is a designated letter mail class pursuant to 39 U.S.C. 3623(d) and, as such, is sealed against inspection by the Postal Service. These Document service shipments may be subject to inspection in the destination country for purposes of compliance with the customs requirements of the destination country. The rate structure for Document service is separate and distinct from the rate structure for Non-Document service.

The GXG Non-Document service mail classification is for shipments that do not contain documents or general correspondence and for which duty may be assessed by the customs authority of the destination country. Merchandise and all other dutiable items may be shipped using only this GXG classification. As such, this mail classification is not a letter mail class pursuant to 39 U.S.C. 3623(d). In order to provide for expedited customs clearance of these dutiable shipments, Non-Document service shipments will be subject to inspection by the Postal Service and its designated agents for purposes of air security and to determine that the contents are eligible for shipment via Non-Document service and that the contents are adequately

declared on the GXG Air Waybill/Shipping Invoice to permit expedited customs clearance. These Non-Document service shipments may also be subject to inspection in the destination country for purposes of compliance with the customs requirements of the destination country. The rate structure for Non-Document service is separate and distinct from the rate structure for Document service and reflects the generally higher costs inherent with handling dutiable shipments. Non-Document service is not available to some countries to which Document service is provided. See the listing of destination countries in International Mail Manual (IMM) 215.32 below for specific availability.

This separate mail classification treatment for GXG Document and Non-Document services is also reflected in the proposed changes to the Postal Service's Administrative Support Manual (ASM) provisions regarding mail security.

Although the Postal Service is exempted by 39 U.S.C. 410(a) from the advance notice requirements of the Administrative Procedure Act regarding proposed rulemaking (5 U.S.C. 553), the Postal Service solicited comment on the amendment to the interim rule. One comment was received regarding the different rate structure for the Document and Non-Document services, specifically that a half-pound rate is not available for Non-Document shipments. These rate structures were developed for GXG based upon the Postal Service's required cost coverage for providing these services and upon industry cost margins. A comment was also received regarding the lack of availability of the service in some post offices. GXG is available in approximately 20,000 post offices. Those offices were chosen based upon market research and the Postal Service's current logistical infrastructure to support the network.

Through the implementation of the interim rule, as amended, the Postal Service amends the International Mail Manual and the Administrative Support Manual as set forth below, both of which are incorporated by reference in the Code of Federal Regulations. See 39 CFR 20.1.

Transmittal letters changing the relevant pages in the International Mail Manual and the Administrative Support Manual will be published and automatically transmitted to all subscribers. Notice of issuance of the transmittal will be published in the **Federal Register** as provided by 39 CFR 20.3.

On or about September 26, 2000, the Postal Service announced in the **Federal**

**Register** a proposed rule which would amend and renumber provisions in the International Mail Manual. If that rule is adopted, GXG will be found in Section 210 of Chapter 2 of the International Mail Manual.

\* \* \* \* \*

215 *Global Express Guaranteed*

#### 215.1 Description

##### 215.11 General

Global Express Guaranteed (GXG) service is an international expedited delivery service provided through an alliance with DHL Worldwide Express, Inc. It provides reliable, high-speed, guaranteed, and time-definite service from selected post offices in the United States to a large number of international destinations. (Consult Countries and Cities Served Section of the *Global Express Guaranteed Service Guide* for destination service commitments.) GXG delivery service is guaranteed to meet the specified service standards or the postage paid may be refunded. Liability insurance is provided for lost or damaged shipments. See section 215.54 for an explanation of limits of liability.

##### 215.12 Allowable Contents

Documents and general correspondence (non-dutiable items), and non-documents (all dutiable items including merchandise) may be shipped using GXG service. See 215.2 for classification and rate treatment of specific shipments based on content. The allowable contents for GXG shipments may also be restricted by the destination country. Refer to the *Global Express Guaranteed Service Guide* for the definition of allowable contents for each destination country. Senders are responsible for determining if their item is allowable despite any statement made in the *Global Express Guaranteed Service Guide*, on the GXG Web Site, or by a postal employee or the Postal Service's agents.

#### 215.2 Mail Classifications

##### 215.21 Global Express Guaranteed Document Service

The GXG Document service mail classification is for shipments that contain only documents and general correspondence for which no duty is assessed by the customs authority of the destination country (non-dutiable shipments). Packages shipped by GXG Document service are sealed against inspection by the Postal Service. These Document service shipments may be subject to inspection in the destination country for purposes of compliance with the customs requirements of the destination country. The postage rates applicable to Document service shipments are set forth in 215.61 and are separate and distinct from the postage rates for Non-Document service.

##### 215.22 Global Express Guaranteed Non-Document Service

The GXG Non-Document service mail classification is for shipments that do not contain documents or general correspondence and for which duty may be assessed by the customs authority of the destination country. Merchandise and all other dutiable items may be shipped using only this GXG classification. Non-Document service shipments will be subject to inspection by the Postal Service and its designated agents for purposes of air security and to determine that the contents are eligible for shipment via Non-Document service and that the contents are adequately declared on the GXG Air Waybill/Shipping Invoice to permit expedited customs clearance. These Non-Document service shipments may also be subject to inspection in the destination country for purposes of compliance with the customs requirements of the destination country. Non-Document service is not available to some countries to which Document service is provided. See the listing of destination countries in 215.32 for specific availability. The postage rates applicable to Non-Document service shipments are set forth in 215.62 and are separate and distinct from the postage rates for Document service.

**215.63 Payment of Postage**

**215.631 Methods of Payment**

Both GXG Document service shipments and Non-Document service shipments may be paid by postage stamps, postage validation imprinter (PVI) labels, or postage meter stamps.

**215.632 Official Mail**

*Mailings Made by Federal Government Agencies*

GXG shipments that are originated by federal agencies and departments are subject to the same postage payment requirements, weight and size limits, customs requirements, and general conditions for mailing as GXG shipments that are originated by non-governmental entities.

*USPS Mailings*

Both GXG Document Service shipments and Non-Document Service shipments mailed by Postal Service entities must bear the G-10 permit indicia that is prescribed for all USPS official mail. There is a 70-pound weight limit for USPS-originated GXG shipments going to all authorized, destinating countries. See section 144.2.

**215.7 Weight and Size Limits**

**215.71 General**

The weight, dimensional weight, and size limits set forth in this section are the same for both GXG Document service shipments and Non-Document service shipments.

**215.72 Weight Limits**

The maximum weight is 70 pounds.

**215.73 Dimensional Weight**

The equation to determine dimensional weight is as follows:  
 $(\text{Length} \times \text{Width} \times \text{Height}) / 166 = \text{Dimensional Weight}$

When determining the dimensional weight, each individual measurement must be rounded down to the nearest whole inch.

**215.74 Size Limits**

**215.741 Minimum Size**

Items must be large enough—approximately 9 inches in height and 12 inches in length—so that a GXG Air Waybill/Shipping Invoice can be affixed on the face of the item.

**215.742 Maximum Size**

Length and girth combined may not exceed 108 inches. Individual dimensions may not exceed the following:

- a. Length: 46 inches.
- b. Width: 35 inches.

c. Height: 46 inches.

**215.8 Preparation Requirements**

**215.81 Preparation by the Sender**

a. Prepare the item as a flat or package using either the GXG envelope provided by the Postal Service or mailer-supplied packaging. Mailers using their own envelope or wrapping must also affix a GXG sticker (Item 107RGG3) to the front and back of the item.

b. Complete the GXG Air Waybill/Shipping Invoice (Item 11FGG1) to show the complete address of the sender and addressee. Items cannot be addressed to a post office box or an APO or FPO address.

c. GXG Document Service Shipment Preparation: Complete the “Shipment Details” to show the contents in detail including description and estimated cost of reconstruction. A separate customs declaration is not used. Sign and date the mailer agreement.

d. GXG Non-Document Service Shipment Preparation: Complete the “Shipment Details” to show the contents in detail including description, valuation, and country of manufacture. Non-Document service shipments cannot have a value that exceeds US \$2,499. A separate customs declaration is not used. Sign and date the mailer agreement.

**215.82 Preparation by Acceptance Employee**

a. Check that the sender has properly completed the GXG Air Waybill/Shipping Invoice.

b. Complete the postage transaction if the item is not prepaid.

c. Complete the “Origin” information.

d. Remove the customer’s copy of the GXG Air Waybill/Shipping Invoice and give it to the customer. Process the GXG Air Waybill/Shipping Invoice according to directions on the shipping document.

**215.83 Customs Forms Not Required**

The GXG Air Waybill/Shipping Invoice contains space for the sender to declare the contents. A separate postal customs declaration is not used.

**274.232 Mail Not Sealed Against Inspection**

The following terms and definitions apply:

a. For purposes of this part, the terms “mail not sealed against inspection” and “unsealed mail” mean mail on which appropriate postage for sealed mail is not paid, and which under postal laws or regulations is not included within a class of mail maintained by the Postal Service for the transmission of letters sealed against inspection.

b. The terms include Periodicals, Standard Mail, incidental First-Class attachments or enclosures mailed under DMM E070, and (as defined in the *International Mail Manual*) GXG Non-Document service, international parcel post mail, the AO class of Postal Union mail, and the international post cards and postal cards forming part of the LC class of Postal Union mail.

c. The terms do not include international transit mail (see 274.8).

**Fludioxonil; Extension of Tolerance for Emergency Exemptions**

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Final rule.

**SUMMARY:** This regulation extends a time-limited tolerance for residues of the fungicide fludioxonil in or on caneberries at 2 parts per million (ppm) for an additional 1-year period. This tolerance will expire and is revoked on December 31, 2001. This action is in response to EPA's granting of emergency exemptions under section 18 of the Federal Insecticide, Fungicide, and Rodenticide Act authorizing use of the pesticide on caneberries. Section 408(l)(6) of the Federal Food, Drug, and Cosmetic Act requires EPA to establish a time-limited tolerance or exemption from the requirement for a tolerance for pesticide chemical residues in food that will result from the use of a pesticide under an emergency exemption granted by EPA under section 18 of the Federal Insecticide, Fungicide, and Rodenticide Act.

**DATES:** This regulation is effective December 6, 2000. Objections and requests for hearings, identified by docket control number OPP-301083, must be received by EPA on or before February 5, 2001.

**ADDRESSES:** Written objections and hearing requests may be submitted by mail, in person, or by courier. Please follow the detailed instructions for each method as provided in Unit III. of the **SUPPLEMENTARY INFORMATION.** To ensure proper receipt by EPA, your objections

and hearing requests must identify docket control number OPP-301083 in the subject line on the first page of your response.

**FOR FURTHER INFORMATION CONTACT:** By mail: Stephen Schaible, Registration Division (7505C), Office of Pesticide Programs, Environmental Protection Agency, 1200 Pennsylvania Ave., NW., Washington, DC 20460; telephone number: (703) 308-9362; and e-mail address: [schaible.stephen@epa.gov](mailto:schaible.stephen@epa.gov).

**II. Background and Statutory Findings**

EPA issued a final rule, published in the **Federal Register** of June 30, 1999 (64 FR 35037) (FRL-6086-4), which announced that on its own initiative under section 408 of the Federal Food, Drug, and Cosmetic Act (FFDCA), 21 U.S.C. 346a, as amended by the Food Quality Protection Act of 1996 (FQPA) (Public Law 104-170) it established a time-limited tolerance for the residues of fludioxonil in or on caneberries at 2 ppm, with an expiration date of December 31, 2000. EPA established the tolerance because section 408(l)(6) of the FFDCA requires EPA to establish a time-limited tolerance or exemption from the requirement for a tolerance for pesticide chemical residues in food that will result from the use of a pesticide under an emergency exemption granted by EPA under section 18 of the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA). Such tolerances can be established without providing notice or period for public comment.
