

participants and regulators had no mechanism to determine the aggregate daily trading volume for either investment grade corporate bonds or non-investment grade corporate bonds for purposes of complying with or enforcing the rules. While efforts are ongoing to complete such a system, no comprehensive reporting system is currently in place. The Commission believes that extending the stay of effectiveness of Rules 301(b)(5)(i)(D) and (E) and 301(b)(6)(i)(D) and (E) until December 1, 2001 should provide sufficient time for a system to be developed and implemented that would compile and publish data for both market segments.³

By the Commission.

Financial Assistance and Social Services Programs; Correction

AGENCY: Bureau of Indian Affairs, Interior.

ACTION: Final rule; correction.

SUMMARY: This document contains corrections to the final regulations which were published Friday, October 20, 2000 (65 FR 63144). The regulations amended the existing regulations to incorporate new service delivery systems within the Financial Assistance and Social Service program.

EFFECTIVE DATE: December 7, 2000.

FOR FURTHER INFORMATION CONTACT:

Larry Blair, (202) 208-2479.

SUPPLEMENTARY INFORMATION:

Background

The final regulations that are the subject of these corrections supersede regulations, 25 CFR part 20, last published in 1985. These regulations conform to changes in public assistance payments procedures as well as expand service delivery systems to conform to existing conditions.

³ The Commission, however, believes that good business practice dictates that alternative trading systems adopt the standards of systems capacity, security, and integrity, regardless of their trading volume.

Need for Correction

As published, the final regulations contain errors which may prove to be misleading and are in need of clarification.

Correction of Publication

Accordingly, the publication on October 20, 2000, of the final regulations which were the subject of FR Doc. 00-26703, is corrected as follows:

§ 20.100 [Corrected]

1. On page 63160, in the second column, in § 20.100, in the second definition the term "adult assistance care" is corrected to read "adult care assistance".

[Docket No. H-052G]

RIN 1218-AB90

Occupational Exposure to Cotton Dust

AGENCY: Occupational Safety and Health Administration (OSHA), Labor.

ACTION: Direct final rule; request for comments.

SUMMARY: OSHA is issuing a direct final rule amending its occupational health standard for Cotton Dust, which was issued in 1978 and amended in 1985, to add cotton washed in a batch kier system to the types of washed cotton partially exempt from the cotton dust standard. This direct final rule follows the recommendation of the Task Force for Byssinosis Prevention, formerly known as the Industry/Government/Union Task Force for Washed Cotton Evaluation, which studies the health effects associated with the processing and use of washed cotton. This direct final rule is also consistent with a finding of OSHA's review of the cotton dust standard conducted pursuant to Section 610 of the Regulatory Flexibility Act and Section 5 of Executive Order 12866. See also the companion documents published in the Proposed Rules and Notices sections of today's **Federal Register**.

DATES: This direct final rule will be effective April 6, 2001 unless significant adverse comments are received by February 5, 2001.

OSHA will publish a document in the **Federal Register** at least 30 days before the effective date of the direct final rule. The document will either confirm the effective date of the final rule or, if significant adverse comments are received, will withdraw the final rule.

ADDRESSES: Comments should be sent in quadruplicate to Docket No. H-052G, Docket Office, Room N2625; Occupational Safety and Health Administration, U.S. Department of Labor, 200 Constitution Ave., NW.,
