

cross-sectional and retrospective studies, it is widely agreed that a prospective study design is the best approach for the investigation of this problem. Up to 2000 workers will be enrolled into the study and will participate in three annual data collection surveys. The surveys will be comprised of a self-administered questionnaire and standard health tests to identify MSDs, including HAVS. Job

tasks will be studied using uniform exposure assessment methods to quantify physical stressors. The study data will be used to test and expand existing guidelines for limiting exposure to physical job stressors, and for developing new guidelines where none exist. The results from this research study will provide practitioners in occupational health critical data that will facilitate their ability to quickly and

reliably discriminate job tasks that represent low, moderate and high risk for MSDs among workers employed across different industries. In addition, the results of this study will provide guidance on effective job design to reduce the burden of work-related MSDs. The total estimated annual cost to respondents is \$33,190.

Data collection activity	Number of respondents	Number of responses per respondents	Response per hour	Response burden (in hrs)
Questionnaire Administration:				
Core Questionnaire	2,000	3	45/60	4,500
Upper Limb Module	1,000	3	9/60	450
Back Module	700	3	6/60	210
HAVS Module	300	3	15/60	225
Intervention Module	225	4	6/60	90
Physical Examination:				
Upper Limb MSDs	1,000	3	45/60	2,250
Hand-Arm Vibration Syndrome	300	3	2.00	1,800
Total Respondent Burden Hours:				9,525

Agency Forms Undergoing Paperwork Reduction Act Review

The Centers for Disease Control and Prevention (CDC) publishes a list of information collection requests under review by the Office of Management and

Budget (OMB) in compliance with the Paperwork Reduction Act (44 U.S.C. Chapter 35). To request a copy of these requests, call the CDC Reports Clearance Officer at (404) 639-7090. Send written comments to CDC, Desk Officer; Human Resources and Housing Branch, New Executive Office Building, Room 10235; Washington, DC 20503. Written comments should be received within 30 days of this notice.

Proposed Project

National Sexually Transmitted Disease Morbidity Surveillance System—Extension—OMB No. 0920-0011 National Center for HIV, STD, and TB Prevention (NCHSTP), Centers for Disease Control and Prevention (CDC). The reports used for this surveillance system provide ongoing surveillance data on national sexually transmitted disease morbidity. The data are used by

health care planners at the national, state, and local (including selected metropolitan and territorial health departments) levels to develop and evaluate STD prevention and control programs. In addition, there are many other users of the data including scientists, researchers, educators, and the media. Sexually transmitted disease (STD) data gathered in these reports are used to produce national statistics published in the annual STD Surveillance Report, MMWR articles, and serve as a progress report to meet objectives in Healthy People 2000: Mid-course Review and 1995 Revisions. It is important to note that these reporting forms are in the process of being phased out and replaced by electronic, line-listed STD data collected in the National Electronic Telecommunications System for Surveillance (NETSS). The total number of burden hours is 644.

Forms	Number of respondents	Number of responses/ respondent	Average burden (in hours)
CDC 73.688*	20	4	1
CDC 73.688**	21	4	1
CDC 73.998	30	12	35/60
CDC 73.2638	30	3	3

* State-level reporting: Respondents for the state-specific CDC 73.688 forms now include 26 state health departments (originally, respondents included 50 states, but 24 states have now discontinued hardcopy reporting and send all STD data as electronic line-listed records through NETSS), seven large city health departments and three outlying areas.

** City-level reporting: The health departments for the 26 states and one of the outlying regions (Puerto Rico) also prepare and submit reports for additional large cities within their jurisdictions.

Dated: December 4, 2000.

Chuck Gollmar,

Acting Associate Director for Policy Planning, and Evaluation, Centers for Disease Control and Prevention (CDC).

DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

[Docket No. FR-4557-N-49]

Federal Property Suitable as Facilities To Assist the Homeless

AGENCY: Office of the Assistant Secretary for Community Planning and Development, HUD.

ACTION: Notice.

SUMMARY: This Notice identifies unutilized, underutilized, excess, and surplus Federal property reviewed by HUD for suitability for possible use to assist the homeless.

FOR FURTHER INFORMATION CONTACT: Clifford Taffet, room 7266, Department of Housing and Urban Development, 451 Seventh Street, SW., Washington, DC 20410; telephone (202) 708-1234; TTY number for the hearing- and speech-impaired (202) 708-2565 (these telephone numbers are not toll-free), or call the toll-free Title V information line at 1-800-927-7588.

SUPPLEMENTARY INFORMATION: In accordance with 24 CFR part 581 and section 501 of the Stewart B. McKinney Homeless Assistance Act (42 U.S.C. 11411), as amended, HUD is publishing this Notice to identify Federal buildings and other real property that HUD has reviewed for suitability for use to assist the homeless. The properties were reviewed using information provided to HUD by Federal landholding agencies

regarding unutilized and underutilized buildings and real property controlled by such agencies or by GSA regarding its inventory of excess or surplus Federal property. This Notice is also published in order to comply with the December 12, 1988 Court Order in *National Coalition for the Homeless v. Veterans Administration*, No. 88-2503-OG (D.D.C.).

Properties reviewed are listed in this Notice according to the following categories: Suitable/available, suitable/unavailable, suitable/to be excess, and unsuitable. The properties listed in the three suitable categories have been reviewed by the landholding agencies, and each agency has transmitted to HUD: (1) Its intention to make the property available for use to assist the homeless, (2) its intention to declare the property excess to the agency's needs, or (3) a statement of the reasons that the property cannot be declared excess or made available for use as facilities to assist the homeless.

Properties listed as suitable/available will be available exclusively for homeless use for a period of 60 days from the date of this Notice. Homeless assistance providers interested in any such property should send a written expression of interest to HHS, addressed to Brian Rooney, Division of Property Management, Program Support Center, HHS, room 5B-41, 5600 Fishers Lane, Rockville, MD 20857; (301) 443-2265. (This is not a toll-free number.) HHS will mail to the interested provider an application packet, which will include instructions for completing the application. In order to maximize the opportunity to utilize a suitable property, providers should submit their written expressions of interest as soon as possible. For complete details concerning the processing of applications, the reader is encouraged to refer to the interim rule governing this program, 24 CFR part 581.

For properties listed as suitable/to be excess, that property may, if subsequently accepted as excess by GSA, be made available for use by the homeless in accordance with applicable law, subject to screening for other Federal use. At the appropriate time, HUD will publish the property in a Notice showing it as either suitable/available or suitable/unavailable.

For properties listed as suitable/unavailable, the landholding agency has decided that the property cannot be declared excess or made available for use to assist the homeless, and the property will not be available.

Properties listed as unsuitable will not be made available for any other purpose for 20 days from the date of this
