Forest Service

North Elkhorns Project; Including Timber Harvest and Prescribed Fire. Helena National Forest, Jefferson County, Montana.

AGENCY: Forest Service, USDA.

ACTION: Notice; intent to prepare environmental impact statement.

SUMMARY: The USDA, Forest Service is gathering information and preparing an Environmental Impact Statement (EIS) for the North Elkhorns Vegetation Project located approximately 9 air miles southeast of Helena, Montana.

The Forest Service proposes to thin, using commercial timber harvest, approximately 745 acres in the E-4 Management Area of the Elkhorn Wildlife Management Unit.

The biggest and healthiest trees would remain on the site, and the many scattered aspen stands would be revitalized through a combination of treatments, including some fence construction. The thinning treatment would require construction of about 1 mile of temporary road and reconstruction of about 6.5 miles of existing road. Following thinning, the area would be treated with low intensity fire and the temporary and reconstructed road segments would be returned to contour and revegetated.

The proposal is designed to help restore the full range of wildlife habitats in the Elkhorn Wildlife Management Unit. The project will have other benefits including the reduction of wildfire risk in the urban interface.

The project also would authorize the construction of 1500 feet of non-motorized trail to connect two existing non-motorized trails and formally designate 3.5 miles of existing road which is currently closed to motorized use as part of the non-motorized trail system.

COMMENTS: Comments concerning the proposal should be submitted to the responsible official and received in writing on or before January 25, 2001.

ADDRESSES: The responsible official is Thomas J. Clifford, Forest Supervisor, Helena National Forest, Supervisor's Office, 2880 Skyway Drive, Helena, MT, 59601. Phone: (406) 449-5201.

FOR FURTHER INFORMATION CONTACT:

Jodie Canfield, Wildlife Biologist and Interagency Elkhorn Coordinator, Townsend Ranger District, 415 South Front, Townsend, MT 59644. Phone: (406) 266-3425.

SUPPLEMENTARY INFORMATION: The project would occur on National Forest lands of the Helena Ranger District. The activities would take place within portions of Sections 1, 2 and 12 of T.8N., R.3W. and Sections 5, 6 and 7 of T.8N., R.3W., and a portion of Section
