ANR Pipeline Company; Notice of Proposed Changes in FERC Gas Tariff

December 6, 2000.

Take notice that on December 1, 2000, ANR Pipeline Company (ANR) tendered for filing as part of its FERC Gas Tariff, Original Volume No. 2, the following revised tariff sheets, to be effective January 1, 2001:

Fifteenth Revised Sheet No. 570
Second Revised Sheet No. 573

ANR states that the above-referenced tariff sheets are being filed pursuant to the Commission's May 15, 1996 Order granting ANR's request for suspension of the tariff pricing provision of Rate Schedule X-64 in the captioned proceeding. The revised tariff sheets reflect a continuance of the suspension of ANR's tariff provisions regarding the requirement to annually redetermine the monthly charge for services provided to High Island Offshore System under ANR's Rate Schedule X-64.

Any person desiring to be heard or to protest said filing should file a motion to intervene or a protest with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, in accordance with Sections 385.214 or 385.211 of the Commission's Rules and Regulations. All such motions or protests must be filed in accordance with Section 154.210 of the Commission's Regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference Room. ANR Pipeline Company; Notice of Proposed Changes in FERC Gas Tariff

December 6, 2000.

Take notice that on November 30, 2000, ANR Pipeline Company (ANR) tendered for filing as part of its FERC Gas Tariff, Second Revised Volume No. 1, the following tariff sheets proposed to become effective December 1, 2000:

Forty-fifth Revised Sheet No. 8
Forty-fifth Revised Sheet No. 9
Forty-fourth Revised Sheet No. 13
Fifty-fourth Revised Sheet No. 18

ANR states that the above-referenced tariff sheets are being filed to implement recovery of approximately \$2.2 million of above-market costs that are associated with its obligations to Dakota Gasification Company ("Dakota"). ANR proposes a reservation surcharge applicable to its Part 284 firm transportation customers to collect ninety percent (90%) of the Dakota costs, and an adjustment to the maximum base tariff rates of Rate Schedule ITS and overrun rates applicable to Rate Schedule FTS-2, so as to recover the remaining ten percent (10%). ANR also advises that the proposed changes would increase current quarterly Above-Market Dakota Cost recoveries from \$2,023,299 to \$2,211,370.

Any person desiring to be heard or to protest said filing should file a motion to intervene or a protest with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, in accordance with Sections 385.214 or 385.211 of the Commission's Rules and Regulations. [Docket No. TX01-1-000]

California Independent System Operator Corporation; Notice of Filing

December 6, 2000.

Take notice that on December 1, 2000, the California Independent System Operator Corporation (the ISO) applied in the above-numbered docket for an order, under Section 211 of the Federal Power Act (FPA), 16 U.S.C. 824j, compelling San Diego Gas & Electric Company (SDG&E) to perform those transmission services that are necessary to fulfill the terms of the Transmission Control Agreement between SDG&E and the ISO, the Transmission Owners tariff, and the ISO Tariff. The ISO submits the application as agent for all users of SDG&E's transmission system eligible to apply under Section 211. SDG&E's concurrence is submitted with the application.

The application states that SDG&E transmission and distribution system have been financed, in part with certain "Local Furnishing Bonds," the interest on which is tax-exempt under Section 142 of the Internal Revenue Code. According to the application, Section 142 requires that SDG&E system be operated for the benefit of customers within its service territory, and operation of the system deemed by the Internal Revenue Service (the IRS) to be inconsistent with that requirement would, as a general rule, disqualify all of the currently outstanding Local Furnishing Bonds. The application further states, however, that, under Section 142(f), if disqualifying transmission services are provided pursuant to a Commission order issued under Section 211, only the bonds that financed the portion of the system used to provide such services, rather than all of the bonds that financed the local

furnishing system, cease to be eligible for tax-exempt treatment. SDG&E has advised the ISO that SDG&E local furnishing debt currently includes approximately \$168 million relating to its transmission facilities and \$518 million relating to its distribution facilities.

SDG&E has requested a ruling from the IRS that neither the execution and implementation of the Transmission Control Agreement nor the implementation, on January 1, 2001, of a state-wide transmission Access Charge under tariffs accepted for filing in Docket No. ER00-2019 conflicts with the local furnishing requirements. To assure, however, that, if a favorable ruling on either request is not forthcoming, at least the \$518 million in bonds relating to SDG&E distribution system will remain tax-exempt, the application seeks an order, effective with the effective date of the Transmission Control Agreement, directing SDG&E to perform the stated transmission services. Anticipating that a statewide transmission Access Charge will take effect on January 1, 2001, the application requests that such an order issue prior to that date. SDG&E waives its right to a prior request and to a proposed order.

The ISO states that this filing has been served upon SDG&E, the Public Utilities Commission of the State of California, and the California Electricity Oversight Board.

Any person desiring to be heard or to protest such filing should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214). All such motions and protests should be filed on or before December 15, 2000. Protests will be considered by the Commission to determine the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection.
