

advice and recommendations to promote integration and coordination of forest management activities between Federal and non-Federal entities. Each PAC will provide advice regarding implementation of a comprehensive ecosystem management strategy for Federal land within a province (provinces are defined in the Record of Decision at E-19).

The chairing responsibility of the PACs will alternate annually between the Forest Service's and the Bureau of Land Management's representative. When the Bureau of Land Management is not represented on the PIEC, the Forest Service representative will serve as chair. The chair, or a designated agency employee, will serve as the Designated Federal Official under sections 10(e) and (f) of the Federal Advisory Committee Act (5 U.S.C. App.).

The renewal of the PACs does not require an amendment of Bureau of Land Management or Forest Service planning documents because the renewal does not affect the standards and guidelines or land allocations. The Bureau of Land Management and Forest Service will provide further notices, as needed, for additional actions or adjustments when implementing interagency coordination, public involvement, and other aspects of the Record of Decision.

Equal opportunity practices are followed in all appointments to the advisory committees. To ensure that the recommendations of the PACs have taken into account the needs of diverse groups served by the Departments, membership will include, to the extent practicable, individuals with demonstrated ability to represent minorities, women, persons with disabilities, and senior citizens.

SUPPLEMENTARY INFORMATION:

Title: Payer's Request for Identifying Number.

OMB Control Number: 0560-0121.

Expiration Date: October 31, 2000.

Type of Request: Reinstatement and revision of a previously approved information collection.

Abstract: In order to provide the Internal Revenue Service with proper identification for the processing of tax returns, all producers who receive CCC and FSA program payments must provide FSA with a social security, employer, or IRS identifying number. Form CCC-343, Payer's Request for Identifying Number, will collect this information without regard to whether the payee is required to file a tax return or is covered by social security.

The county FSA office prepares a CCC-343 for each producer who has not furnished a producer ID number. Once the ID number is obtained and provided to the county FSA office, the producer is not requested to provide this information again.

FSA does not make any program payment until a producer furnishes a social security, employer, or IRS identifying number.

Identification of producers allows FSA to provide IRS with identifying numbers for tax collection purposes. Section 6676 of the Internal Revenue Code provides a penalty for failure to furnish an identifying number to a payer required to report such number to the Service.

Estimate of Burden: Public reporting burden for this collection of information is estimated to average .08 (5 minutes) per response.

Respondents: Producers.

Estimated Number of Respondents: 3,000.

Estimated Number of Responses per Respondent: One.

Estimated Total Annual Burden on Respondents: 250 hours.
