Arizona Public Service Company; Notice of Site Visit and Technical Conference

December 8, 2000.

Take notice that on Tuesday, January 9, 2001, FERC staff will conduct a site visit to the Childs Irving Project No. 2069. All interested individuals, organizations, and agencies are invited to attend. All participants should meet at 9:00 a.m. at the parking lot of the Best Western Cliff Castle Lodge at 333 West Middle Verde Road in Camp Verde, Arizona. Arizona Public Service Company (APS), the applicant for the project, will provide transportation to the project site to minimize the number of vehicles. APS will also provide lunch for all participants. Anyone who wishes to attend the site visit should contact Mr. Larry Johnson of APS at 480-350-3131 by 4:00 p.m. on Monday, January 8, 2001.

On September 15, 2000, APS filed with the Commission an Offer of Settlement and Settlement Agreement. Commission staff will hold a technical conference of APS, parties to the proposed Settlement Agreement, and other interested parties in the relicensing proceeding for the project. The conference will be held on January

10, 2001, from 10:00 a.m. to 5:00 p.m. at the Community Room of the Phoenix Museum of History, 105 North 5th Street, Phoenix, Arizona.

The purposes of the conference are to learn more about the Settlement Agreement, and discuss related procedural steps. All interested individuals, organizations, and agencies are invited to attend the conference.

For further information, please contact Dianne Rodman at (202) 219-2830.

[Docket No. CP01-41-000]

El Paso Natural Gas Company; Notice of Application

December 8, 2000.

On November 30, 2000, El Paso Natural Gas (El Paso), pursuant to Section 3 of the Natural Gas Act (NGA), and Subparts B and C of Part 153 of the Federal Energy Regulatory Commission's (Commission) regulations under the NGA, filed in Docket No. CP01-41-000 its application for: (1) an order authorizing the siting, construction, and operation of 60 feet of 16-inch diameter pipeline and the place of exit for export of up to 8,500 Mcf per day of natural gas at the International Boundary between the United States and Mexico in Santa Cruz County, Arizona; and, (2) a Presidential Permit, pursuant to Section 7 of the NGA and the Commission's Rules and Regulations, all as more fully set forth in the application which is on file with the Commission and open to public inspection. The filing may be viewed at <http://www.ferc.fed.us/online/rims.htm> (call 202-208-2222 for assistance).

The application states that El Paso understands that Nogales, Sonora,

Mexico is host to a growing commercial manufacturing industry. Due to the increasing number of industrial parks and U.S. manufacturing plants being located in northern Sonora, there is an increasing need for supplies of clean burning natural gas as fuel. In response thereto, Ener-Son, U.S.A. Inc. (Ener-Son), a buyer and seller of natural gas, has agreed to provide for the increasing needs of these commercial manufacturing plants. In addition, Ener-Son also desires to provide natural gas to fuel future electric power generation in Northern Mexico.

El Paso states that its existing California Mainline System is capable of providing interruptible transportation service for such quantities of natural gas. However, certain additional metering and lateral facilities must be constructed between El Paso's existing mainline system and the point of interconnection at the International Boundary. El Paso will construct and operate: a delivery point, Ductos de Nogales; 4,216 feet of 6.625-inch diameter lateral pipeline (the last 60 feet of lateral on the United States side will be 16-inch diameter pipe); and, metering facilities pursuant to the automatic blanket provisions under sections 157.211(a) and 157.208(a), respectively, of the Commission's regulations.

El Paso's application further states that measurement will take place at the new delivery point; however, custody transfer will take place at the border crossing. A financial arrangement has been executed with El Paso for the construction and operation of the new gas transportation facilities. El Paso understands that construction has been completed of the necessary pipeline system in Mexico to the Mexican side of the border crossing.

Questions regarding the details of this proposed project should be directed to Robert T. Tomlinson, Director, Tariff and Certificates Department, El Paso Natural Gas Company, Post Office Box 1492, El Paso, Texas 79978, call (915) 496-5959.

There are two ways to become involved in the Commission's review of this project. First, any person wishing to obtain legal status by becoming a party to the proceedings for this project should, on or before December 22, 2000, file with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, a motion to intervene in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the NGA (18 CFR 157.10). A person obtaining party status will be
