AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: We are proposing a limited approval and limited disapproval of revisions to the Imperial County Air Pollution Control District (ICAPCD) portion, Monterey Bay Unified Air Pollution Control District (MBUAPCD) portion, and the San Joaquin Valley Unified Air Pollution Control District (SJVUAPCD) portion of the California SIP concerning PM-10 emissions from livestock feed lots, agricultural burning, industrial processes, and residential wood burning.

We are also proposing full approval of revisions to the ICAPCD portion of the California SIP concerning definitions, PM-10 emissions from orchard heaters, incinerators, open burning, and range improvement burning, and to the South Coast Air Quality Management District (SCAQMD) portion of the California SIP concerning PM-10 emissions from restaurant operations.

We are also proposing full approval of rescissions from the MBUAPCD portion of the California SIP concerning exceptions to other rules.

We are proposing action on local rules that regulate these emission sources under the Clean Air Act as amended in 1990 (CAA or the Act). We are taking comments on this proposal and plan to follow with a final action.
