**AGENCY:** Military Traffic Management Command (MTMC), DoD.

**ACTION:** Notice.

**SUMMARY:** The Military Traffic Management Command (MTMC), as the Program Director for the Department of Defense (DoD), Proposes to allow relocation companies operating as brokers to participate as transportation providers in the movement of personal property under the current program for

both domestic and international traffic. Therefore, the carrier qualification program is being amended to add qualification standards for brokers and to expand the Tender of Service to include brokers. The effect is that brokers will be eligible to compete in DoD's Personal Property Program. Under these procedures, brokers interested in competing for DoD traffic can apply for qualification by complying with all requirements as set forth in the current personal property program. Requirements can be assessed via the worldwide web at [www.mtmc.army.mil](http://www.mtmc.army.mil), click Transportation Services, then click on Personal Property & POV. Follow the "How to Do Business in the Personal Property Program," instructions located under Carriers Approvals & Performance.

**SUPPLEMENTARY INFORMATION:****Background**

HQMTMC is allowing relocation companies operating as brokers to participate in the current personal property program. A broker is defined as a person or company who, for compensation, provides transportation services for DoD shippers, with reasonable diligence, according to the terms and conditions of transportation contracts, rate tenders and Government bills of lading (GBL's) negotiated between MTMC and the broker. The broker understands that its initial approval and retention of approval are contingent upon its meeting or exceeding all the requirements set forth in the current personal property program, both domestic and/or international, which ever is applicable. Brokers may participate in one or both programs. Brokers must also establish and maintain to MTMC's satisfaction, sufficient resources to support its proposed scope of operations and service. Sufficient resources include equipment, personnel, facilities and finances to handle traffic anticipated by DoD/MTMC under the broker's proposed scope of operations in accordance with the service requirements of the shipper. The broker understands that MTMC may revoke approval at any time upon discovery of grounds for ineligibility or

disqualification. Applications may be submitted to Sylvia Walker at the address shown above.

CIL programs promote a philosophy of independent living-consumer control, peer support, self-help, self-determination, equal access, and individual and system advocacy-the goal is to maximize the leadership, empowerment, independence, and productivity of individuals with disabilities, and enhance the integration and full inclusion of individuals with disabilities into the mainstream of American society.

This evaluation will include questionnaire surveys of all CIL directors and a nationally representative sample of current and former consumers of CIL services. The study will examine two major areas: (1) Consumer satisfaction and outcomes of services, and (2) systems advocacy and change.

The results of the study will be used to complement Section 704 Annual Performance Report data; support RSA Government Performance and Results Act (GPRA) reporting requirements; assist CILs to identify successful service and advocacy strategies; and inform advocates and policy makers about the Independent Living Programs.
