

guidance, (2) highlight differences with the EAGR on effectiveness data recommendation, and (3) give explanations for disparities with the EAGR. Comments about the draft guidance documents will be considered by the FDA and the VICH Anthelmintic Working Group. Ultimately, FDA intends to adopt the VICH Steering Committee's final guidances and publish them as future guidances.

These draft documents, developed under the VICH process, have been revised to conform to FDA's good guidance practices (65 FR 56468, September 19, 2000). For example, the documents have been designated "guidance" rather than "guideline." Because guidance documents are not binding, unless specifically supported by statute or regulation, mandatory words such as "must," "shall," and "will" in the original VICH documents have been substituted with "should." Similarly, words such as "require" or "requirement" have been replaced by "recommendation" or "recommended" as appropriate to the context.

These draft documents represent current FDA thinking on effectiveness recommendations for certain veterinary anthelmintic medicinal products. These documents do not create or confer any rights for or on any person and will not operate to bind FDA or the public. An alternate method may be used as long as it satisfies the requirements of applicable statutes and regulations.

III. Comments

These draft guidance documents are being distributed for comment purposes only and are not intended for implementation at this time. Interested persons should submit to the Dockets Management Branch (address above) written comments regarding the draft guidance documents by January 17, 2001. Two copies of any comments are to be submitted, except that individuals may submit one copy. Comments should be identified with the docket number found in brackets in the heading of this document. A copy of the draft guidance documents and received comments are available for public examination in the Dockets Management Branch between 9 a.m. and 4 p.m., Monday through Friday.

Dated: December 8, 2000.

Agency Information Collection Activities: Submission for OMB Review; Comment Request

Periodically, the Substance Abuse and Mental Health Services Administration

(SAMHSA) will publish a list of information collection requests under OMB review, in compliance with the Paperwork Reduction Act (44 U.S.C. Chapter 35). To request a copy of these documents, call the SAMHSA Reports Clearance Officer on (301) 443-7978.

Tobacco Regulation for Substance Abuse Prevention and Treatment—45 CFR Part 96—(OMB No. 0930-0165; Extension, no change)—This final rule provides guidance to States regarding compliance with section 1926 of the Public Health Service Act (42 USC 300x-26) related to sale and distribution of tobacco to minors. The final rule implements section 1926 by specifying the content of the State's annual report on the provisions of the rule and application for block grant funds. The reporting burden shown below represents the average total hours to assemble, format and produce the information for the block grant provision on minors' access to tobacco, in accordance with the requirements of 45 CFR Part 96. These burden hours are counted towards the total burden for the annual Substance Abuse Prevention and Treatment Block Grant Application Format (OMB No. 0930-0080) for which separate approval is obtained.

DEPARTMENT OF THE INTERIOR

Fish and Wildlife Service

Notice of Intent To Prepare an Environmental Impact Statement for Issuance of Permits, to Incidentally Take Threatened and Endangered Species, to the City of Sacramento and Sutter County in Association with a revised Natomas Basin Habitat Conservation Plan, Sacramento and Sutter Counties, California

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of intent.

SUMMARY: The Fish and Wildlife Service (Service), is considering approval of a revised Natomas Basin Habitat Conservation Plan (Plan) and re-issuance of an Endangered Species Act Incidental Take Permit (Permit), under section 10(a)(1)(B) of the Endangered Species Act, to the City of Sacramento (City) and issuing a Permit to Sutter County. These municipalities have the majority of land use authority in the Natomas Basin. The permit would authorize incidental take of listed

species and unlisted species that may be listed in the future. Incidental take of listed species could occur as a result of urban development, certain on-going rice farming activities, and management of habitat reserves.

Pursuant to the National Environmental Policy Act, the Service intends to prepare an Environmental Impact Statement addressing the proposed action of approving the Plan and issuing Permits. The Plan covers the entire 53,341-acre Natomas Basin, including portions of the City and Sacramento and Sutter Counties that occur within the basin. The Environmental Impact Statement will also serve as an Environmental Impact Report under the California Environmental Quality Act. The Plan addresses the incidental take of the federally listed threatened giant garter snake (*Thamnophis gigas*), Aleutian Canada goose (*Branta canadensis leucopareia*), valley elderberry longhorn beetle (*Desmocerus californicus dimorphus*), the endangered vernal pool fairy shrimp (*Branchinecta lynchi*), vernal pool tadpole shrimp (*Lepidurus packardii*), conservancy fairy shrimp
