[Docket No. RP96-383-016]

#### Dominion Transmission, Inc; Notice of Negotiated Rate

December 13, 2000.

Take notice that on December 6, 2000, in compliance with the Commission's Letter Order, in Docket No. RP96-383-012, Dominion Transmission Inc. (DTI) tendered for filing a negotiated rate agreement for FT service between DTI and Allegheny Energy Unit 1 and 2, L.L.C. (Allegheny), together with an explanation of the contractual rights and obligations under that agreement (November 2000 FT Agreement).

DTI states that Exhibit A to the November 2000 FT Agreement clarifies that the maximum quantities of gas that DTI shall deliver and that Customer may tender are a MDTQ of 25,000 Dt and a MATQ of 9,125,000 DT. DTI notes that these figures are the same as the contract quantities specified on Second Revised Sheet No. 1404, thus alleviating the Commission's concern. The contract exhibit also clarifies that DTI's obligation is a fixed daily and annual contract maximum quantity entitlement and that DTI is not obligated in any way to provide service at an unstated "full requirements" level.

DTI states that copies of its letter of transmittal and enclosures have been served upon the parties to this proceeding.

Any person desiring to be heard or to protest said filing should file a motion to intervene or a protest with the Federal Energy Regulatory Commission 888 First Street, N.E., Washington, DC 20426, in accordance with Sections 385.214 or 385.211 of the Commission's Rules and Regulations. All such motions

or protests must be filed in accordance with Section 154.210 of the Commission's Regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference Room. This filing may be viewed on the web at <http://www.ferc.fed.us/online/rims.htm> (call 202-208-2222 for assistance). #### El Paso Natural Gas Company; Notice of Proposed Changes in FERC Gas Tariff

December 13, 2000.

Take notice that on December 11, 2000, El Paso Natural Gas Company (El Paso) tendered for filing as part of its FERC Gas Tariff, Second Revised Volume No. 1-A, Substitute Eighth Revised Sheet No. 29, with an effective date of January 1, 2001.

El Paso states that the tendered sheet revises the fuel charge applicable to transportation service on El Paso's system. The proposed fuel changes include removal of the fuel costs attributable to the Waha facilities that are the subject of the abandonment application at Docket No. CP00-437-000.

Any person desiring to be heard or to protest said filing should file a motion to intervene or a protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426, in accordance with Sections 385.214 or 385.211 of the Commission's Rules and Regulations. All such motions or protests must be filed in accordance with Section 154.210 of the Commission's Regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceedings.

[Docket No. PR01-3-000]

#### Magnolia Pipeline Corporation; Notice of Petition for Rate Approval

December 13, 2000.

Take notice that on November 13, 2000, Magnolia Pipeline Corporation (Magnolia), filed a petition for rate approval, pursuant to Section 311 of the Natural Gas Policy Act (NGPA), and Section 284.123(b)(2) of the Commission's Regulations requesting that the Commission approve Magnolia's continued use of its current maximum rate of \$0.1621 per Dth, plus reimbursement of actual fuel use up to three percent, for Section 311 interruptible transportation services performed on Magnolia's system.

Magnolia is an intrastate pipeline within the meaning of Section 2(16) of the NGPA, and owns and operates facilities within the State of Alabama. Magnolia states that even if it were able to collect its current maximum rate, it would not recover its total cost of service because its throughput is significantly lower than expected. Further, since market conditions do not allow it to collect its current maximum rate, Magnolia is seeking only to re-justify such rate. Magnolia proposes an effective date of November 21, 2000, while reserving the right to increase its Section 311 rate at a future date.

Pursuant to section 284.123(b)(2)(ii), if the Commission does not act within 150 days of the filing date of Magnolia's Petition, Magnolia's rates for firm and interruptible storage services will be deemed to be fair and equitable. The Commission may within such 150 day period extend the time for action or institute a proceeding in which all interested parties will be afforded an opportunity for written comments and the oral presentation of views, data and arguments.

Any person desiring to participate in this rate proceeding must file a motion to intervene or protest with the Federal

Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, in accordance with rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214). All motions must be filed with the Secretary of the Commission on or before December 28, 2000. This petition for rate approval is on file with the Commission and is available for public inspection. This filing may be viewed on the web at <http://www.ferc.fed.us/online/rims.htm> (call 202-208-2222 for assistance).
