[Docket No. RP96-383-016]

#### Dominion Transmission, Inc; Notice of Negotiated Rate

December 13, 2000.

Take notice that on December 6, 2000, in compliance with the Commission's Letter Order, in Docket No. RP96-383-012, Dominion Transmission Inc. (DTI) tendered for filing a negotiated rate agreement for FT service between DTI and Allegheny Energy Unit 1 and 2, L.L.C. (Allegheny), together with an explanation of the contractual rights and obligations under that agreement (November 2000 FT Agreement).

DTI states that Exhibit A to the November 2000 FT Agreement clarifies that the maximum quantities of gas that DTI shall deliver and that Customer may tender are a MDTQ of 25,000 Dt and a MATQ of 9,125,000 DT. DTI notes that these figures are the same as the contract quantities specified on Second Revised Sheet No. 1404, thus alleviating the Commission's concern. The contract exhibit also clarifies that DTI's obligation is a fixed daily and annual contract maximum quantity entitlement and that DTI is not obligated in any way to provide service at an unstated "full requirements" level.

DTI states that copies of its letter of transmittal and enclosures have been served upon the parties to this proceeding.

Any person desiring to be heard or to protest said filing should file a motion to intervene or a protest with the Federal Energy Regulatory Commission 888 First Street, N.E., Washington, DC 20426, in accordance with Sections 385.214 or 385.211 of the Commission's Rules and Regulations. All such motions

or protests must be filed in accordance with Section 154.210 of the Commission's Regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference Room.
