

Currently Identified Environmental Issues

We have already identified several issues that we think deserve attention based on a preliminary review of the proposed facilities and the environmental information provided by Southern. This preliminary list of issues may be changed based on your comments and our analysis.

- Construction within 300 feet of the Blessed Trinity Mission and nearby sewage treatment pond.
- Construction for approximately 1 mile across the Chattahoochee River floodplain and for approximately 1 mile across the Hannahatchee Creek floodplain.
- Use of a 3.87-acre temporary warehouse/pipe storage yard (Warehouse 1) located on the outskirts of Omaha, Georgia, at County Roads 34 and 39, and use of a 3.06-acre temporary warehouse/pipe storage yard (Warehouse 2) at milepost 34.0 in Stewart County, Georgia.
- The widening of 10 logging roads up to 25 feet wide for use as temporary access roads.

Public Participation

You can make a difference by providing us with your specific comments or concerns about the project. By becoming a commentor, your concerns will be addressed in the EA and considered by the Commission. You should focus on the potential environmental effects of the proposal, alternatives to the proposal (including alternative routes), and measures to avoid or lessen environmental impact. The more specific your comments, the more useful they will be. Please carefully follow these instructions to ensure that your comments are received in time and properly recorded:

- Send an original and two copies of your letter to: David P. Boergers, Secretary, Federal Energy Regulatory Commission, 888 First Street, St., NE., Room 1A, Washington, DC 20426.
- Label one copy of the comments for the attention of Gas 2.
- Reference Docket No. CP01-035-000.
- Mail your comments so that they will be received in Washington, DC on or before January 16, 2001.

Comments may also be filed electronically via the Internet in lieu of paper. See 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's web site at <http://www.ferc.fed.us/efi/doorbell.htm> under the link to the User's Guide. Before you can file comments you will need to create an account which can be created

by clicking on "Login to File" and then "New User Account."

Becoming an Intervenor

In addition to involvement in the EA scoping process, you may want to become an official party to the proceeding known as an "intervenor". Intervenors play a more formal role in the process. Among other things, intervenors have the right to receive copies of case-related Commission documents and filings by other intervenors. Likewise, each intervenor must provide 14 copies of its filings to the Secretary of the Commission and must send a copy of its filings to all other parties on the Commission's service list for this proceeding. If you want to become an intervenor you must file a motion to intervene according to Rule 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.214) (see appendix 2). Only intervenors have the right to seek rehearing of the Commission's decision.

Affected landowners and parties with environmental concerns may be granted intervenor status upon showing good cause by stating that they have a clear and direct interest in this proceeding which would not be adequately represented by any other parties. You do not need intervenor status to have your environmental comments considered.

Additional information about the proposed project is available from the Commission's Office of External Affairs at (202) 208-0004 or on the FERC website (www.ferc.fed.us) using the "RIMS" link to information in this docket number. Click on the "RIMS" link, select "Docket #" from the RIMS Menu, and follow the instructions. For assistance with access to RIMS, the RIMS helpline can be reached at (202) 208-2222.

Similarly, the "CIPS" link on the FERC Internet website provides access to the texts of formal documents issued by the Commission, such as orders, notices, and rulemakings. From the FERC Internet website, click on the "CIPS" link, select "Docket #" from the CIPS menu, and follow the instructions. For assistance with access to CIPS, the CIPS helpline can be reached at (202) 208-2474.

David P. Boergers,
Secretary.

ENVIRONMENTAL PROTECTION AGENCY

[OPP-00691; FRL-6759-3]

Application and Summary Report for an Emergency Exemption for Pesticides; Renewal of Pesticide Information Collection Activities and Request for Comments

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: This Information Collection Request (ICR) is a renewal of an existing ICR that is currently approved by the Office of Management and Budget (OMB) and is due to expire September 30, 2001. This data collection program is designed to provide EPA with necessary data to evaluate an application for a permit for the temporary shipment and use of a pesticide product for an unregistered use to mitigate an emergency situation, and to evaluate the effectiveness of that product in allaying the emergency. Requests for Section 18 emergency exemptions, thus submission of the application, are at the discretion of a State, U.S. Territory, or Federal agency. Should one of these entities apply for the emergency, then the information and data herein are requested by EPA.

DATES: Written comments, identified by the docket control number OPP-00691, must be received on or before February 20, 2001.
