(Catalog of Federal Domestic Assistance No. 83.100, "Flood Insurance.")  
 Dated: December 6, 2000.  
**Michael J. Armstrong,**  
*Associate Director for Mitigation.*  
 [FR Doc. 00-32213 Filed 12-20-00; 8:45 am]  
**BILLING CODE 6718-04-P**

**FEDERAL EMERGENCY MANAGEMENT AGENCY**

**44 CFR Part 67**

**Final Flood Elevation Determinations**

**AGENCY:** Federal Emergency Management Agency (FEMA).

**ACTION:** Final rule.

**SUMMARY:** Base (1% annual chance) flood elevations and modified base flood elevations are made final for the communities listed below. The base flood elevations and modified base flood elevations are the basis for the floodplain management measures that each community is required either to adopt or to show evidence of being already in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP).

**EFFECTIVE DATE:** The date of issuance of the Flood Insurance Rate Map (FIRM) showing base flood elevations and modified base flood elevations for each community. This date may be obtained by contacting the office where the FIRM is available for inspection as indicated in the table below.

**ADDRESSES:** The final base flood elevations for each community are available for inspection at the office of the Chief Executive Officer of each community. The respective addresses are listed in the table below.

**FOR FURTHER INFORMATION CONTACT:** Matthew B. Miller, P.E., Chief, Hazards Study Branch, Mitigation Directorate, 500 C Street SW., Washington, DC 20472, (202) 646-3461, or (e-mail) [matt.miller@fema.gov](mailto:matt.miller@fema.gov).

**SUPPLEMENTARY INFORMATION:** The Federal Emergency Management Agency makes final determinations listed below of base flood elevations and modified base flood elevations for each community listed. The proposed base flood elevations and proposed modified base flood elevations were published in newspapers of local circulation and an opportunity for the community or individuals to appeal the proposed determinations to or through the community was provided for a period of ninety (90) days. The proposed base flood elevations and proposed modified base flood elevations were also published in the **Federal Register**.

This final rule is issued in accordance with Section 110 of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4104, and 44 CFR part 67.

FEMA has developed criteria for floodplain management in floodprone areas in accordance with 44 CFR part 60.

Interested lessees and owners of real property are encouraged to review the proof Flood Insurance Study and FIRM available at the address cited below for each community.

The base flood elevations and modified base flood elevations are made final in the communities listed below. Elevations at selected locations in each community are shown.

*National Environmental Policy Act.* This rule is categorically excluded from the requirements of 44 CFR part 10, Environmental Consideration. No environmental impact assessment has been prepared.

*Regulatory Flexibility Act.* The Associate Director for Mitigation certifies that this rule is exempt from the requirements of the Regulatory Flexibility Act because final or modified base flood elevations are required by the Flood Disaster Protection Act of 1973, 42 U.S.C. 4104, and are required to establish and maintain community eligibility in the NFIP. No regulatory flexibility analysis has been prepared.

*Regulatory Classification.* This final rule is not a significant regulatory action under the criteria of section 3(f) of Executive Order 12866 of September 30, 1993, Regulatory Planning and Review, 58 FR 51735.

*Executive Order 12612, Federalism.* This rule involves no policies that have federalism implications under Executive Order 12612, Federalism, dated October 26, 1987.

*Executive Order 12778, Civil Justice Reform.* This proposed rule meets the applicable standards of section 2(b)(2) of Executive Order 12778.

**List of Subjects in 44 CFR Part 67**

Administrative practice and procedure, Flood insurance, Reporting and recordkeeping requirements.

Accordingly, 44 CFR part 67 is amended to read as follows:

**PART 67—[AMENDED]**

1. The authority citation for part 67 continues to read as follows:

**Authority:** 42 U.S.C. 4001 *et seq.*; Reorganization Plan No. 3 of 1978, 3 CFR, 1978 Comp., p. 329; E.O. 12127, 44 FR 19367, 3 CFR, 1979 Comp., p. 376.

**§ 67.11 [Amended]**

2. The tables published under the authority of § 67.11 are amended as follows:

## FEDERAL COMMUNICATIONS COMMISSION

### 47 CFR CH. 1

[FCC 00-401]

#### Development of Secondary Markets

**AGENCY:** Federal Communications Commission.

**ACTION:** Policy statement.

**SUMMARY:** This document outlines in general terms a series of initiatives that the Commission intends to undertake to promote secondary markets for spectrum. The Commission's current policies concerning transfer, assignment, disaggregation and partitioning of licenses allow certain licensees to market portions of their spectrum to others. In this effort, the Commission seeks to significantly expand and enhance the existing secondary markets for spectrum and radio communications services to permit spectrum to flow more freely among users and uses in response to economic demand, to the extent consistent with our other statutory mandates and public interest objectives.

**FOR FURTHER INFORMATION CONTACT:** Lisa Gaisford, Office of Engineering and Technology, (202) 418-7280.

**SUPPLEMENTARY INFORMATION:** This is a summary of the Commission's *Policy Statement*, FCC 00-401, adopted November 9, 2000, and released December 1, 2000. The full text of this Commission decision is available on the Commission's Internet site, at [www.fcc.gov](http://www.fcc.gov). It is also available for inspection and copying during normal business hours in the FCC Reference Information Center, Room CY-A257, 445 12th Street, SW., Washington, DC, and also may be purchased from the Commission's duplication contractor, International Transcription Service, (202) 857-3800, 1231 20th Street, NW, Washington, DC 20036.

#### Summary of the Policy Statement

The Commission adopted a Policy Statement setting forth the Commission's plans for facilitating secondary markets for radio spectrum that will allow and encourage licensees to make all or portions of their

frequencies and/or service areas available to other entities and uses. The Commission envisions that secondary markets can flourish by facilitating arrangements such as leasing, franchising, and joint operating agreements, and improving the conditions for transferability of spectrum through, for example, partitioning or disaggregation. The Policy Statement outlines in general terms a series of initiatives that the Commission intends to undertake to promote secondary markets for spectrum. The Commission's current policies concerning transfer, assignment, disaggregation and partitioning of licenses allow certain licensees to market portions of their spectrum to others. In this new effort, the Commission seeks to significantly expand and enhance the existing secondary markets for spectrum and radio communications services to permit spectrum to flow more freely among users and uses in response to economic demand, to the extent consistent with our other statutory mandates and public interest objectives.

## FEDERAL COMMUNICATIONS COMMISSION

### 47 CFR Part 73

[DA 00-2710; MM Docket No. 98-29; RM-9190, RM-9275]

#### Radio Broadcasting Services; Indian Wells, Indio, CA

**AGENCY:** Federal Communications Commission.

**ACTION:** Final rule.

**SUMMARY:** The Commission, at the request of Professional Broadcasting, Inc. allots Channel 238A at Indian Wells, California, as the community's first local aural transmission service. See 63 FR 12426 (March 13, 1998). The Commission considers comparatively and denies a petition filed by Elia Tawil proposing to allot Channel 238A at Indio, California, as the community's fourth aural transmission service, and to reserve the channel as a noncommercial educational channel. It also dismisses as technically and procedurally defective a pleading filed by Playa Del Sol Broadcasters, permittee of an unbuilt station on Channel 249A in Mecca, California, requesting the allotment of Channel 238A at Mecca, California,

reallotment of Channel 249A from Mecca to Indian Wells, California, and modification of its permit for unbuilt station in Mecca to reflect the new community. Channel 238A can be allotted to Indian Wells in compliance with the Commission's minimum distance separation requirements, with respect to domestic allotments, at a site 6 kilometers (3.7 miles) east, at coordinates 33-42-04 North Latitude and 116-14-47 West Longitude. A filing window for Channel 238A at Indian Wells, California, will not be opened at this time. Instead, the issue of opening filing windows for this channel will be addressed by the Commission in a subsequent Order. With this Order, this proceeding is terminated.

**DATES:** Effective January 22, 2000.

#### FOR FURTHER INFORMATION CONTACT:

Victoria M. McCauley, Mass Media Bureau, (202) 418-2180.

**SUPPLEMENTARY INFORMATION:** This is a synopsis of the Commission's Report and Order, MM Docket No. 98-29, adopted November 22, 2000, and released December 1, 2000. The full text of this Commission decision is available for inspection and copying during normal business hours in the FCC Reference Center (Room 239), 445 12th Street, SW, Washington, DC. The complete text of this decision may also be purchased from the Commission's copy contractor, International Transcription Services, Inc., (202) 857-3800, 1231 20th Street, NW, Washington, DC 20036.

#### List of Subjects in 47 CFR Part 73

Radio broadcasting.

Part 73 of title 47 of the Code of Federal Regulations is amended as follows:

#### PART 73—[AMENDED]

1. The authority citation for part 73 continues to read as follows:

**Authority:** 47 U.S.C. 154, 303, 334 and 336.

#### § 73.202 [Amended]

2. Section 73.202(b) the FM Table of Allotments under California is amended by adding Indian Wells, Channel 238A.
