SUPPLEMENTARY INFORMATION:

Title: Criminal Penalty Safe Harbor Provision.

OMB Control Number: None assigned.

Frequency: We believe that there will be very few criminal prosecutions under section 30170, given its elements. Accordingly, it is not likely to be a substantial motivating force for a submission of a proper report. We estimate that no more than 9 persons a year would be subject to this new collection of information, and we do not anticipate receiving more than one report a year from any particular person.

Affected Public: This collection of information would apply to any person who seeks a "safe harbor" from potential criminal liability under 49 U.S.C. 30170. Thus, the collection of information could apply to the manufacturers, any officers or employees thereof, and other persons who respond or have a duty to respond to an information provision requirement pursuant to 49 U.S.C. 30166 or a regulation, requirement, request or order issued thereunder.

Abstract: NHTSA is publishing a rule related to "reasonable time" and sufficient manner of "correction," as they apply to the safe harbor from criminal penalties, as required by Section 5 of the Transportation Recall Enhancement, Accountability, and Documentation (TREAD) Act (Pub. L. 106-414), enacted November 1, 2000.

Estimated Annual Burden: Using the above estimate of 9 respondents a year, with an estimated two hours of preparation to collect and provide the information, at an assumed rate of \$20 an hour, the annual, estimated cost of

collecting and preparing the information necessary for 9 complete "safe harbor" corrections is about \$360. Adding in a postage cost of \$3.06 (9 reports at a cost of 34 cents to mail each one), we estimate that it will cost \$363.06 a year for persons to prepare and submit the information necessary to satisfy the safe harbor provision of 49 U.S.C. 30170.

Since nothing in this rule would require those persons who submit reports pursuant to this rule to keep copies of any records or reports submitted to us, the cost imposed to keep records would be zero hours and zero costs.

Number of Respondents: We estimate that there will be no more than 9 per year.

Summary of The Collection of Information: Any person seeking protection from criminal liability under 49 U.S.C. 30170 related to an improper report or failure to report pursuant to 49 U.S.C. 30166, or a regulation, requirement, request or order issued thereunder, will be required to report the following information to NHTSA: (1) each previous improper item of information or document and each failure to report that was required under 49 U.S.C. 30166, or a regulation, requirement, request or order issued thereunder, (2) the specific predicate under which each improper or omitted report should have been provided, and (3) the complete and correct reports, including all information that was improperly submitted or that should have been submitted and all relevant documents that were not previously submitted to NHTSA or, if the person cannot provide this, then a full detailed description of that information or of the content of those documents and the reason why the individual cannot provide them to NHTSA.

See *Exemption of Out-of-Service Rail Lines*, 5 I.C.C. 2d 377 (1989). Any request for a stay should be filed as soon as possible so that the Board may take appropriate action before the exemption's effective date.

Pacific Railroad Company, 1416 Dodge Street, Room 830, Omaha, NE 68179.

If the verified notice contains false or misleading information, the exemption is void *ab initio*.

UP has filed an environmental report which addresses the abandonment's effects, if any, on the environment and historic resources. The Section of Environmental Analysis (SEA) will issue an environmental assessment (EA) by December 26, 2000.

Interested persons may obtain a copy of the EA by writing to SEA (Room 500, Surface Transportation Board, Washington, DC 20423) or by calling SEA, at (202) 565-1545. Comments on environmental and historic preservation matters must be filed within 15 days after the EA becomes available to the public.

Environmental, historic preservation, public use, or trail use/rail banking conditions will be imposed, where appropriate, in a subsequent decision.

Pursuant to the provisions of 49 CFR 1152.29(e)(2), UP shall file a notice of consummation with the Board to signify that it has exercised the authority granted and fully abandoned the line. If consummation has not been effected by UP's filing of a notice of consummation by December 21, 2001, and there are no legal or regulatory barriers to consummation, the authority will automatically expire.
