

Title of Proposal: Schedule of Pooled Mortgages.

OMB Control Number, if applicable: 2503-0010.

Description of the need for the information and proposed use: This form identifies the mortgages that collateralize the designed MBS pools or loan packages. It also provides a certification from the document custodian that certain required mortgage documents are being held by the document custodian on behalf of Ginnie Mae.

Agency form numbers, if applicable: HUD Form 11706.

Members of affected public: For-profit business (mortgage industry trade associations, securities companies, accounting firms, law firms, service providers, etc.)

Estimation of the total numbers of hours needed to prepare the information collection including number of respondents, frequency of response, and hours of response:

Estimation of total number of hours needed to prepare the information collection is based on the number of respondents multiplied by the frequency of responses:

(1) 650 respondents × 49 responses = 31,540 total annual responses, and Total annual responses multiplied by the amount of time it takes to complete the form.

(2) 31,540 × .25 hours/response = 7,885 annual burden hours.

Status of the proposed information collection: This is a reinstatement, with change, of a previously approved collection for which approval has expired.

Authority: Sec. 3506 of the Paperwork Reduction Act of 1995, 44 U.S.C. Chapter 35, as amended.

Dated: December 18, 2000.

George S. Anderson,

Executive Vice President, Ginnie Mae.

BILLING CODE 4210-01-M

DEPARTMENT OF THE INTERIOR

Office of the Secretary

Establishment of Hanford Reach National Monument Federal Planning Advisory Committee

AGENCY: Office of the Secretary, Interior.

ACTION: Notice of Establishment.

SUMMARY: The Secretary of the Interior, after consultation with the Department of Energy (DOE) and General Services Administration, has established the Hanford Reach National Monument

Federal Planning Advisory Committee (Committee). The Committee will provide recommendations to the Fish and Wildlife Service (Service) and DOE on the preparation of a comprehensive conservation plan and associated environmental impact statement (CCP/EIS) for the Hanford Reach National Monument (Monument). Additionally, the Committee will help to ensure that during development of the CCP/EIS, we consider the land-use visions and perspectives of affected stakeholders within the framework of the directives of Presidential Proclamation 7319, June 9, 2000; the DOE Hanford Site; and the policy requirements of the National Wildlife Refuge System.

FOR FURTHER INFORMATION CONTACT: Greg Hughes, Project Leader, Hanford Reach National Monument/Saddle Mountain National Wildlife Refuge, 3250 Port of Benton Boulevard, Richland, WA 99352. Telephone: (509) 371-1801.

SUPPLEMENTARY INFORMATION: We are publishing this notice in accordance with the requirements of the Federal Advisory Committee Act (5 U.S.C. App.) (FACA). The Secretary of the Interior certifies that he has determined that the formation of the Committee is necessary and is in the public interest.

The Committee will conduct its operations in accordance with the provisions of FACA. The Committee will report to the Director of the Service or the Director's designee and will function solely as an advisory body. The Committee's charter directs the Committee to provide advice to the Service and DOE regarding the preparation of the Monument CCP/EIS, including the identification of planning issues and development of vision, goals, objectives, priorities, and management alternatives.

To achieve the Committee's goals, the Secretary will appoint members who can effectively represent the varied interests associated with the Monument. Members will represent State, local, and tribal governments; economic interests; environmental organizations; scientific and academic interests; outdoor recreation interests; and the public-at-large. Each member must be qualified on the basis of knowledge and understanding of the lands and resources of the Monument; past experience working with government planning processes; ability to actively participate in diverse team settings; demonstrated skill in working toward mutually beneficial solutions to complex issues; and commitment to attending Committee meetings.

The Committee will meet at such intervals as are necessary to carry out its

functions. We expect that the Committee will meet at least six times per year. The Service will provide necessary support services to the Committee. All meetings of the Committee and any subcommittee established by the Committee will be open to the public. The public will have the opportunity to provide input at all meetings.

The Committee will continue for the length of time required to complete the Monument CCP/EIS (estimated to be approximately 2 years).

Fifteen days after publication of this notice in the **Federal Register**, a copy of the Committee's charter will be filed with the Committee Management Secretariat, General Services, Administration; Committee on Environment and Public Works, United States Senate; Committee on Resources, United States House of Representatives; and the Library of Congress.

The Certification for establishment is published below.

Certification

I hereby certify that the Hanford Reach National Monument Federal Planning Advisory Committee is necessary and is in the public interest in connection with the performance of duties imposed on the Department of the Interior by Presidential Proclamation 7319 of June 9, 2000, Establishment of the Hanford Reach National Monument. The Committee will assist the Fish and Wildlife Service and the Department of Energy by providing advice on the preparation of a Comprehensive Conservation Plan and associated Environmental Impact Statement for the Monument.

Dated: December 19, 2000.

Bruce Babbitt,

Secretary of the Interior.

DEPARTMENT OF THE INTERIOR

Fish and Wildlife Service

Notice of Receipt of Applications for Permit: Correction

AGENCY: Fish and Wildlife Service.

ACTION: Notice: correction.

SUMMARY: We published a notice on November 28, 2000. (65 FR 70931) identifying an application request as PRT-033790. The correct application request is identified as PRT-036053.

DATES: We will accept comments on this notice on or before January 18, 2000.

ADDRESSES: Written data or comments should be submitted to the Director, U.S. Fish and Wildlife Service, Division of Management Authority, 4401 North Fairfax Drive, Room 700, Arlington, Virginia 22203 and must be received by the Director within 30 days of the date of this publication.

FOR FURTHER INFORMATION CONTACT: Charlie Chandler (800) 358-2104, Division of Management Authority, U.S. Fish and Wildlife Service.

SUPPLEMENTARY INFORMATION: On November 28, 2000, we published a notice requesting comments on the receipt of an application for a permit from White Oak Conservation Center, Yulee, FL, to import 2 captive bred cheetahs (*Acinonyx jubatus*) from Wassenaar Wildlife Breeding Centre, the Netherlands, for the purpose of captive propagation. The permit application mistakenly identified the application request as PRT-033790. The correct application request should be identified as PRT-036053.

Dated: December 20, 2000.

Anna Barry,
Branch of Permits, Division of Management Authority.

DEPARTMENT OF THE INTERIOR

Bureau of Land Management

[CA-660-00-7123-HA]

Restrictions on Use of Public Lands

AGENCY: Bureau of Land Management, Palm Springs-South Coast Field Office, Desert District, California, Department of the Interior.

ACTION: Notice-temporary closure of public lands to motorized vehicles.

SUMMARY: In compliance with title 43 Code of Federal Regulations (CFR), subpart 8341.2(a), notice is hereby given that the Bureau of Land Management (BLM) prohibits persons from operating motor vehicles on public lands within the Windy Point areas, Riverside County. The public lands hereby closed to motorized vehicles include all such lands within ¼ E Section 14, Section 22, Section 23, and W ½ / NE ¼ Section 24, Township 3S, Range 3E. This closure shall be in effect year-round from January 31, 2001 until completion of the Coachella Valley Multiple Species Habitat and Natural Communities Conservation Management Plan, which addresses all aspects of the habitat use, including any restrictions to motorized vehicles.

SUPPLEMENTARY INFORMATION: On September 25, 1980, the U.S. Department of the Interior Fish and Wildlife Service (USFWS) listed the Coachella Valley Fringe-toed Lizard (CVFTL), as "threatened" under the authority of the Endangered Species Act (ESA) of 1973, as amended. The State of California Fish and Game Commission designated the CVFTL as "endangered". These listings were prompted by the USFWS, California Department of Fish and Game, and CVFTL biologists/researchers' concerns that the lizards' historical range was being rapidly reduced by agricultural and urban development, along with the presence of off-highway vehicles.

The CVFTL is specially adapted to live in an environment of wind blown (aeolian) sand. The lizard's body shape, such as wedge-shaped nose and fringed toes, allow it to run easily over the sand and into loose surface to evade predators or the heat of the desert surface. In addition, insects and some plant material in the blowsand
