

D. Weighting the Data

1. Does an equally-weighted average of the results of the CAE result in a reasonable ROE?
2. Does a market-weighted average of the results of the CAPM result in a reasonable ROE?
3. Does a market-weighted average of the results of the DCF result in a reasonable ROE?
4. Would weighting the BHCs by balances due to other banks provide a more reasonable PSAF ROE than the market capitalization method proposed?

E. Peer Group

1. Do the fifty largest (in asset size) bank holding companies provide a reasonable data peer group for Reserve Bank priced-services activities?
2. Are there ways to adjust BHC data to more closely resemble the Federal Reserve System's priced services activities?

By order of the Board of Governors of the Federal Reserve System.

**Granting of Request for Early Termination of the Waiting Period Under the Premerger Notification Rules**

Section 7A of the Clayton Act, 15 U.S.C. 18a, as added by Title II of the Hart-Scott-Rodino Antitrust Improvements Act of 1976, requires persons contemplating certain mergers or acquisitions to give the Federal Trade Commission and the Assistant Attorney General advance notice and to wait designated periods before consummation of such plans. Section 7A(b)(2) of the Act permits the agencies, in individual cases, to terminate this waiting period prior to its expiration and requires that notice of this action be published in the **Federal Register**.

The following transactions were granted early termination of the waiting period provided by law and the premerger notification rules. The grants were made by the Federal Trade Commission and the Assistant Attorney General for the Antitrust Division of the Department of Justice. Neither agency intends to take any action with respect to these proposed acquisitions during the applicable waiting period.
