

derived solely from experience with products sold in the United States. The Commission's interpretative rule enumerates, at 16 CFR 1115.12(f), examples of the different types of information that a firm should consider in determining whether to report. The regulation does not exclude information from evaluation because of its geographic source. The Commission interprets the statutory reporting requirements to mean that, if a firm obtains information that meets the criteria for reporting listed above and that is relevant to a product it sells or distributes in the U.S., it must report that information to the CPSC, no matter where the information came from. Such information could include incidents or experience with the same or a substantially similar product, or a component thereof, sold in a foreign country.

Over the past several years, the Commission has received reports under section 15(b) that have included information on experience with products abroad, and, when appropriate, has initiated recalls based in whole or in part on that experience. Thus, a number of companies already view the statutory language as the Commission does. However, with the expanding global market, more firms are obtaining this type of information, but many may be unfamiliar with this aspect of reporting. Therefore, the Commission proposes to issue this policy statement to assist those firms in complying with the requirements of section 15(b) of the Consumer Product Safety Act.

The Commission is not required to seek public comment on what is a straight-forward reading of the CPSA. Nevertheless, because this is the first public announcement of this interpretation, the Commission is providing the public with this opportunity to comment prior to issuance of this policy statement.

Dated: December 28, 2000.

Secretary, Consumer Product Safety Commission.

ACTION: Notice of proposed information collection requests.

SUMMARY: The Leader, Regulatory Information Management, Office of the Chief Information Officer, invites comments on the proposed information collection requests as required by the Paperwork Reduction Act of 1995.

DATES: An emergency review has been requested in accordance with the Act (44 U.S.C. Chapter 3507 (j)), since public harm is reasonably likely to result if normal clearance procedures are followed. Approval by the Office of Management and Budget (OMB) has been requested by January 5, 2001.

ADDRESSES: Written comments regarding the emergency review should be addressed to the Office of Information and Regulatory Affairs, Attention: Lauren Wittenberg, Acting Desk Officer: Department of Education, Office of Management and Budget; 725 17th Street, NW., Room 10235, New Executive Office Building, Washington, DC 20503.

SUPPLEMENTARY INFORMATION: Section 3506 of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35) requires that the Director of OMB provide interested Federal agencies and the

public an early opportunity to comment on information collection requests. The Office of Management and Budget (OMB) may amend or waive the requirement for public consultation to the extent that public participation in the approval process would defeat the purpose of the information collection, violate State or Federal law, or substantially interfere with any agency's ability to perform its statutory obligations. The Leader, Regulatory Information Management, Office of the Chief Information Officer, publishes this notice containing proposed information collection requests at the beginning of the Departmental review of the information collection. Each proposed information collection, grouped by office, contains the following: (1) Type of review requested, e.g., new, revision, extension, existing or reinstatement; (2) Title; (3) Summary of the collection; (4) Description of the need for, and proposed use of, the information; (5) Respondents and frequency of collection; and (6) Reporting and/or Recordkeeping burden. Type of Review: New.

Title: Early Childhood Educator Professional Development Program.

Abstract: The Professional Development for Early Childhood Educators and Caregivers Grants are designed for one or more local educational service agencies, State educational agencies, State agencies for higher education, institutions of higher education, and other public and private agencies, organizations, and institutions to fund projects that provide professional development opportunities to improve the knowledge and skills of early childhood educators and caregivers who work in urban and rural

communities with high concentrations of young children living in poverty.

Additional Information: Due to the unexpected delay in passage of an appropriations law, ED is requesting an emergency review of this information collection in order to make awards in sufficient time for applicants to provide high-quality professional development programs by early summer 2001 when many early childhood educators and caregivers will be available to participate. Based upon the occurrence of this unanticipated event, and the public harm that might otherwise occur with delaying grant awards so that the opportunity is missed to provide professional development during summer 2001. OMB approval is requested by January 5, 2000, so that the application notice can be published and the application be made available to eligible applicants. We anticipate that this time schedule will allow eligible applicants 60 days to prepare grant applications, and the Department to award grants by mid-May.

Frequency: Annually.

Affected Public: State, Local, or Tribal Gov't, SEAs or LEAs; Not-for-profit institutions.

Reporting and Recordkeeping Hour Burden:

Responses: 100.

Burden Hours: 1,300.

Priorities

The Absolute Priority, published in the notice of final priorities for this program in the **Federal Register** on December 2, 1997 (62 FR 63773) and repeated below, applies to this competition. In addition, we give preference to applications that meet the Competitive Priority (34 CFR 75.105(c)(2)(ii) and 34 CFR 299.3(a)).

Absolute Priority: Under 34 CFR 75.105(c)(3), we consider only applications that meet the absolute priority in the next paragraph.

Activities To Expand Learning Opportunities: We fund only those applications for 21st Century Community Learning Centers grants that include, among the array of services required and authorized by the statute, activities that offer significant expanded learning opportunities for children and youth in the community and that contribute to reduced drug use and violence.

Invitational Priority: Within the absolute priority, Activities to Expand Learning Opportunities, in accordance with the Department of Education Appropriations Act, 2001, the Secretary strongly encourages applications that are submitted jointly by a local educational agency (or a consortium of local educational agencies) and at least one community-based organization that has experience in providing before-and afterschool services. We are particularly interested in applications that meet this invitational priority.

Under 34 CFR 75.105(c)(1) we do not give to an application that meets the invitational priority a competitive or absolute preference over other applications.

Competitive Priority: Under 34 CFR 75.105(c)(2)(i), we give preference to applications that meet the competitive priority described below.
