[Docket No. PY-01-003]

Notice of Request for Extension and Revision of a Currently Approved Information Collection

AGENCY: Agricultural Marketing Service, USDA

ACTION: Notice and request for comments.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. 3501-20), this notice announces the intention of the Agricultural Marketing Service (AMS) to request an extension for and revision to a currently approved information collection in support of the Regulations for Voluntary Grading of Poultry Products and Rabbit Products.

DATES: Comments on this notice must be received by March 5, 2001.

ADDITIONAL INFORMATION: Contact Shields Jones, Standardization Branch, Poultry Programs, Agricultural Marketing Service, U.S. Department of Agriculture, 1400 Independence Avenue, SW., Stop 0259, Washington, DC 20050-0259, (202) 720-3506.

SUPPLEMENTARY INFORMATION:

Title: Regulations for Voluntary Grading of Poultry Products and Rabbit Products—7 CFR Part 70

OMB Number: 0581-0127

Expiration Date of Approval: July 31, 2001

Type of Request: Extension and revision of a currently approved information collection.

Abstract: The Agricultural Marketing Act of 1946 (60 Stat. 1087-1091, as amended; 7 U.S.C. 1621-1627) (AMA) directs and authorizes the Department to develop standards of quality, grades, grading programs, and services which facilitate trading of agricultural products and assure consumers of quality

products which are graded and identified under USDA programs.

To provide programs and services, section 203(h) of the AMA directs and authorizes the Secretary of Agriculture to inspect, certify, and identify the grade, class, quality, quantity, and condition of agricultural products under such rules and regulations as the Secretary may prescribe, including assessment and collection of fees for the cost of the service.

The regulations in 7 CFR part 70 provide a voluntary program for grading poultry and rabbit products on the basis of U.S. standards and grades. AMS also provides other types of voluntary services under the regulations, e.g., contract and specification acceptance services and certifications of quantity. All of their voluntary grading services are available on a resident basis or a lot-fee basis. Respondents may request resident service on a continuous basis or on an as-needed basis. The service is paid for by the user (user-fee).

Because this is a voluntary program, respondents need to request or apply for the specific service they wish, and in doing so, they provide information. Since the AMA requires that the cost of service be assessed and collected, information is collected to establish the Agency's cost.

The information collection requirements in this request are essential to carry out the intent of the AMA, to provide the respondents the type of service they request, and to administer the program.

The information collected is used only by authorized representatives of the USDA (AMS, Poultry Programs' national staff; regional directors and their staffs; Federal-State supervisors and their staffs; and resident Federal-State graders, which includes State agencies). The information is used to administer and to conduct and carry out the grading services requested by the respondents. The Agency is the primary user of the information. Information is also used by each authorized State agency which has a cooperative agreement with AMS.

Estimate of Burden: Public reporting burden for this collection of information is estimated to average 0.0775 hours per response.

Respondents: State or local governments, businesses or other for-profits, Federal agencies or employees, small businesses or organizations.

Estimated Number of Respondents: 374.

Estimated Number of Responses Per Respondent: 61.44.

Estimated Total Annual Burden on Respondents: 1,781 hours.

Copies of this information collection can be obtained from Shields Jones, Standardization Branch, at (202) 720-3506.

Send comments regarding, but not limited to, the following: (a) Whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate of burden including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; or (d) ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, to: David Bowden, Jr., Chief, Standardization Branch, Poultry Programs, Agricultural Marketing Service, U.S. Department of Agriculture, 1400 Independence Ave., SW., Stop 0259, Washington, DC 20250-0259.

All responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record.

Dated: December 27, 2000.

Howard M. Magwire,

Acting Deputy Administrator, Poultry Programs.

SUPPLEMENTARY INFORMATION: The Beef Promotion and Research Act of 1985 (Act) (7 U.S.C. 2901 *et seq.*), enacted December 23, 1985, authorizes the implementation of a Beef Promotion and Research Order (Order). The Order, as published in the July 18, 1986, **Federal Register** (51 FR 26132), provides for the establishment of a Board. The current Board consists of 103 cattle producers and 7 importers appointed by the Secretary. The duties and responsibilities of the Board are specified in the Order.

The Act and the Order provide that the Secretary shall either certify or otherwise determine the eligibility of State cattle producer organizations or associations and general farm organizations, as well as any importer organizations or associations to nominate members to the Board to ensure that nominees represent the interests of cattle producers and importers. Nominations for importer representatives may also be made by individuals who import cattle, beef, or beef products. Persons who are individual importers do not need to be certified as eligible to submit nominations. When individual importers submit nominations, they must establish to the satisfaction of the

Secretary that they are in fact importers of cattle, beef, or beef products, pursuant to § 1260.143(b)(2) of the Order [7 CFR 1260.143(b)(2)]. Individual importers are encouraged to contact AMS at the above address to obtain further information concerning the nomination process, including the beginning and ending dates of the established nomination period and required nomination forms and background information sheets. Organizations which have previously been certified to nominate members to the Board do not need to reapply for certification to nominate producers and importers for the upcoming vacancies.

The Act and the Order provide that the members of the Board shall serve for terms of 3 years. The Order also requires USDA to announce when a Board vacancy does or will exist. The following States have one or more members whose terms will expire in early 2002:

SUPPLEMENTARY INFORMATION: Section 203 (c) of the Agricultural Marketing Act of 1946, as amended, directs and authorizes the Secretary of Agriculture "to develop and improve standards of quality, condition, quantity, grade, and packaging and recommend and demonstrate such standards in order to encourage uniformity and consistency in commercial practices * * *." AMS is committed to carrying out this authority in a manner that facilitates the marketing of agricultural commodities and will make copies of official standards available upon request. The United States Standards for Grades of Nonfat Dry Milk (Spray Process), the United States Standards for Instant Nonfat Dry Milk, and the United States Standards for Grades of Dry Buttermilk and Dry Buttermilk Product no longer appear in the Code of Federal Regulations (CFR); however, they are maintained by USDA.

AMS is revising the United States Standards for Grades of Nonfat Dry Milk (Spray Process), the United States Standards for Instant Nonfat Dry Milk, and the United States Standards for Grades of Buttermilk and Buttermilk Product using the procedures it published in the August 13, 1997, **Federal Register** and that appear in Part 36 of Title 7 of the CFR.

The notice which included a request for comments on the proposed changes was published in the **Federal Register** on September 8, 2000 (65 FR 54477-54478).

The current United States Standards for Grades of Nonfat Dry Milk (Spray Process) have been in effect since May 22, 1996, the United States Standards for Instant Nonfat Dry Milk have been in effect since August 7, 1996, and the United States Standards for Grades of Buttermilk and Buttermilk Product have been in effect since August 23, 1991. AMS proposed changes to these standards in response to a request by the American Dairy Products Institute (ADPI), a trade association representing

the dry milk industry. ADPI requested that the maximum number of bacteria allowed in nonfat dry milk, instant nonfat dry milk, dry buttermilk and dry buttermilk product be reduced.

AMS published a notice in the **Federal Register** detailing the proposed changes and providing a comment period of 60 days, which ended on November 7, 2000.

The American Dairy Products Institute filed a comment supporting the proposed changes. No other comments were received.

Accordingly, the changes proposed in the United States Standards for Grades of Nonfat Dry Milk (Spray Process), the United States Standards for Instant Nonfat Dry Milk, and the United States Standards for Grades of Buttermilk and Buttermilk Product are incorporated in the revised standards.

The revised United States Standards for Grades of Nonfat Dry Milk (Spray Process), the revised United States Standards for Instant Nonfat Dry Milk and the revised United States Standards for Grades of Dry Buttermilk and Dry Buttermilk Product are available either through the above address or accessing AMS Home Page on the Internet at www.ams.usda.gov/dairy/stand.htm.
