**DEPARTMENT OF EDUCATION****34 CFR Part 606****Developing Hispanic-Serving Institutions Program**

**AGENCY:** Office of Postsecondary Education, Department of Education.

**ACTION:** Final regulations.

**SUMMARY:** When we published final regulations for the Developing Hispanic-Serving Institutions (HSI) Program in the **Federal Register** of December 15, 1999, it appears that one of the regulatory provisions, dealing with the eligibility of branch campuses to receive grants, could be viewed in a manner that would result in an unintended change of policy. To rectify this problem, we are revising that regulation to more clearly reflect our long standing policy that a branch campus is eligible to apply for an HSI grant if the branch campus serves the appropriate number of Hispanic students even if the main campus does not.

**DATES:** These regulations are effective February 7, 2001.

**SUPPLEMENTARY INFORMATION:****Background**

The Higher Education Amendments of 1992, Pub. Law 102-325, amended the Higher Education Act of 1965, as amended (HEA), by adding the Developing Hispanic-Serving-Institutions (HSI) Program as an authorized program under Title III, Part A of the HEA. The HSI Program was

authorized in section 316 of Title III of the HEA.

Under section 316, in general, an HSI institution was an institution that satisfied the statutory definition of an "eligible institution" contained in section 312 of the HEA, and had at least 25 percent of its enrollment consist of Hispanic students. An eligible institution under section 312 of the HEA basically satisfied four conditions. Two of the conditions related to accreditation and licensure. The other two required the institution to have a high percentage of low income students and low education and general (E&G) expenditures.

Under section 312, a branch campus of an eligible institution also qualified as an eligible institution if its main campus satisfied all four conditions and it, on its own, satisfied the last two.

Regulations that we promulgated to implement these institutional eligibility requirements were codified in 34 CFR 607.2(b) and (d). The regulations did not specifically address whether the main campus of a branch campus that applied for an HSI Program grant had to satisfy the Hispanic student enrollment requirement. However, it was the Department's policy that a main campus did not have to qualify as an eligible HSI institution in terms of student enrollment if the branch campus is qualified.

In the Higher Education Amendments of 1998, Public Law 105-244, the Congress moved the HSI Program into Title V of the HEA and reenacted, in that title, all the relevant provisions that governed that program while it was part of Title III of the HEA. To accommodate that statutory change, we codified all the HSI Program requirements in a new part, 34 CFR Part 606. The recodification was technical in nature and did not involve any change in policy. Therefore, when we published Part 606 in the **Federal Register** on December 15, 1999, we waived rulemaking. However, it has recently come to our attention that one of the recodified regulatory provisions has been read by some as though it, in fact, made a change in policy. That provision was § 606.2(b), relating to the eligibility of a branch campus to qualify as an eligible HSI institution.

As presently written, it could be viewed that in order for a branch campus to qualify as an eligible HSI institution, it and its main campus must have an enrollment of at least 25 percent Hispanic students. As described above, however, such a reading would be inconsistent with the Department's policy that the main campus does not have to satisfy that requirement along
